

## 6. Can Asian mobile SPs globalize?

*North Asia is streets ahead of the rest of the world in terms of mobile broadband adoption. But past attempts by Japanese and Korean operators to go global have failed. Why?*

- Big differences between U.S. and Japan mobile content strategies
- Mobile Internet is a platform for delivering lifestyle services and knowledge *uniquely appropriate to the local market*
  - *Diversity vs. mass market*
- Does network scale have a natural (or optimal) limit when value shifts to services that involve local market knowledge and customization?

China and the Future of Globalization Grzegorz W. Kolodko, 2020-01-23 An FT SUMMER READ 2020 The forces of globalization have transformed the world economically but in the West politics is becoming increasingly fractured as living standards stagnate for all but the very wealthy As a result alienation and nationalism are on the rise China in the meantime has become the most powerful economy in the world from the same forces of globalization which have imprisoned the west Here Grzegorz W Kolodko parses the economic system in China and brings his uniquely clear and far sighted analysis to bear on the global economy Through a qualitative and extensive quantitative economic analysis of the global economy and its tilt towards Asia Kolodko offers prescriptions on how the west can learn from China's approach and make globalization work for citizens once more An essential book for scholars and students of political economy from one of the West's most authoritative scholars and practitioners Translated by Joanna Luczak *East Asia, Globalization and the New Economy* F. Gerard Adams, 2006-10-03 Written by a recognized expert in the area of business economics this book analyzes the effect of the IT revolution globalization and the new economy on the development of East Asia **East Asia and Globalization** Samuel S. Kim, 2000-10-25 This clear and timely book presents the first sustained and structured analysis of globalization in the East Asian context exploring the strategies used by East Asian countries to cope with the forces of globalization Eschewing both neoliberal hyperglobalization chants and neorealist globaloney castigation the authors integrate a broad conceptual framework with region and country specific case studies Specifically the book poses and addresses three major questions about East Asia's globalization First it identifies the range of contending conceptualizations of globalization that have underpinned the region's changing and contradictory views in the 1990s Second the book critically probes the discrepancy between promise and performance the myths and realities of East Asian globalization and the complex interaction of challenges and responses Third the authors evaluate the impacts and consequences of globalization for East Asia's political economic social cultural ecological and security development These questions clarify the often murky nature challenges responses and consequences of globalization especially in light of the Asian financial crisis and moves toward recovery

*Globalization and the Gulf* John W. Fox, Nada Mourtada-Sabbah, Mohammed Al Mutawa, 2006-09-27 For centuries the Arabian Gulf has been a crossroads where seafaring people and Bedouins alike travelled great distances transacting business Events of the past few years both good and bad have directed the world's attention to the Arabian Peninsula where a rich cultural tradition is rapidly incorporating the latest innovations from around the world This is the process of globalization New economies create enormous potential but it will require great care for the people of the region to steer through a period of profound change Political and economic interests intent on maintaining the flow of petroleum products on one hand and people in the Gulf region who assess their own interests from quite a different perspective on the other exert pressures from conflicting directions Reconciling these interests in a time of rapid globalization poses enormous challenges This timely volume brings together the work of scholars from both the Middle East and the West who have the expertise to evaluate the interaction of new ideas new technologies and new economies Brought together by the American University of Sharjah and the Sociological Association of the UAE the contributors reflect on both the process of globalism and on the traditions of Gulf society and culture offering views on how these trends interact within the global system

*Globalization and the Asia Pacific Economy* Kyung Tae Lee, 2003-09-02 This book looks at globalisation in historical perspective and examines the experience of East Asian economies during the financial crisis provides an account of globalisation through the activities of Japanese multinational enterprises deals with the social consequences of exposure to the financial market risks of globalisation in East Asia details the experience of East Asian economies in managing the financial crisis draws lessons from East Asian experience with financial market liberalisation asks what approaches to international financial cooperation trade policy and corporate governance can assist East Asian interests in the world economy

**China and the Future of Globalization** U.S.-China Economic and Security Review Commission, 2005

*Globalization, Development And Security In Asia (In 4 Volumes)*, 2014-04-28 Asian countries are undergoing rapid political economic and social transformations meanwhile there is a growing demand for knowing more about Asia This Major Reference Set is designed to help general readers as well as specialists to have a good grasp of the latest developments in Asia in the key areas of economic growth trade energy environment foreign policy and security With 4 volumes this set covers all major dimensions of Asia's political economy Contributors include both scholars and practitioners who provide first hand description and analysis of fundamental issues in Asia Peace and political stability are of ultimate importance with Asia at the forefront of wealth creation in the global economy Volume 1 unpacks and examines the foreign policy strategies of key

states and the role of regional institutions in responding to the security demands of an Asian century Volume 2 studies the strong economic integration through trade and cross border investment that has been essential to Asia The region s future prosperity depends on it being able to remain open and outward looking As Asia grows larger and richer more concerted efforts are required to surmount regional rivalry and to further strengthen the regional architecture of economic cooperation Volume 3 looks at the emerging economies thirst for energy that creates huge competition around which domestic regional and international political economy unfolds Climate change and aspiration for sustainable development further complicate the challenge Volume 4 offers a comprehensive coverage of subjects on environment and sustainable development in Asia with case studies of selected and representative countries that are at different stages of economic development and facing different environment related problems and challenges in the twenty first century This interdisciplinary set is a fine example of international cooperation with contributors hailing from different parts of Asia as well as North America and Europe It is a must have for anyone keen on understanding Asia s dynamic and changing scene

