The Splendour of Lascaux Norbert Aujoulat, 2005 On 12 September 1940 four teenagers accidentally stumbled across a hole in the hillside overlooking the village of Montignac France This opening the entrance to the Lascaux Cave and its network of chambers brought to light stunning 17 000 year old paintings that vividly depicted a whole host of animals and figures The discovery was to become one of the greatest archaeological finds of the 20th century By the 1950s however the sheer number of visitors to the cave was causing the paintings to deteriorate forcing the Ministry of Cultural Affairs finally to close it to the public in 1963 A key figure at Frances National Centre for Prehistory Norbert Aujoulat has been fascinated by the Lascaux Cave ever since his first visit back in 1970 and has spent several years researching its ancient art In successive chapters he takes us on a thorough exploration of the historic site detailing the geological and archaeological background of the area and guiding us through the individual chambers and paintings from their very beginnings right up to the present day By capturing the beauty and essence of these world renowned masterpieces this richly illustrated and extensive study enables each and every one of us to experience the magical atmosphere of Lascaux for ourselves

Lascaux or the birth of art Georges Bataille, 1955 **Lascaux** Georges Bataille, 1955 **LASCAUX, OR THE BIRTH OF ART. BATAILLE., 1995** **What Is Paleolithic Art?** Jean Clottes, 2016-04-25 The noted archaeologist explores the varieties of prehistoric cave art across the world and offers surprising insights into its purpose and meaning What drew our Stone Age ancestors into caves to paint in charcoal and red hematite to watch the likenesses of lions bison horses and aurochs as they flickered by firelight Was it a creative impulse a spiritual dawn a shamanistic conception of the world In this book Jean Clottes one of the most renowned figures in the study of cave paintings pursues an answer to the why

of Paleolithic art Discussing sites and surveys across the world Clottes offers personal reflections on how we have viewed these paintings in the past what we learn from looking at them across geographies and what these paintings may have meant and what function they may have served for their artists Steeped in Clottes s shamanistic theories of cave painting What Is Paleolithic Art travels from well known Ice Age sites like Chauvet Altamira and Lascaux to visits with contemporary aboriginal artists evoking a continuum between the cave paintings of our prehistoric past and the living rock art of today Clottes s work lifts us from the darkness of our Paleolithic origins to reveal surprising insights into how we think why we create why we believe and who we are **Prehistoric Painting** Lascaux,1955 **The Cradle of Humanity** Georges Bataille,2005 Art of indigenous peoples *Prehistoric Art* Jean-Pierre Mohen,2002 Art history recognizes the fact that the discovery of the first Western European prehistoric ornate caves of Altamira Spain one hundred years ago the Lascaux caves in 1940 France and the Chauvet one in 1994 France gave birth to a period of wonder and questioning about the function of these images some of which are more than 30 000 years old Recent research across the 5 continents shows that these figurative and symbolic expressions reminiscent of ritualistic practices play an important part in the life of certain human groups because they partake in the mythical birth of these groups apparently fascinated by animals which they fight until death comes and fascinated by the life created by women Prehistoric Art showcases more than 150 absolutely stunning photographs of rocks and caves covered with prehistoric paintings along with a very informative text from back cover
