Globalization In The Twenty First Century Convergence Or Divergence:

Globalization in the Twenty-First Century Axel Hülsemeyer, 2003-07-04 Globalization in the Twenty First Century explores the degrees of convergence and or divergence attributed to the process of globalization Theoretical contributions to the globalization debate within International Political Economy are empirically evaluated covering different geographical parts of the world Central and Eastern Europe Latin America Malaysia and South Africa as well as particular issues of growing relevance such as the genome project The contributions are organized according to the three levels of analysis common in the social sciences

21st Century Dissent G. Curran, 2006-10-31 21st Century Dissent contends that anarchism has considerably influenced the modern political landscape Curran explores the contemporary face of anarchism as expressed via environmental protests and the anti globalization movement

Frontiers of Globalization Research: Ino Rossi, 2007-03-21 To bring this volume together the editor asked leading scholars in the field of globalization to outline a research framework that reflects their own approach to the subject The resulting book presents a broad spectrum of analytical approaches to globalization Theoretical reviews are complemented by substantive chapters and methodological analyses Contributors include scholars in the fields of sociology anthropology history and political science These writings have been organized into four sections theoretical perspectives and cultural globalization economic globalization political globalization and methodological approaches

Globalization and Development Anthony Elson, 2013-12-10 Comparing the experience of East Asia and Latin America since the mid 1970s Elson identifies the key internal factors common to each region which have allowed East Asia to take advantage of the trade financial and technological impact of a more globalized economy to support its development while Latin America has not

Internalizing Globalization Susanne Soederberg, Georg Menz, Philip G. Cerny, 2005-11-16 This book explores how a wide range of countries attempt to cope with the challenges of globalization While the internalization of globalization proceeds in significantly different ways there is a broad process of convergence taking place around the politics of neoliberalism and a more market oriented version of capitalism The book examines how distinct social structures political cultures patterns of party and interest group politics classes public policies liberal democratic and authoritarian institutions and the discourses that frame them are being reshaped by political actors Chapters cover national experiences from Europe and North America to Asia and Latin America Chile Mexico and Peru

Understanding World Order and Structural Change H. Abrahamsson, 2015-12-22 Hans Abrahamsson assesses the current world order and structural change within an historical framework He analyzes the interaction of Pax American and the Bretton Woods system in the postwar period and its impact specifically on the development of Southern Africa The author also proposed an analytical model and a methodological framework for the study of the international political economy and its global and local implications Finally he addresses the circumstances behind the current opportunity for global change and the social forces and political action required in order to seize it

