Imagine you spent your whole life on this Earth just to reach your deathbed never to have lived We live in a world where most people don't have a concrete conviction of who they are and why they exist Many of us see what's in the world and automatically align our identity with the trends The more we discover about the world the greater distance it seems to create between us and our true identity If someone asks you Who are you would you be able to tell him or her without any doubt who you are without having to reference your career the company you work for your skills circumstance and experiences etc All of those can change your status but they can't change who you truly are This book should encourage you to pursue yourself the crown that is hidden within you rather than be enslaved by the uncertainty of the world it will help you transform your mind to your true worth and value You will discover that you are more than what you can ever imagine You will inspire to affirm yourself with what is promised to you instead of what others think of you Education And Awareness Of Sustainability - Proceedings Of The 3rd Eurasian Conference On Educational Innovation 2020 (Ecei 2020) Charles Tijus, Teen-hang Meen, Chun-yen Chang, 2020-11-17 This volume represents the proceedings of the 3rd Eurasian Conference on Educational Innovation 2020 ECEI 2020 This conference is organized by the International Institute of Knowledge Innovation and Invention IIKII and was held on February 5-7 2020 in Hanoi Vietnam ECEI 2020 provides a unified communication platform for researchers in a range of topics in education innovation and other related fields This proceedings volume enables interdisciplinary collaboration of science and engineering technologists It is a fine starting point for establishing an international network in the academic and industrial fields Semitic Identity Julien Coallier, 2012-09-10
