## **Genesis 1 11 Continental Commentary:**

**Genesis 1-11** Claus Westermann, 1994 As a work of scholarship it is difficult to greet this commentary with anything but enthusiasm It is certainly the most exhaustive and the very best treatment of these chapters available to us today One can have little but praise for the breadth of Westermann s scholarship and for the thoroughness the clarity and the fairness with which his discussion is presented This is a commentary of outstanding usefulness which may be commended without reservation to all serious students of the Old Testament It will stand as the definitive commentary on Genesis for years to come John Bright in Interpretation Westermann s commentary has the merit of taking a definite stand in the hermeneutical debate In the tradition of Gunkel it takes full advantage of the methods of form criticism and of the phenomenological study of religion Again and again Westermann opens up dimensions of meaning which are not only relevant for theology but for human existence in the modern world Bernhard W Anderson Journal of Biblical Literature

**Edenic Eve Versus Clonaid Eve** Lepheng Thank Kumar, 2015-11-25 Human Cloning by virtue of its achievement in the field of medico science has sparked a big controversy across the globe In the contemporary world being a global village no one can claim to be untouched by it It wont take much time to succeed in its attempt to creep into human society as the other discoveries and inventions have done in the past Nevertheless religion has never left science all alone to move on as it wished to make its way into the human society Religion being the core of human society has always checked such developments some time due to her vital role in the society and sometimes due to her legal doctrines that never allow her to think otherwise The objective of this book is to scrutinize the development in the field of Human Cloning in the light of its intentions and implication in marriage family and the larger society In order to fulfill the objective of this book the author has attempted to compare the first mother called Edenic Eve from Christian literature with first claimed human clone from the field of science The primary role of Christian Ethics has been to scrutinize all controversial issues in the society for its good Scrutinizing human cloning is one such attempt

[In Quest of the Historical Adam](#) William Lane Craig, 2021-09-28 Was Adam a real historical person If so who was he and when did he live William Lane Craig sets out to answer these questions through a biblical and scientific investigation He begins with an inquiry into the genre of Genesis 1 11 determining that it can most plausibly be classified as mytho history a narrative with both literary and historical value He then moves into the New Testament where he examines references to Adam in the words of Jesus and the writings of Paul ultimately concluding that the entire Bible considers Adam the historical progenitor of the human race a position that must therefore be accepted as a premise for Christians who take seriously the inspired truth of Scripture Working from that foundation of biblical truth Craig embarks upon an interdisciplinary survey of

scientific evidence to determine where Adam could be most plausibly located in the evolutionary history of humankind ultimately determining that Adam lived between 750 000 and 1 000 000 years ago as a member of the archaic human species *Homo heidelbergensis*. He concludes by reflecting theologically on his findings and asking what all this might mean for us as human beings created in the image of God literally descended from a common ancestor albeit one who lived in the remote past.

Dust of the Ground and Breath of Life (Gen 2:7) - The Problem of a Dualistic Anthropology in Early Judaism and Christianity J.T.A.G.M. van Ruiten, George van Kooten, 2016-09-27 Issues such as the immortality of the soul the debate about matter versus life and whether one was capable of knowing the outside world were all being extensively discussed in many religions and cultures in both East and West. The present volume addresses the concept of an immortal soul in a mortal body and focuses on early Judaism and Christianity where this issue is often related to the initial chapters of the book of Genesis. The papers are devoted to the interpretation of Gen 2:7 in relation to the broader issue of dualistic anthropology. They show that the dualism was questioned in different ways within the context of early Judaism and Christianity.

Baker,2017-04-04 David L Baker gives us a rare and valuable study of the Decalogue or Ten Commandments within its biblical and ancient Near Eastern setting In addition to an informative discussion of introductory and background issues he gives each commandment focused attention offering expert commentary as well as considering its meaning for today *Creation in Paul and Philo* Jonathan D. Worthington,2011 God s creative activity in the beginning is important to many aspects of Paul s theology Jonathan Worthington explores Paul s protology by analyzing his interpretation of scripture concerning creation mainly the beginning of Genesis By examining Paul s exegetical manoeuvres within 1 2 Corinthians and Romans and by comparing these with the contemporary but more detailed treatments of the same texts by Philo of Alexandria in his formal commentary on Genesis 1 2 De Opificio Mundi the

