**Jean-Christophe Merle**

## **Global Japan The Experience Of Japans New Immigrants And Overseas Communities:**

*Global Japan* Roger Goodman,Ceri Peach,Ayumi Takenaka,Paul White,2003 This book examines the context of immigration to and emigration from Japan and assesses the consequences of all this for Japanese people s view of themselves as a nation

*Global Japan* Roger Goodman,Ceri Peach,Ayumi Takenaka,Paul White,2005-06-27 The Japanese have long regarded themselves as a homogenous nation clearly separate from other nations However this long standing view is being undermined by the present international reality of increased global population movement This has resulted in the establishment both of significant Japanese communities outside Japan and of large non Japanese minorities within Japan and has forced the Japanese to re conceptualise their nationality in new and more flexible ways This work provides a comprehensive overview of these issues and examines the context of immigration to and emigration from Japan It considers the development of important Japanese overseas communities in six major cities worldwide the experiences of immigrant communities in Japan as well as assessing the consequences for the Japanese people s view of themselves as a nation

Intercultural Families and Schooling in Japan: Experiences, Issues, and Challenges ,2020-09-01 The purpose of this book is to show how research on families can be used to offer inspiration suggestions and guidance to intercultural families choosing to school their children in the regular Japanese school system Each chapter is written by a parent or parents who are themselves researchers and thus bring their skills to the task of writing about issues which have affected their families and are likely to affect other families in similar ways There are also suggestions for other non Japanese parents coping with similar issues The book is divided into three sections The first Finding our own way deals with children s and parents struggles with identity and inclusion in Japanese schools and society The second Dealing with the Japanese school system offers narratives and advice on such topics as coping with homework and dealing with more than one school system as well as what government accredited Japanese overseas schools have to offer The third section Coping with challenges examines the experiences of families where children are different because they have physical or intellectual challenges or live with foster or adoptive families The book concludes with a narrative about a family who made the decision to remove their children from the Japanese system entirely and send them abroad for schooling The authors of the chapters in this book are all current or former university faculty living in different areas of Japan Some who live in highly populated urban areas have had ample opportunities to locate educational options for their children while others living in rural communities have had to struggle to advocate for their children s inclusion in mainstream classes Their stories are all compelling and their advice is certain to be helpful to those planning to or already raising children in Japan This book will also be of value to researchers and educators particularly those with an interest in bilingualism intercultural families and cross cultural issues along with anyone wishing to learn more about contemporary Japanese society

*Searching for Home Abroad* Jeff Lesser,2003-09-15 A multidisciplinary study of the transnational cultural identity of Brazilian nationals of Japanese descent and their more recent

attempts to re settle in Japan      **Transcultural Japan** David Blake Willis, Stephen Murphy-Shigematsu, 2007-11-27  
 Transcultural Japan provides a critical examination of being Other in Japan Portraying the multiple intersections of race ethnicity class and gender the book suggests ways in which the transcultural borderlands of Japan reflect globalization in this island nation The authors show the diversity of Japan from the inside revealing an extraordinarily complex new society in sharp contrast to the persistent stereotypical images held of a regimented homogeneous Japan Unsettling as it may be there are powerful arguments here for looking at the meanings of globalization in Japan through these diverse communities and individuals These are not harmonious utopian communities by any means as they are formed in contexts both global and local of unequal power relations Yet it is also clear that the multiple processes associated with globalization lead to larger hybridizations a global m lange of socio cultural political and economic forces and the emergence of what could be called trans local Creolized cultures Transcultural Japan reports regional national and cosmopolitan movements Characterized by global flows hybridity and networks this book documents Japan s new lived experiences and rapid metamorphosis Accessible and engaging this broad based volume is an attractive and useful resource for students of Japanese culture and society as well as being a timely and revealing contribution to research scholars and for those interested in race ethnicity cultural identities and transformations      **Asia and Latin America** Jörn Dosch, Olaf Jacob, 2010-02-25 Until the late 1980s Japan was the only country in Asia with notable political and economic relations Since then however several Asian nations have perceived growing links with the Latin American region as a means of diversifying their political and particularly economic relations while many Latin American decision makers have increasingly recognised the strategic importance of East Asia in their foreign policy and foreign economic policy designs This book analyses the economic political and socio cultural relations between Asia and Latin America and examines their growing importance in international relations In the first part of the book the contributors look at the policies interests and strategies of individual Asian and Latin American states while the second part delves into the analysis of multilateral institution building in Asia Latin America relations As such Asia and Latin America will be of interest to undergraduate and postgraduate scholars of comparative politics international relations Asian politics and Latin American politics      **Intimate Strangers** Tritia Toyota, 2023-10-20 This book offers a story of new migration and community transformation Via an ethnographic study of young Japanese women migrants shin Issei Tritia Toyota details how they make place space for themselves among generations of Japanese Americans with shifting alterations of membership and belonging that are neither seamless nor easily acknowledged      Migration, Whiteness, and Cosmopolitanism Miloš Debnár, 2016-09-23 This book analyzes the increase in contemporary European migration to Japan its causes and the lives of Europeans in Japan Deconstructing the picture of highly skilled privileged cosmopolitan elites that has been frequently associated with white or Western migrants it focuses on the case of Europeans rather than Westerners migrating to a highly developed non Western country as Japan this book offers new insights on increasing diversity in

