## **Generational Legacy:**

**Generational Legacy** Archbishop John C White, Dr Apostle Vonie Austin-James, Dr Apostle Yvette Hawkins, 2021-02-17  
The wise spend a lifetime building a legacy to pass on to the next generation. The concept of legacy has much to do with the transfer of wealth between two or more generations. It is a concept that can be observed from biblical times and continues through today. Wealth is more than monetary gain. There is great, if not limitless value gained from intangible, intrinsic profit acquired from uncharted experiences. This anthology, *Generational Legacy*, canonizes the life-changing wisdom held in the bosom of our present-day matriarchs and patriarchs. Job 12:12 shares wisdom is with the aged and understanding is gained with long life. The advantages are endless when we receive the baton and run the race with patience that is set before us. The wisdom and understanding of the gracefully seasoned men and women of God have the propensity to change the trajectory of our lives and help us maneuver through challenges. It is our responsibility to listen to advice and accept instruction that we may gain wisdom in the future. Proverbs 19:20: There is power in Generational Legacy.

**Understanding the Transgenerational Legacy of Totalitarian Regimes** Elena Cherepanov, 2020-11-23  
*Understanding the Transgenerational Legacy of Totalitarian Regimes* examines the ways in which the cultural memory of surviving totalitarianism can continue to shape individual and collective vulnerabilities as well as build strength and resilience in subsequent generations. The author uses her personal experience of growing up in the former Soviet Union and professional expertise in global trauma to explore how the psychological legacy of totalitarian regimes influences later generations' beliefs, behaviors, and social and political choices. The book offers interdisciplinary perspectives on the complex aftermath of societal victimization in different cultures and discusses survivors' experiences. Readers will find practical tools that can be used in family therapy, cognitive behavioral therapy, and peace building to recognize and challenge preconceived assumptions stemming from cultural trauma. This book equips trauma-minded mental health professionals with an understanding of the transgenerational toxicity of totalitarianism and with strategies for becoming educated consumers of cultural legacy.
