Generations of Americans Keith Ian Polakoff, 1976 *Generations* Neil Howe, William Strauss, 1992-09-30 Hailed by national leaders as politically diverse as former Vice President Al Gore and former House Speaker Newt Gingrich *Generations* has been heralded by reviewers as a brilliant if somewhat unsettling reassessment of where America is heading William Strauss and Neil Howe posit the history of America as a succession of generational biographies beginning in 1584 and encompassing every one through the children of today Their bold theory is that each generation belongs to one of four types and that these types repeat sequentially in a fixed pattern The vision of *Generations* allows us to plot a recurring cycle in American history a cycle of spiritual awakenings and secular crises from the founding colonists through the present day and well into this millenium *Generations* is at once a refreshing historical narrative and a thrilling intuitive leap that reorders not only our history books but also our expectations for the twenty first century *Generations of Americans* Keith Ian Polakoff, 1976-01-01 *History of the United States of America, Under the Constitution: 1783-1801.