migration and its outcomes for integration of migrants The book is based on interviews with 57 subjects from various parts of Europe occupying various positions within Japanese society What are the motivations for choosing Japan how do white migrants enjoy the privilege based on their race what are its limits and to what extent are the social worlds of such migrants characterized by cosmopolitanism rather than ethnicity These are the main questions this book attempts to answer

**Transnational Faiths** Hugo Córdova Quero,Rafael Shoji,2016-02-17 Japan has witnessed the arrival of thousands of immigrants since the 1990s from Latin America especially from Brazil and Peru Along with immigrants from other parts of the world they all express the new face of Japan one of multiculturalism and multi ethnicity Newcomers are having a strong impact in local faith communities and playing an unexpected role in the development of communities This book focuses on the role that faith and religious institutions play in the migrants process of settlement and integration The authors also focus on the impact of immigrants religiosity amidst religious groups formerly established in Japan Religion is an integral aspect of the displacement and settlement process of immigrants in an increasing multi ethnic multicultural and pluri religious contemporary Japan Religious institutions and their social networks in Japan are becoming the first point of contact among immigrants This book exposes and explores the often missed connection of the positive role of religion and faith based communities in facilitating varied integrative ways of belonging for immigrants The authors highlight the faith experiences of immigrants themselves by bringing their voices through case studies interviews and ethnographic research throughout the book to offer an important contribution to the exploration of multiculturalism in Japan

#### **Have Japanese Firms Changed?**

H. Miyoshi,Y. Nakata,2010-11-17 If we ask simply whether Japanese business has changed our answer must be an unequivocal yes and this is answered with a primary focus on technology the traditional source of Japan s strong competitiveness But if we ask whether Japanese firms have also changed in any substantive ways we must accept a less sanguine conclusion

**Living in Two Homes** Mariella Espinoza Herold,Rina Manuela Contini,2017-04-21 This book gathers researchers from across the globe to examine paradigms policies and practices for developing an inclusive intercultural and transnational framework to reduce societal inequities brought about by transnational migration This is necessary to positively integrate culturally diverse families into schools and societies

**The Cambridge Companion to Modern Japanese Culture** Yoshio Sugimoto,2009-06-30 This Companion provides a comprehensive overview of the influences that have shaped modern day Japan Spanning one and a half centuries from the Meiji Restoration in 1868 to the beginning of the twenty first century this volume covers topics such as technology food nationalism and rise of anime and manga in the visual arts The Cambridge Companion to Modern Japanese Culture traces the cultural transformation that took place over the course of the twentieth century and paints a picture of a nation rich in cultural diversity With contributions from some of the most prominent scholars in the field The Cambridge Companion to Modern Japanese Culture is an authoritative introduction to this subject

