Globalization And National Identities Crisis Or Opportunity:

Globalization and National Identities P. Kennedy, C. Danks, 2001-06-05 Drawing on original research from social scientists working on twelve countries this book explores the key issues faced by nations and citizens as they struggle to rediscover reaffirm or reconstruct their sense of national identities in the face of globalizing forces Some nations and peoples experience the fragmentation of once certain identities as threatening and likely to generate political and social breakdown Others encounter globalization as a challenge which brings uncertainties but also opportunities for adaptation the evolution of hybrid identities or new forms of protest Critical Globalization Studies Richard P. Appelbaum, William I. Robinson, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company *Muslim Worldviews and Everyday Lives* El-Sayed el-Aswad, 2012-07-13 The book is critical to understanding Muslim worldviews today providing an analysis of ethno cosmology emic interpretation of sacred tradition and crucial insight into modernity folklore geography dreams imagination hybridity and identity transformation **Posthumanist World Englishes** Lionel Wee, 2021-05-13 A posthumanist approach problematizes the separateness and centrality of humans in understanding the world around us Posthumanism does not deny the role of humans but questions the assumption that it is human activity and agency that should be given pride of place in any analysis of social activity This carries important and interesting implications for the study of World Englishes some of which are explored in this Element Sections 3 and 4 respectively explore posthumanism in relation to two specific topics in World Englishes creativity and language policy These topics have been chosen because they allow us to see the contributions that posthumanism can make to a micro level creativity as well as macro level language policy topic **Social Theory in Contemporary Asia** Ann Brooks, 2010-07-14 Philosophical debates around reflexivity identity and intimacy have preoccupied Western social and cultural theorists since the 1990s and this book examines them in relation to the Chinese diasporic cultures in Asia The debates are set within the context of globalization and its impact on cultural gendered and ethnic identities in late modernity The Singlish Controversy Lionel Wee, 2018-01-25 Singlish is the colloquial variety of English spoken in Singapore It has sparked much public debate but so far the complex question of what Singlish really is and what it means to its speakers has remained obscured This important work explores some of the socio political controversies surrounding Singlish such as the political ideologies inherent in Singlish discourse the implications of being restricted to Singlish for those speakers without access to standard English the complex relationship between Singlish and migration and the question of whether Singlish is an asset or a liability to Singaporeans These questions surrounding Singlish illustrate many current issues in language culture and identity in an age of rapid change The book will be of interest to scholars and advanced students of World Englishes and sociolinguistics Its detailed analysis of the Singlish controversy will illuminate broader questions about language identity and globalization Social Change in the Age of Globalization Tiankui Jing, Masamichi Sasaki, Peilin Li, 2006-08-01 The 36th World Congress of the International Institute of Sociology IIS

was a true milestone in the history of IIS for it heralded many firsts the first World Congress to be held on the Asian Continent the first to be held in China and the largest attendance by far of any of the organization s World Congresses This book is a compendium of 18 papers presented by plenary speakers from 10 different nations It addresses sweeping issues related to the age of globalization and social change including cultural diversities migration and equality social transformation and national identity Notable is an extraordinary diversity of viewpoints approaches and opinions Social Change in the Age of Globalization should be especially useful for those interested in learning more about social change in the context of globalization especially in nations whose sociological communities are emerging such as China and many other Asian nations *Globalization* Yale H. Ferguson, Richard W. Mansbach, 2012-03-15 Written by two leading scholars of global

politics Globalization the return of borders to a borderless world is a major new book for students of globalization It describes and explains globalization and its origins and examines its future in light of key recent political and global trends and events The text identifies the different political economic technological and cultural meanings of globalization examines its historical origins from the ancient past through the Cold War and into the twenty first century describes the multiple attributes and consequences of globalization including its effect on the sovereignty of the nation state discusses recent trends such as the increased use of social media and events like the Arab Spring assesses the normative implications of globalization analyzes the challenges to globalization posed by contemporary events such as the global financial crisis This book will be essential reading for all students of globalization and will be of great interest to students of global politics and global governance When All Roads Lead to the Standoff Jeanne M. Haskin, 2016 Using eye witness accounts to narrate

the terrifying failed efforts at communication during the standoffs at Ruby Ridge and in Waco TX Haskin offers a psycho social theory for militant white movements influenced by political economics The heart stopping dialogues as the authorities in both cases make their erroneous calculations are dramatic but so is the idea that such events can furnish essential clues to success for those who are responsible for defusing such conflicts The Ruby Ridge standoff and the Branch Davidian siege were symptoms of a broader battle between the goals of Corporate Governance and the hatred of white supremacists Haskin show that by instilling insecurity the Corporate power makes a mockery of citizens free will Bred by a different set of goals and grievances white supremacists would use and sacrifice anyone whites included to achieve their whites only world What if white supremacists and those who favor Corporate Governance find common ground The worst of both their goals grotesque levels of deprivation debt peonage survival slavery ethnic cleansing and racial and religious violence may be our future