author uncovers an approach to creation that is fundamental to both ancient interpreters Paul's interpretation of creation like Philo's in his commentary contains three interwoven aspects the beginning of the world the beginning of humanity and God's intentions before the beginning Recognizing this basic hermeneutical interplay between the Beginning and the Before facilitates a more appropriate comparison between Paul and Philo as well as a more adequate treatment of difficult and debated passages in both interpreters regarding creation The "Other" in Second Temple Judaism Daniel C. Cho, 2019-02-07 Explores the influence of the sea myth at the structural and conceptual foundations of the Hebrew Bible *Living On The Edge* Jonathan Burke, 2014-01-26 This book addresses common doubts and concerns Christians have concerning God and the Bible including claims from the New Atheism disputes over Bible archaeology questions about the historical accuracy of the Bible questions about the original texts of the Old and New Testament questions about what the Bible really teaches concerning topics such as baptism heaven and hell satan and demons questions about the value and relevance of the Bible's moral and ethical teachings *Imagining God* Humberto Casanova, 2020-02-05 An ever growing number of Christians are becoming more and more uncomfortable with the tenets of the church the stories of the Bible and the church's worldview Statistics show that these feelings easily escalate into a crisis of faith and for now their predicament is being resolved by leaving the church This book will certainly help dealing with the crisis by showing that the language of faith is built by a web of metaphors taken from the Ancient Near East We do not need to take biblical language literally but as parables for human values in need to be assessed critically **Divine Violence and the Character of God** Claude F. Mariottini, 2022-02-01 There is much violence in the Old Testament both human and divine Christians and non Christians react differently to what they read about the God of the Old Testament Some people are so affected by the violence found in the Old Testament that they give up on God stop going to church and reading the Bible and eventually lose their faith Others are offended by divine violence and seek to find an alternative explanation for the violent acts of God in the Old Testament A popular alternative in the twenty first century is to return to the second century and adopt some form of Marcionism and make the God of the Old Testament to be a different God from the God revealed by Christ in the New Testament The purpose of this book is not a defense of God and his use of violence The author seeks to understand why God acted the way he did and to understand the reason for divine violence in the Old Testament Yahweh did use violence in his work of reconciliation However the use of violence was necessary when everything else failed Israel provoked God to anger When God brought judgment upon his people he did so with tears in his eyes Beyond Male and Female? Sam Ashton, 2023-09-21 In this incisive work Sam Ashton provides a compelling consistent and erudite argument for a foundational approach to the matter of sexual difference drawing on biblical and doctrinal material and using resources in their original languages He tracks and traces the sexed body as it moves from creation through the fall to redemption now

and final consummation not yet In doing so Ashton presents what is perhaps the strongest case that can be made for male and female He created them Each chapter privileges biblical exegesis drawing upon figures in church history notably Augustine and Aquinas as and when they illumine Scripture By doing so the book considers the difficulty presented to sexual dimorphism by the phenomenon of intersex Ashton seeks to develop an understanding that is generous inclusive and affirming so he works carefully through the writings of Thatcher Song and Cornwall in a way that invites engagement and dialogue With the complete divine drama in view the book offers synthetic judgments about what remains essential for the structure of the sexed body as it travels through history and what may be accidental to the sexed body s direction within a particular theo dramatic act Ashton concludes by considering ways to transition from dogmatic judgments about intersexuality to the moral pastoral care of concrete intersex individuals briefly thinking about the complex matter of marriage

**Looking Shame in the Eye** Simon Cozens,2019-10-17 What is shame and where does it come from How can we break free and help others held in its vice like grip And what is the gospel when shame is the problem Shame humiliation and stigma are all around us Online shaming reminds us of the power of shame the crisis of self worth the weight of judgement and the need for freedom At the same time people are becoming less responsive to gospel messages about guilt morality and sin If we want to reach those around us and bring healing to their hurts we need to speak their language the language of shame This book helps Christians to introduce shame thinking into their own lives and the lives of those they disciple and evangelize Above all it shows how God s freedom can release anyone suffering from the debilitating grip of shame Introduction Reputation ruined what shame looks like 1 Identity perception judgement and the horizontal nature of shame case study from Genesis 2 Shame examined what exactly is shame and how does it relate to guilt Helpful emotion but also profoundly destructive 3 Who do you think you are Shame in relation to identity fig leaves and Instagram 4 Shame and the cross flipping the script putting shame to shame How Jesus dealt with shame 5 Disposing of the shameful body hiding distancing laughter etc Cultural perceptions 6 A new life The role of the church a brand new social community for the shamed 7 Putting our house in order before we help others practical application 8 Reaching out to the shamed practical application

**From Noah to Israel** Carol M. Kaminski,2005-01-01 The primaeval blessing Be fruitful and multiply and fill the earth first announced to humankind in Genesis 1 28 is renewed to Noah and his sons after the flood in Genesis 9 1 There is widespread scholarly consensus that the ensuing dispersion in Genesis 10 1 32 and 11 1 9 is the means by which the creation blessing is fulfilled Kaminski argues that the primeval blessing is not fulfilled in the Table of Nations and that Yahweh s scattering Noah s descendants in the Babel story does not contribute positively to the creation theme Rather the creation blessing is being taken up in the primary line of Shem Genesis 11 10 26 which leads directly to Abraham She further suggests that divine grace is not absent after the Babel judgment as is commonly assumed but is at work in the Shemite genealogy She argues that the primeval blessing which is unfulfilled in the primaeval history is taken up by Abraham and his

descendants by means of a divine promise While the blessing is in the process of being realised in the patriarchal narratives it is not fulfilled The multiplication theme is resumed however in Exodus 17 which describes Israel's proliferation in Egypt This is the first indication that the creation blessing is fulfilled Realisation of the primeval blessing progresses after the flood therefore from Noah to Israel Yet God's blessing on Israel is not for their sake alone it is the means through which the divine intention for creation will be restored to the world JSOTS413