**The SAGE Handbook of Modern Japanese Studies** James D

Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University *The Road to Multiculturalism in South Korea* Timothy Lim, 2020-12-13 This book aims to capture the complicated development of Korea from monoethnic to multicultural society challenging the narrative of ethnonational continuity in Korea through a discursive institutional approach At a time when immigration is changing the face of South Korea and an increasingly diverse society becomes empirical fact this doesn't necessarily mean that multiculturalism has been embraced as a normative policy based response to that fact The approach here diverges from existing academic analyses which tend to conclude that core institutions defining Korea's immigration and nationality regimes and which crucially also reflect a basic and hitherto unyielding commitment to racial and ethnic homogeneity will remain largely unaffected by increasing diversity Here this title underscores the critical importance of discursive agency as a necessary corrective to still dominant power and interest based arguments In addition discursive agents are found to play a central role in communicating promoting and helping to instill the ideas that create a basis for change on the road to remaking Korean society *The Road to Multiculturalism in South Korea* will be of interest to students and scholars of Asian studies immigration and migration studies race and ethnic studies as well as comparative politics broadly

**Refugees, Women, and Weapons** Petrice R. Flowers, 2009-07-24 In a world dominated by considerations of material and security threats Japan provides a fascinating case for why and under what conditions a state would choose to adopt international norms and laws that are seemingly in direct conflict with its domestic norms Approaching compliance from within a constructivist framework author Petrice R Flowers analyzes three treaties addressing refugee policy women's employment and the use of land mines that Japan has adopted *Refugees Women and Weapons* probes how international relations and domestic politics both play a role in constructing state identity and how state identity in turn influences compliance Flowers argues that although state desire for legitimacy is a key factor in norm adoption to achieve anything other than a low level of compliance requires strong domestic advocacy She offers a comprehensive theoretical model that tests the explanatory power of two understudied factors the strength of nonstate actors and the degree to which international and domestic norms conflict Flowers evaluates how these factors typically studied and analyzed individually interact and

affect one another      **Transforming America** Michael C. LeMay, 2012-12-10 Utilizing multiple perspectives of related academic disciplines this three volume set of contributed essays enables readers to understand the complexity of immigration to the United States and grasp how our history of immigration has made this nation what it is today Transforming America Perspectives on U S Immigration covers immigration to the United States from the founding of America to the present Comprising 3 volumes of 31 original scholarly essays the work is the first of its kind to explore immigration and immigration policy in the United States throughout its history These essays provide a variety of interdisciplinary perspectives from experts in cultural anthropology history political science economics and education The book will provide readers with a critical understanding of the historical precedents to today s mass migration Viewing the immigration issue from the perspectives of the contributors various relevant disciplines enables a better grasp of the complex conundrum presented by legal and illegal immigration policy      Social Class in Contemporary Japan Hiroshi Ishida, David H. Slater, 2009-10-16 Post war Japan was often held up as the model example of the first mature industrial societies outside the Western economy and the first examples of middle mass society Today and since the bursting of the economic bubble in the 1990 s the promises of Japan Inc seem far away Social Class in Contemporary Japan is the first single volume that traces the dynamics of social structure institutional socialization and class culture through this turbulent period all the way into the contemporary neoliberal moment In an innovative multi disciplinary approach that include top scholars working on quantitative class structure policy development and ethnographic analysis this volume highlights the centrality of class formation to our understanding of the many levels of Japanese society The chapters each address a different aspect of class formation and transformation which stand on their own Taken together they document the advantages of putting Japan in the broad comparative framework of class analysis and the enduring importance of social class to the analysis of industrial and post industrial societies Written by a team of contributors from Japan the US and Europe this book will be invaluable to students and scholars of Japanese society and culture as well as those interested in cultural anthropology and social class alike

