Fine, Paul Skenazy, 1995 In the beginning there was the bay the land the forty three hills the coastline down to Monterey the strip of mountains the quiet valley behind the vast ocean the hidden faults And with the landscape came the stories as Paul Skenazy and David Fine note in their introduction to this new anthology of essays San Francisco is as much a place in the mind as on the map if the terrain set the stage for the stories the stories have helped remake our perceptions of the space These twelve essays explore the relationship between place and prose between San Francisco the city and San Francisco the territory of fiction From the Gold Rush times of Mark Twain and Bret Harte through the Prohibition Era of Dashiell Hammett to the Beat days of Jack Kerouac and the present works of writers like Maxine Hong Kingston Amy Tan and Arturo Islas San Francisco has been blessed with great writers who have given life to the land in their fiction These essays engage the history and geography ethnic gender and class conflicts and stylistic range of the fiction They demonstrate how authors as various as Jack London Gertrude Atherton Frank Norris William Saroyan James D Houston Joan Didion and Wallace Stegner have re created and revised our understanding of this region The Letters of Robert Duncan and Denise Levertov Robert Edward Duncan, Robert J. Bertholf, Albert Gelpi, 2004 This volume presents the complete correspondence between two of the most important and influential American poets of the postwar period The almost 500 letters range widely over the poetry scene and the issues that made the period so lively and productive But what gives the exchange its special personal and literary resonance is the sense of spiritual affinity and shared conviction about the power of the visionary imagination Duncan and Levertov explore these matters in rich detail until under the stress of dealing with the Vietnam War in poetry they discover

deep seated differences in the religious and ethical convictions underlying their politics and poetic stance The issues that drew them together and those that drove them apart create a powerful personal drama with far reaching historical and cultural significance The editors have provided a critical Introduction full notes a chronology and a glossary of names
