Sedgwick,1999-10-07 Peter Sedgwick explores the relation of a theology of justice to that of human identity in the context of the market economy and engages with critics of capitalism and the market He examines three aspects of the market economy first how does it shape personal identity through consumption and the experience of paid employment in relation to the work ethic Second what impact does the global economy have on local cultures Finally as manufacturing changes out of all recognition through the impact of technology and global competition what is the effect in terms of poverty Drawing on the response of the Catholic Church both in the United States and in papal encyclicals to the market economy from 1985 1991 Sedgwick argues that its involvement deserves to be better known Moreover he recommends that the Churches remain part of the debate in reforming and humanizing the market economy

The value-free and relativistic human and scientific discourses have led to an era of ideology. From fascism at the dawn of the century through liberalism and the associated phenomenon of unfettered statism to the current disillusionment of postmodernism and relativism with endeavours towards new mercantilism. All have maintained poverty, inequality, and created scepticism amongst both lay persons and academics. Above all else, a renewed yearning for moral and ethical direction in political and economic conduct has been created. This book provides a Christian ethical reflection on political economic conduct in South Africa as an alternative to current modernistic ideas. This book aims to produce new Christian ethical insight into the value of new liberal perspectives on the enhancement of the South African political economy. New Christian ethical insight will be gained through new perspectives on the South African political economy. *Spirituality beyond Borders* Kathleen McCallie, 2024-06-18. How do international encounters in Nicaragua connect spiritual formation and liberation theology to transform communities? Seekers of justice from around the world found inspiration in the Nicaraguan revolution and struggle for freedom. After recognizing the patronizing neocolonial structure of missionary models of aid, pastor Leslie Penrose founded a nonprofit organization, JustHope, with core values of solidarity, mutuality, collaboration, and sustainability in partnership. Hundreds of participants have joined this quest to enact the compassionate and just ethics of the Hebrew prophets and the liberating power of Jesus. Inspiring stories of Nicaraguan-led creativity exploring a new future with volunteers from the U.S. are told by pastoral theologian and ethicist Kathleen McCallie. Framed as an interdisciplinary case study of seminary students traveling for solidarity to explore social justice with JustHope, the book offers glimpses of one group's journey. Readers explore possibilities for an international partnership between U.S. volunteers and Nicaraguan community organizers. The Nicaraguan base community model offers critiques of and alternatives to the church in the U.S. and neoliberal development. McCallie contributes to academic and activist discourses about dismantling abusive theology, racism, sexism, and U.S. hegemony.

**Your Body Is Holy** Paul Tyson, 2025-09-22. The Christian understanding of sex is defined by categories of right worship, the iconic and sacred meaning of the sexed human body, and the marriage of Christ to the church. Centrally, the love of God as the first reality of our lives; right worship defines the love of one's neighbor as oneself; sexual ethics. This Christian understanding has unique signatures that many young people today, even in our churches, have no inkling of. This book unpacks and explains the distinctive ways in which sex is understood by Jesus and the apostles and how this distinctive understanding shapes Christian sexual commitments and behaviors. For real human flourishing in sexual relationships comes only through the blessing of God. Once the core spiritual truths of a biblical outlook on human sexuality are clear, the book

then seeks to understand pornography feminism queer gender identity trans sexualism and homosexuality in a Christian light In a time of great confusion about sex great damage from sexual relationships and a culture that habituates us in self focused individualism there is great need for the liberating gospel way in this domain If you are a Christian and confused about the meaning of sex then this book is for you      **Ex Auditu - Volume 27** Klyne Snodgrass,2012-06-01 Introduction Klyne Snodgrass A Christian View of Wealth and Possessions An Old Testament Perspective Hugh G M Williamson Response to Williamson James K Bruckner Poverty and Paul s Gospel Bruce W Longenecker Response to Longenecker Aaron Kuecker A Patristic View of Wealth and Possessions Helen Rhee Response to Rhee Bradley Nassif Blessings Curses and the Cross Kelly Johnson Money and Possessions A Biblical Perspective Jonathan J Bonk Response to Bonk Liz Mosbo VerHage Decorum and Deeds in 1 Timothy 2 9 10 in Light of Ephesiaca by Xenophon of Ephesus Gary G Hoag Response to Hoag Lyn Nixon Wealth Lordless Powers and the Rule of Christ Mark Husbands Response to Husbands William Myatt Money and Possessions Will Willimon      **International Mission Bibliography** Norman E. **The Protestant Ethic or the Spirit of Capitalism** Kathryn D. Blanchard, 2010-07-06 Since the publication of Max Weber's classic *The Protestant Ethic and the Spirit of Capitalism* it has long been assumed that a distinctly Protestant ethos has shaped the current global economic order Against this common consensus Kathryn D. Blanchard argues that the theological thought of John Calvin and the Protestant movement as a whole has much to say that challenges the current incarnation of the capitalist order This book develops an approach to Christian economic ethics that celebrates God's gift of human freedom while at the same time acknowledging necessary and indeed vital limitations in the context of material and social life Through sustained interaction with such unlikely dialogue partners as Adam Smith Milton Friedman Deirdre McCloskey and Muhammad Yunus this book shows that the virtues of self denial neighbor love and sympathy have been quite at home in the capitalism of the past and can be again Though self interest has enjoyed several decades as the unquestioned ruling principle of American economics other interest is steadily coming back into view not only among Christian ethicists but among economists as well This book explores the important implications of this shift in economic thinking from a theological perspective

*Justice in a Global Economy* Pamela Brubaker, Rebecca Todd Peters, Laura A. Stivers, 2006-01-01 Today's complex social and economic problems leave many people in the affluent world feeling either overwhelmed or ambivalent Even the small percentage of us who have examined the ethics behind our financial

decisions and overcome the often deterring factors of self interest rarely know what to do to make any difference By providing tools for examination and concrete actions for individuals communities and society at large Justice in a Global Economy guides its readers through many of today s complex societal issues including land use immigration corporate accountability and environmental and economic justice Beginning with a basic introduction to the impact of economic globalization the book provides both critical assessments of the current political economic structures and examples of people and communities who are actively working to transform society Each chapter concludes with questions for discussion and reflection

*Tensions in Christian Ethics* Malcolm Brown, 2011-01-01 The book draws on the author s teaching of ethics at undergraduate and postgraduate level for the Cambridge Theological Federation since 2000 Its purpose is to introduce the reader to questions in Christian ethics through a careful examination of the fundamental meta ethical questions posed by the state we re in whether understood as a new phase of modernity or as postmodernity Brown draws on sources and authors from a variety of Christian traditions and from Britain the U S A and Europe The book will be of use not only to university departments and denominational and ecumenical teaching institutions but also as a more general exposition of the current state of ethical thinking in the Christian churches
