Redrawing the Middle East Michael D. Berdine, 2018-03-30 The Sykes Picot Agreement was one of the defining moments in the history of the modern Middle East. Yet its co creator Sir Mark Sykes had far more involvement in British Middle East strategy during World War I than the Agreement for which he is now most remembered. Between 1915 and 1916 Sykes was Lord Kitchener's agent at home and abroad operating out of the War Office until the war secretary's death at sea in 1916. Following that from 1916 to 1919 he worked at the Imperial War Cabinet, the War Cabinet Secretariat and finally as an advisor to the Foreign Office. The full extent of Sykes's work and influence has previously not been told. Moreover the general impression given of him is at variance with the facts. Sykes led the negotiations with the Zionist leadership in the formulation of the Balfour Declaration which he helped to write and promoted their cause to achieve what he sought for a pro British post war Middle East peace settlement although he was not himself a Zionist. Likewise despite claims he championed the Arab cause there is little proof of this other than general rhetoric mainly for public consumption. On the contrary there is much evidence he routinely exhibited a complete lack of empathy with the Arabs. In this book Michael Berdine examines the life of this impulsive and headstrong young British aristocrat who helped formulate many of Britain's policies in the Middle East that are responsible for much of the instability that has affected the region ever since.

Dry Diplomacy Lawrence Spinelli, 2007-11-06 Dry Diplomacy is the first complete treatment of the diplomatic ramifications of Prohibition. Spinelli explores the widespread effects on international law, shipping, foreign policy and trade. In this context American interests appeared to be pitted against those of Britain as she sought to recover from the First World War by expanding trade, promoting domestic industries such as whiskey distilling and reasserting shipping dominance in the sea lanes. American interference with international shipping undertaken in order to disrupt what Presidents Harding and Coolidge deemed British alcohol smuggling would lead to a diplomatic crisis in the mid 1920s.