Approaches to the Study of Contemporary Germany Jonathan Grix, 2002-09-30 The 10 essays of this collection are derived from a group of courses developed by the U of Birmingham s UK Institute for German Studies which is devoted to the social sciences The essays consider the British research methods used for studying issues in Germany by researchers in economics

pol The Elusiveness of Peace in a Suspect Global System Tatah Mentan, 2024-11-29 A convenient veil is drawn over the

many issues facing the majority of citizens on a daily basis as a result of the so called free market One is left with an impression that we live in a glorious utopia in which the crusaders of international capitalism continue in their quest to make life peaceful and better for all of humanity It is also a world which has been at peace for 70 years with no ideological or economic conflict and in which all of humanity live their lives in harmony benefiting from the fruits of globalization This claim is nothing less than the rearrangement of the deck chairs on the Titanic where the Titanic is actually the Global Economic Financial System GE FS storming its way through all countries and causing untold human suffering engineered by global pathocrats In this book Professor Tatah Mentan dissects human suffering from multidimensional crises such as terrorism population explosion denial of human rights economic inequality racial discrimination ideological extremism religious intolerance social injustice ecological imbalance consumerism oppression of the weak and so on He then calls for a radical global ethics that expects us to realize our roles and duties regarding global peace It includes the role and ideals of educationalists the duties of scientists philosophers and thinkers the inculcation of human values such as nonviolence and love

The Dimensions of Global Citizenship Darren J. O'Byrne, 2004-11-23 *The Dimensions of Global Citizenship* takes issue with the assumption that ideas about global citizenship are merely Utopian ideals The author argues that far from being a modern phenomenon world citizenship has existed throughout history as a radical alternative to the inadequacies of the nation state system Only in the post war era has this ideal become politically meaningful This social transformation is illustrated by references to the activities of global social movements as well as those of individual citizens

Being the Chosen Julie Scott Jones, 2016-04-15 *Being the Chosen* explores Christian fundamentalism in the USA focusing particularly on the belief system of Protestant fundamentalists It establishes the key characteristics of the Protestant worldview investigating the degrees to which these are adhered to amongst different groups and how such belief systems are constructed and reinforced through everyday life By presenting rich empirical material *Being the Chosen* sheds light on the manner in which the Protestant fundamentalist worldview shapes and constructs the beliefs and actions of its adherents providing them with agency and reinforcement in the face of oppositional forces As such it will interest not only sociologists but also scholars of religion and the culture and society of the USA

Gendering Global Transformations Chima J. Korieh, Philomina E Okeke-Ihejirika, 2008-11-19 This book employs gender as a category of analysis to capture the various ways men and women relate in society and the structures that define these relationships and place boundaries on them It presents alternative conceptual and theoretical approaches that tease out the nuances of gender as mediated by culture race and identity in a globalizing world

Screening the East Nick Hodgin, 2011-05-01 *Screening the East* considers German filmmakers responses to unification In particular it traces the representation of the East German community in films made since 1989 and considers whether these narratives challenge or reinforce the notion of a separate East German identity The book identifies and analyses a large number of films from internationally successful box office hits to lesser known

productions many of which are discussed here for the first time Providing an insight into the films historical and political context it considers related issues such as stereotyping racism regional particularism and the Germans confrontation with the past

