Gluttons Paradise:

Dante's Gluttons Danielle Callegari, 2025-10-01 Dante's Gluttons Food and Society from the Convivio to the Comedy explores how the medieval Italian poet Dante Alighieri 1265-1321 uses food to express and condition the social, political and cultural values of his time. Combining medieval history, food studies and literary criticism, Dante's Gluttons historicizes food and eating in Dante, beginning in his earliest collected poetry and arriving at the end of his major work. For Dante, the consumption of food is not a frivolity but a crux of life, and gluttony is the abdication of civic and spiritual responsibility and a danger to both the individual body and soul as well as the greater collective. This book establishes how one of the world's preeminent authors uses the intimacy and universality of food as a touchstone for forging a community bound by a gastronomic language rooted in the deeply human relationship with material sustenance.

Gluttony Francine Prose, 2003-11-06 In America, notes acclaimed novelist Francine Prose, we are obsessed with food and diet. And what is this obsession with food except a struggle between sin and virtue, overeating and self control, a struggle with the fierce temptations of gluttony. In *Gluttony*, Francine Prose serves up a marvelous banquet of witty and engaging observations on this most delicious of deadly sins. She traces how our notions of gluttony have evolved along with our ideas about salvation and damnation, health and illness, life and death. Offering a lively smorgasbord that ranges from Augustine's Confessions and Chaucer's Pardoner's Tale to Petronius's Satyricon and Dante's Inferno, she shows that gluttony was in medieval times a deeply spiritual matter, but today we have transformed gluttony from a sin into an illness, it is the horrors of cholesterol and the perils of red meat that we demonize. Indeed, the modern take on gluttony is that we overeat out of compulsion, self-destructiveness or to avoid intimacy and social contact. But gluttony, Prose reminds us, is also an affirmation of pleasure and of passion. She ends the book with a discussion of M. F. K. Fisher's idiosyncratic defense of one of the great heroes of gluttony, Diamond Jim Brady, whose stomach was six times normal size. The broad, shiny face of the glutton, Prose writes, has been and continues to be the mirror in which we see ourselves, our hopes and fears, our darkest dreams and deepest desires. Never have we delved more deeply into this mirror than in this insightful and stimulating book.

People of Nanjing Ye Zhaoyan, 2021-08-18 Nanjing has a prominent place in Chinese culture and history, as having been a capital city for ten times throughout history. The city of Nanjing is a fine history textbook. If one pores over this city, one will evoke the history of China itself. Every historic site in Nanjing is saturated with the character of human affairs. Whichever ruins one might visit, they are all part of a deep historical dialogue. In terms of scenery, Nanjing has mountains and rivers enough to match any city. But the city's strength is in its history and its unique culture. This book is a collection of prose about the unique history, culture and atmosphere of the city, as well as the temperament and customs of its people, by the renowned Nanjing-born writer Ye Zhaoyan. An elegant city with the European and American planning models adopted at the macro level and the traditional Chinese style at the micro level, the most beautiful, clean and well-planned modern city in twentieth-century China, Ye Zhaoyan remarks on the modern Nanjing.

city Gluttony and Gratitude Emily E. Stelzer,2018-02-14 Despite the persistence and popularity of addressing the theme of eating in Paradise Lost the tradition of Adam and Eve's sin as one of gluttony and the evidence for Milton's adaptation of this tradition has been either unnoticed or suppressed Emily Stelzer provides the first book length work on the philosophical significance of gluttony in this poem arguing that a complex understanding of gluttony and of ideal grateful and gracious eating informs the content of Milton's writing Working with contextual material in the fields of physiology philosophy theology and literature and building on recent scholarship on Milton's experience of and knowledge about matter and the body Stelzer draws connections between Milton's work and both underexamined textual influences including for example Gower's Confessio Amantis and well recognized ones such as Augustine's City of God and Galen's On the Natural Faculties