Conflict and

Development Andrew J. Williams, Roger Macginty, 2016-02-19 In the five years since the first edition of *Conflict and Development* was published the awareness of the relationship between conflicts and development has grown exponentially. Developmental factors can act as a trigger for violence as well as for ending violence and for triggering post conflict reconstruction. The book explores the complexity of the links between violent conflict usually civil wars and development under development and uneven development. The second edition incorporates significant changes in the field including the G7 initiative the New Deal on Fragile States World Trade talks major policy documents from the UNDP and World Bank and updates on the Afghanistan and Iraq wars. *New Modes of Governance in the Global System* M. Koenig-Archibugi, M. Zürn, 2005-11-30 Globalization processes are propelling a transformation of governance. As political problems become more transnational public as well as private actors increasingly perform governance activities beyond the level of individual states. This book examines the wide variety of forms that governance can take in the global system and their consequences. An overarching analytical framework is applied to global institutions and initiatives in areas such as trade liberalization financial market regulation privacy protection cybercrime and food safety. *International Political Economy and Poststructural Politics* Marieke De Goede, 2006-03-14 This edited volume brings together leading scholars to debate the promises of poststructural politics within the study of the International Political Economy (IPE). The volume offers a sustained theoretical dialogue on the meaning of discourse identity and representation for practices of political economy. **Sugar: Refined Power in a Global Regime** B. Richardson, 2009-09-23 Sugar is a commonplace product with a complex background mainly because of the high degree of protectionism given to the industry and the benefits of ensuring domestic producers stay in business. This book asks why there are such disagreements over trade policy who profits within the current regime and where power ultimately lies. *Global Forces and State Restructuring* M. Doornbos, 2006-02-24 This study explores a range of dynamics in state society relations which are crucial to an understanding of the contemporary world processes of state formation collapse and restructuring all strongly influenced by globalization in its various respects. Particular attention is given to externally orchestrated state restructuring. **Alternative Globalizations** S. A. Hamed Hosseini, 2009-12-04 This book explores the formation and transformation of ideas identities and solidarities in the global opposition to the corporate led globalization and its ideological basis neo liberalism. China and the Mortgaging of America H. Thompson, 2010-08-04 In 2008 the economic relationship between the United States and China almost collapsed due to a crisis at two American mortgage corporations Fannie Mae and Freddie Mac. This book explains how that crisis came about and analyzes the consequences and implications. World Democratic Federalism M. Frankman, 2004-03-31 Myron J. Frankman provides an interrelated set of initiatives whose components are consistent with the logic of both the process of globalization and the emerging properties of our time. Sustainability democratization equal opportunity diversity and peace. He brings together the case for global public finance a single world currency and a planet wide citizen's income all within the context of democratic

federalism extending from the local to the global *The Neoliberal Revolution* Richard Robison, 2006-03-28 The book examines the rise of the amalgam of economic and political ideas we know as neo liberalism and how these became the defining orthodoxy of our times It investigates the inexorable global spread of market economies and how neo liberal agendas are accommodated or hijacked in collisions with authoritarian states and populist oligarchies *The Globalizations of Organized Labour* G. Myconos, 2005-09-06 Myconos explores the ways in which organized labour has globalized since 1945 Using two touchstone indicators the extent of cross border integration and the autonomy vis vis the state the book reveals a counterintuitive process network globalization involves a continuing orientation towards the state The book not only seeks to identify organized labour s trajectory on the macro plane but also to provide a more precise meaning of the term globalization as it relates to agency *Theories of New Regionalism* F. Söderbaum, T. Shaw, 2003-11-11 Theories of New Regionalism represents the first systematic attempt to bring together leading theories of new regionalism Major theorists from around the world develop their own distinctive theoretical perspectives spanning new regionalism world order approaches along with regional governance liberal institutionalism neoclassical development regionalism to regional security complex theory RSCT and the region building approach *The Politics of Housing Booms and Busts* Leonard Seabrooke, 2009-06-25 This book demonstrates how housing systems are built from political struggles over the distribution of welfare and wealth The contributors analyze varieties of residential capitalism through a range of international case studies as well as investigating the links between housing finance and the current international financial crisis **International Cultural Policies and Power** J. Singh, 2010-01-20 Political scientists by and large ignore cultural industries and technologies whereas they are prominent in other disciplines This book provides insights from local societal national and international levels in understanding cultural industries technologies and policies and integrates these perspectives into the study of political science **Business and Global Governance** Morten Ougaard, Anna Leander, 2010 Over the past two decades the role of business in global governance has become increasingly topical Transnational business associations are progressively more visible in international policy debates and in intergovernmental institutions and there is a heightened attention given to global policy making in national and international business communities This text examines and explains the multiple modes of engagement between business and global governance it presents a variety of theoretical approaches which can be used to analyse them along with empirical illustrations Featuring a range of leading US and European scholars it is divided into three parts that summarize different modes of engagement Each section is illustrated by two or three studies that represent a distinct theoretical take on the issue with empirical illustrations The book examines Business as master and purpose of global governance Business as subject and opponent to global governance Business as partner and facilitator of global governance This book will be of interest to students and scholars of Business Studies International Relations International Politics and International Political Economy as well as for practitioners in the public and private

sector
