Generous Lives American Catholic Women Today:

Generous Lives Jane Redmont, 1992 Interviews with American Catholic women share their reasons for staying in the church their views on the practices of the church as an institution and the role of the church in their lives Catholic Women's Colleges in America Tracy Schier, Cynthia Russett, 2003-05-22 More than 150 colleges in the United States were founded by nuns and over time they have served many constituencies setting some educational trends while reflecting others In Catholic Women's Colleges in America Tracy Schier Cynthia Russett and their coauthors provide a comprehensive history of these institutions and how they met the challenges of broader educational change The authors explore how and for whom the colleges were founded and the role of Catholic nuns in their founding and development They examine the roots of the founders spirituality and education they discuss curricula administration and student life And they describe the changes prompted by both the church and society beginning in the 1960s when decreasing enrollments led some colleges to opt for coeducation while others restructured their curricula partnered with other Catholic colleges developed specialized programs or sought to broaden their base of funding Contributors Dorothy M Brown Georgetown University David R Contosta Chestnut Hill College Jill Ker Conway Massachusetts Institute of Technology Carol Hurd Green Boston College Monika K Hellwig Association of Catholic Colleges and Universities Karen Kennelly president emerita of Mount Saint Mary's College Los Angeles Jeanne Knoerle president emerita of Saint Mary of the Woods College Thomas M Landy College of the Holy Cross Kathleen A Mahoney Humanitas Foundation Melanie M Morey Leadership and Legacy Associates Boston Mary J Oates Regis College Jane C Redmont Graduate Theological Union in Berkeley Cynthia Russett Yale University Tracy Schier Boston College Catholic and Feminist: The Surprising History of the American Catholic Feminist Movement Mary J. Henold, 2020-01-30 In the first history of American Catholic feminism Henold explores the movement from the 1960s through the early 1980s showing that although Catholic feminists had much in common with their sisters in the larger American feminist movement Catholic feminism was distinct and had not been simply imported from outside Henold demonstrates that efforts to reconcile faith and feminism reveal both the complex nature of feminist consciousness and the creative potential of religious feminism **Generous Lives** Jane Redmont, 1992 Now in paperback this deep look into the hearts and souls of a fascinating group of American women Dan Wakefield author of *A Spiritual Journey* goes beyond theories to create a realistic and compelling portrait of the female soul of a living religion the story of women who represent a changing Church one that reflects a diversity of American cultures *Hidden Women of the Gospels* Kathy Coffey, 2003-01-01 A shepherdess who raced to the manger a bride who saw Jesus turn water into wine these are among the more than twenty rich imaginings of women hinted at in the Gospels whose stories will enthrall and inspire **Catholic and Feminist** Mary J. Henold, 2012-06-01 In 1963 as Betty Friedan's *Feminine Mystique* appeared and civil rights activists marched on Washington a separate but related social movement emerged among American Catholics says Mary Henold Thousands of Catholic

feminists both lay women and women religious marched strategized theologized and prayed together building sisterhood and confronting sexism in the Roman Catholic Church In the first history of American Catholic feminism Henold explores the movement from the 1960s through the early 1980s showing that although Catholic feminists had much in common with their sisters in the larger American feminist movement Catholic feminism was distinct and had not been simply imported from outside Catholic feminism grew from within the church rooted in women s own experiences of Catholicism and religious practice Henold argues She identifies the Second Vatican Council 1962 65 an inspiring but overtly sexist event that enraged and exhilarated Catholic women in equal measure as a catalyst of the movement within the church Catholic feminists regularly explained their feminism in terms of their commitment to a gospel mandate for social justice liberation and radical equality They considered feminism to be a Christian principle Yet as Catholic feminists confronted sexism in the church and the world Henold explains they struggled to integrate the two parts of their self definition Both Catholic culture and feminist culture indicated that such a conjunction was unlikely if not impossible Henold demonstrates that efforts to reconcile faith and feminism reveal both the complex nature of feminist consciousness and the creative potential of religious feminism

In Search of Mary Sally Cunneen,2010-12-15 Mary relic of the religious past or beacon of the future Mary is more alive today than she was in the early Christian church surfacing in art and worship in almost every culture on earth Her appeal bridges the gap between the devotional and the secular the uneducated and the sophisticated But who is Mary and what exactly does she symbolize How did a humble Jewish girl become the most honored woman in human history Why is there so little about Mary in the Bible and so much about her in the art and history of Christianity East and West And why in an age dominated by science and technology does devotion to Mary persist In Search of Mary is Sally Cunneen s provocative response to these questions As Cunneen eloquently points out in order to see Mary whole it is important to look at all the different visions and versions of her revisiting history through the eyes of a present day searcher Including the latest findings by historians anthropologists and psychologists as well as art historians and religious scholars In Search of Mary reveals what we know about the life of Mary follows the history and development of her image over the last two thousand years and explores the different ways that Mary has transformed the lives of people today As we struggle for greater unity in a divided world In Search of Mary shows us a woman who can touch all people regardless of their backgrounds She is a profound reminder of the presence of the holy in ordinary life

Abuses of the Erotic Josh Cerretti,2019-07-01 Events ranging from sexual abuse at Abu Ghraib to the end of Don t Ask Don t Tell hint that important issues surrounding gender and sexuality remain at the core of political and cultural problems Nonetheless intersectional analyses of militarism that account for questions of race class and gender remain exceedingly rare Abuses of the Erotic fills this gap by offering a comprehensive picture of how military values have permeated the civilian cultural sphere and by investigating connections between sexuality and militarism in the United States since the late 1980s Josh Cerretti takes up the urgent task of applying an interdisciplinary transnational framework to the role of sexuality in promoting expanding and sustaining the war on terror

to understand the links between what Cerretti calls domestic militarism and later projects of state backed violence and intervention This work brings together scholarship on domestic and international militarization in relation to both homosexuality and heterosexuality to demonstrate how sexual and gender politics have been deployed to bolster U S military policies and by tracking over a decade of militarized sexuality how these instances have foundationally changed how we think of sexual and gender politics today