Business, Globalization and the Common Good Henri Claude de Bettignies, François Lépineux, 2009 Globalization and information technology are driving the world into a new era Is it the responsibility of business to pursue the common good and more precisely to participate in the construction of the global common good This book brings together contributions from various disciplines written by scholars who are at the forefront of this debate It provides multiple insights into a tripartite relationship business globalization and the common good It helps explain why the business sphere will probably not be in a position to ignore the common good much longer and why this latter concept widely ignored in today s management realm is likely to become part of tomorrow s corporate policies and practices in the global context Finally this work opens up a plethora of avenues for future research calling for the development of transdisciplinary approaches and for the elaboration of a research program embracing theoretical empirical and spiritual perspectives to tackle this complex issue

**The Future of Corporate Globalization** Jeremiah J. Sullivan, 2002-03-30 Paradigms are shifting The capitalist market model or extended order whose globalization forces support the business methods of multinational corporations is giving way to the Global Village model one of justice virtue stability and national sovereignty Sullivan contends that by creating conditions for opposition globalization may be dooming itself Here he explains the shifting paradigm and considers its likely impact on corporate conduct Companies ignoring the growing chorus of discontent with globalization do so at their peril But those who adapt to new realities will not merely survive they will prosper This book details the adaptations that corporations need to implement to safeguard their roles in the future Corporate governance bodies will increasingly include NGO representatives and employees Justice stability virtue and national cultural identity will become corporate goals alongside the profit motive Customer relationships will become enriched by mutual obligations and trust Risky global corporate strategies will have less appeal than more stable avenues of action Employee relations will increasingly take into account workers growing desire for meaningful labor whose

rewards entail more than financial remuneration Managers will become more like public servants and less like independent agents The persistence of these trends accelerated by the growing power of the Internet to bring far flung activists together in pursuit of common goals threatens the existing order as never before

**Asia and the Future of Football** Ben Weinberg, 2015-05-22 Football is the most popular sport in the world Globalisation and commercialisation of the game however have created new conflicts and challenges This book explores the role of the Asian Football Confederation AFC within the rising significance of football in Asia drawing on three key theoretical perspectives globalisation neo institutionalism and governance as well as comprehensive data from interviews and archive material It explores the organisational structure of AFC its decision making processes relations with other actors and policies put forward To understand the specificities AFC has faced in its 60 year history the broader historical political economic socio cultural and geographic contexts of football in Asia are taken into account

*South Asia in the Era of Globalization* Mita Bhattacharya, 2004 The South Asian economies constitute the largest and most densely populated region of the world With an estimated 1.4 billion plus people this is a larger market area than China This volume addresses South Asia s opening up and attempts to integrate into the global economy The volume is unique among existing offerings on South Asia in that it covers the dynamics of structural adjustments due to globalisation focusing on the development and welfare aspects of the region The contributions by a broad range of international experts from the disciplines of banking and finance economics management and political science are informed by three central themes The three themes are industry reforms and market adjustment economic performance and the effects on globalisation on specific industries and economic development poverty and welfare issues The volume adopts a broad interdisciplinary approach to these issues and will appeal to readers from across the business disciplines

*The Chinese and Indian*

*Corporate Economies* Raj Brown, 2017-02-03 This is a compelling analysis of the corporate economies of China and India which are having a huge impact not just on the international economy but also in the geopolitical and international strategy sphere as a result of an accelerated globalisation by these two countries which is unleashing powerful economic challenges to corporate structures economic institutions and law worldwide The big question is how after centuries of underdevelopment China and now India are emerging powerfully and pulling ahead of Western European economies Analysing the role of the state and the adroit use of law and their impact on the corporate evolution of both China and India provides greater clarity and insight into why China has evolved as a manufacturing nation utilizing cheap abundant labour while India has not exploited such advantages but instead focused on IT and higher value industries even abroad as Tata has demonstrated in the motor industry in Europe Again while Chinese corporations have expanded abroad as an arm of the state into Asia Middle East Africa Europe Latin America and parts of the southern states of the USA India has pushed principally into Europe through the efforts of powerful minority capitalists of Parsi and Gujarati background overcoming technological gaps and differences through acquisitions and absorptions of existing corporations in particular industries especially in steel automobiles and textiles In China state owned corporations have been dominant In India though state owned enterprises have been powerful since 1951 it has been private capitalists with an established stronghold since the colonial period and even under the Socialist period from 1951 1991 who have been the more productive main actors both in India and abroad

**Globalization and Competitiveness** Chris Rowley, Malcolm Warner, 2013-09-13 This book evaluates the evolution of Big Business in Asia as we enter the new millennium It focuses on recent issues affecting large corporations both indigenous and foreign owned such as multinational companies and international joint ventures as well as on key events such as the Asian Crisis and its aftermath China's entry into the WTO the recent downturn in the world economy and the onset of SARS A special issue of the journal *Asia Pacific Business Review*

Globalization and the Cultures of Business in Africa Scott D. Taylor, 2012-09-05 Can Africa develop businesses beyond the extractive or agricultural sectors What would it take for Africa to play a major role in global business By focusing on recent changes Scott D Taylor demonstrates how Africa's business culture is marked by an unprecedented receptivity to private enterprise Challenging persistent stereotypes about crony capitalism and the lack of development Taylor reveals a long and dynamic history of business in Africa He shows how a hospitable climate for business has been spurred by institutional change globalization and political and economic reform Taylor encourages a broader understanding of the mosaic of African business and the diversity of influences and cultures that shape it