**Japanese New York** Olga Kanzaki Sooudi, 2014-10-31 Spend time in New York City and soon enough you will encounter some of the Japanese nationals who live and work there young English students office workers painters and hairstylists New York City one of the world s most vibrant and creative cities is also home to one of the largest overseas Japanese populations in the world Among them are artists and designers who produce cutting edge work in fields such as design fashion music and art Part of the so called creative class and a growing segment of the neoliberal economy they are usually middle class and college educated They move to New York for anywhere from a few years to several decades in the hope of realizing dreams and aspirations unavailable to them in Japan Yet the creative careers they desire are competitive and many end up working illegally in precarious low paying jobs Though they often migrate without fixed plans for return nearly all eventually do and their migrant trajectories are punctuated by visits home Japanese New York offers an intimate ethnographic portrait of these

Japanese creative migrants living and working in NYC At its heart is a universal question how do adults reinvent their lives In the absence of any material or social need what makes it worthwhile for people to abandon middle class comfort and home for an unfamiliar and insecure life Author Olga Sooudi explores these questions in four different venues patronized by New York s Japanese a grocery store and restaurant where hopeful migrants work part time as they pursue their ambitions a fashion designer s atelier and an art gallery both sites of migrant aspirations As Sooudi s migrant artists toil and network biding time until they make it in their chosen industries their optimism is complicated by the material and social limitations of their lives The story of Japanese migrants in NYC is both a story about Japan and a way of examining Japan from beyond its borders The Japanese presence abroad a dynamic process involving the moving settling and return to Japan of people and their cultural products is still underexplored Sooudi s work will help fill this lacuna and will contribute to international migration studies to the study of contemporary Japanese culture and society and to the study of Japanese youth while shedding light on what it means to be a creative migrant worker in the global city today Language, Education and Citizenship in Japan Genaro Castro-Vázquez, 2013 Based on extensive original research this book explores the early educational experiences of foreign children in Japan It considers foreign children s experiences of Japanese schools examines the special tutoring such children often have to improve their language proficiency and explores the role of mothers in encouraging their children s education It contrasts the experiences of foreign children with those of Japanese children and sets out the extensive difficulties foreign children encounter in becoming fully accepted by and integrated into Japanese society The book concludes by discussing the nature of citizenship in Japan and the importance of education including early education in shaping Japanese citizenship *Spheres of Global Justice* Jean-Christophe Merle, 2013-06-22 *Spheres of Global Justice* analyzes six of the most important and controversial spheres of global justice each concerning a specific global social good These spheres are democratic participation migrations cultural minorities economic justice social justice and intergenerational justice Together they constitute two constellations dealt with in this collection of essays by leading scholars in two different volumes *Global Challenges to Liberal Democracy* and *Fair Distribution* These essays illustrate each of the spheres delving into their differences commonalities collisions and interconnections Unlike many writings on global justice *Spheres of Global Justice* does not content itself with describing the painful and advantageous effects of the globalization process as being ipso facto a global injustice or a just global order Rather this multidisciplinary collection of essays from a pluralist inspiration combines empirical analysis with theoretical approaches and ethical principles paying close attention to two aspects of the effects of the globalization process These aspects are the causal relationships that lead to such effects and the kinds of obligations or of normative relationships between global rights and correlative duties that applies to each specific individual case This volume illustrates how diverse global obligations are and how they can be grounded in diverse relationships identity ability to provide help causal responsibility past injustices protection of agency and promotion of

independence etc These essays also demonstrate that an ethical global approach has not only international or transnational but also domestic local and interpersonal dimensions

Thank you for reading **Global Japan The Experience Of Japans New Immigrants And Overseas Communities**. ### **Global Japan The Experience Of Japans New Immigrants And Overseas Communities Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Global Japan The Experience Of Japans New Immigrants And Overseas Communities has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Global Japan The Experience Of Japans New Immigrants And Overseas Communities has opened up a world of possibilities. Downloading Global Japan The Experience Of Japans New Immigrants And Overseas Communities provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Global Japan The Experience Of Japans New Immigrants And Overseas Communities has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This

inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Global Japan The Experience Of Japans New Immigrants And Overseas Communities. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Global Japan The Experience Of Japans New Immigrants And Overseas Communities. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Global Japan The Experience Of Japans New Immigrants And Overseas Communities, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Global Japan The Experience Of Japans New Immigrants And Overseas Communities has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Global Japan The Experience Of Japans New Immigrants And Overseas Communities Books**