Music, National Identity and the Politics of Location Vanessa Knights, 2016-04-29 How are national identities constructed and articulated through music Popular music has long been associated with political dissent and the nation state has consistently demonstrated a determination to seek out and procure for itself a stake in the management of its popular musics Similarly popular musics have been used from the ground up as sites for both populist and popular critiques of nationalist sentiment from the position of both a globalizing and a local vernacular culture The contributions in this book arrive at a critical moment in the development of the study of national cultures and musicology The book ranges from considerations of the ideological focus of cultural nationalism through to analyses of musical hybridity and musical articulations of other kinds of identities at odds with national identity The processes of global homogenization are thereby shown to have brought about a transitional crisis for national cultural identities the evolution of these identities particularly with reference to the concept of authenticity in music is situated within broader debates on power political economy and constructions of the self Theorizations of practice are employed after the manner of Bourdieu Gramsci Goffman Gadamer Habermas Bhabha Lacan and Žižek Each contribution acts as a case study to characterize the strategies through which differing modes of musical discourse engage critique or obscure discourses on national identity The studies include discussions of musical representations of Irishness the relationship between Afropop and World Music Norwegian club music the revival of traditional music in Serbia resistance to cultural homogeneity in Brazil contemporary Uyghur song in Northwest China rap and race in French society technobanda from the barrios of Los Angeles and Spanish Moroccan rai In this way the book seeks to characterize the ideological configurations that help to activate and sustain hegemonic amb

The Routledge Companion to English Studies Constant Leung, Jo Lewkowicz, 2024-07-31 English is now a global phenomenon no longer defined by fixed territorial cultural and social functions The Routledge Companion to English Studies provides an overview of this dynamic field of study with this new edition focusing on English from an applied language perspective and taking account of interdisciplinary and decolonizing viewpoints This companion considers historical trajectories while also showcasing state of the art contributions by established scholars from around the world The Routledge Companion to English Studies provides a broad view of English as a subject of study and research through language centred disciplines investigates the use of English and language more broadly in contemporary communication practices taking into account the use of technology explores the role of English in education and in society from social and global perspectives highlights the importance of the link between English and other languages within the concepts of flexible multilingualism and translanguaging offers a view on the need for extending and deepening the concerns of English studies as a field of scholarly enquiry This collection of thirty one commissioned chapters provides a contemporary picture of the diverse field of English

studies and is an expert informed text for advanced students and researchers in this field **Human Rights** Darren O'Byrne, 2014-06-06 Human Rights An Introduction is an important text that provides a comprehensive overview of human rights and related issues from a social science perspective First this book does more than discuss theory it uses case studies and personal testimonies in the debate Human rights as an area of academic interest cannot be easily divorced from human rights struggles and the reality of contemporary conditions Second the book is aimed at what is an emerging and growing cross disciplinary field of study Human rights issues are increasingly coming to the fore in a number of academic debates Whereas the study of human rights has traditionally been included in departments of law international relations and philosophy a number of courses are now being set up in departments of sociology and anthropology Consequently there is an increasing need to bring these disparate approaches together **Cross-Cultural Fashion Marketing** Satyendra Singh, 2025-09-04 Often neglected by fashion academics culture underpins diversity and inclusivity of fashion and more socially aware consumers exhibit ways in which fashion can be displayed within culturally diverse contexts This book develops an understanding of the role culture plays in fashion and how the fashion industry can embrace diversity and inclusivity in their marketing strategy The book aims to combine the concept of consumer culture and society with the intricacies of fashion in the context of international marketing messaging and communications With a particular emphasis on ethnic fashion design and distinct features across cultures it explores theories and concepts relating to modest fashion beach fashion headgear fashion and plus size fashion among others Each chapter provides fashion related stimulating activities for experiential learning Underpinned by theory and supported by practical examples the book offers an engaging and innovative study of ethnic fashion from cultural perspectives to demonstrate the importance of developing a truly global brand Cross Cultural Fashion Marketing is essential reading for scholars and postgraduate students interested in fashion marketing and management cross cultural management and consumer culture **Ethnography in Social Science Practice** Julie Scott-Jones, Sal Watt, 2010-04-19 Ethnography in Social Science Practice explores ethnography s increasing use across the social sciences beyond its traditional bases in social anthropology and sociology It explores the disciplinary roots of ethnographic research within social anthropology and contextualizes it within both field and disciplinary settings The book is of two parts Part one places ethnography as a methodology in its historical ethical and disciplinary context and also discusses the increasing popularity of ethnography across the social sciences Part two explores the stages of ethnographic research via a selection of multidisciplinary case studies A number of key questions are explored What exactly is ethnographic research and what makes it different from other qualitative approaches Why did ethnography emerge within one social science discipline and not others Why did its adoption across the social sciences prove problematic What are the methodological advantages and disadvantages of doing ethnographic research Why are ethnographers so concerned by issues of ethics politics representation and power What does ethnography look like within different social science disciplines The book is

aimed at social science students at both undergraduate and postgraduate level and each chapter has pedagogic features including reflective activities and suggested further readings for students
