**Gnosis** Geddes MacGregor,1979      **Gnosis** Gesses McGregor,1979      In the Face of God Michael Horton,1996-09-23 Have modern believers grown too comfortable with God In response to the unbiblical mystical spirituality of our day Michael Horton calls for a return to the teaching of the Apostle Paul and the early church The result is a compelling picture of true spiritual intimacy with God

**Nag Hammadi Bibliography 1970-1994** David Scholer,2020-10-26 This is a sequel to the immensely useful Nag Hammadi Bibliography 1948 1969 which was the first volume to appear in the Nag Hammadi Studies series The volume provides a complete integration of Supplements I XXIV to the Bibliography as published in Novum Testamentum 1971 1997 with additions and corrections In total the update contains over 6092 entries Nag Hammadi and Gnostic studies continue to be of critical importance for the study of ancient religions in the Graeco Roman world and for the study of the world of early Christianity and the present bibliography provides an indispensable reference tool for work in these fields

**Jesus in Q** Ky-Chun So,2017-04-06 JESUS IN Q is about the Sabbath and the theology of Jesus There are several books about the Sabbath with regard to the Gospel of Matthew Mark Luke and John but nothing regarding Q This book is designed to address the relation to the Sabbath in Q which makes it remarkable amongst other Sabbath related books with reference to the Synoptic Gospels Considering the rabbinic writers and the early fathers who have used generally in a free way the sayings of Jesus drawn from the Gospels and or oral tradition this book examines the apologists and the extracanonical writers whose writings constitute a well defined literary genre and witness a progressively more bookish use of the sayings of Jesus This book understands the extracanonical documents in early Judaism as a prerequisite for understanding the appearances of Jesus

Models of the History of Philosophy: From its Origins in the Renaissance to the 'Historia Philosophica' Giovanni Santinello,2013-04-17 Models of the History of Philosophy From its Origins in the Renaissance to the Historia philosophica a translation of a work published in 1981 in Italian the bibliography has been updated gives a comprehensive description of the various forms and approaches in the literature of the history of philosophy from the fifteenth to the middle of the seventeenth century Several traditions are described from the well known prisca theologia and perennis philosophia traditions of Marsilio Ficino and Augustino Steuco which claimed that the Greeks got their philosophy from the East to the unknown influence of Scepticism on the history of philosophy by the recovery of Sextus Empiricus and the German Protestant critical attack on Greek philosophy as Atheistic which was the tradition of the history of philosophy out of which Leibniz developed Each individual historian of philosophy is given a separate entry which includes a biography a complete bibliography of his works a description of his history of philosophy and ends with both an assessment of his reputation during his own time and a complete listing of recent literature on him As a result the substantial variety in the way the history of philosophy was written and with it an overview of the way western civilization developed is described in detail for the first time For university history of literature history of culture history of religion and history of philosophy

classes The book can be used both for undergraduate courses for specific reading assignments and as background material for graduate courses The bibliography provides important aids to many topics which have previously been almost inaccessible

Confession of a Catholic Michael Novak, 1985 Eighteen years after Vatican II this preeminent Catholic author called to account the values and policy of the Catholic church reevaluating some of the changes that he helped to effect and the impact of these changes on American Catholic life He concluded The world and its church looks far different now in 1983 from its reality in 1965 All is not well Originally published by Harper Row in 1983

**Toward Recovery of the Primordial Tradition** John Rossner, 1983

Gnosis Kurt Rudolph, 2001-06-20 Translated by R McL Wilson A full scale study based on the documents of the Coptic Gnostic library found at Nag Hammadi providing a comprehensive survey of the nature the teachings the history and the influence of this religion

**In Search of the Primordial Tradition & the Cosmic Christ** John Rossner, 1989

*Gnosis and Hermeticism from Antiquity to Modern Times* R. van den Broek, Wouter J. Hanegraaff, 1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one's true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement

*The Marrano Phenomenon* Agata Bielik-Robson, 2019-05-09 What we call here the Marrano phenomenon is still a relatively unexplored fact of modern Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution but nevertheless exerts significant influence on modern humanities Our aim however is not a historical study of the Marranos or conversos i.e. the mostly Spanish and Portuguese Jews of the 15th and 16th centuries who were forced to convert to Christianity but were suspected of retaining their Judaism undercover such an approach already exists and has been developed within the field of historical research We rather want to apply the Marrano metaphor to explore the fruitful area of mixture and crossover which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition What is of special interest to us is the modern development of the non normative forms of religious thinking located on the borderline between

Christianity and Judaism from Spinoza to Derrida     *Judaism in the Theology of Sir Isaac Newton* M. Goldish, 2013-04-17

This book is based on my doctoral dissertation from the Hebrew University of Jerusalem 1996 of the same title As a master's student working on an entirely different project I was well aware that many of Newton's theological manuscripts were located in our own Jewish National and University Library but I was under the mistaken assumption that scores of highly qualified scholars must be assiduously scouring them and publishing their results It never occurred to me to look at them at all until having finished my master's I spoke to Professor David Katz at Tel Aviv University about an idea I had for doctoral research Professor Katz informed me that the project I had suggested was one which he himself had just finished but that I might be interested in working on the famous Newton manuscripts in the context of a project being organized by him Richard Popkin James Force and the late Betty Jo Teeter Dobbs to study and publish Newton's theological material I asked him whether he was not sending me into the shark infested waters of highly competitive scholarship and learned that in fact there were only a handful of scholars in the world who actively studied and published on Newton's theology At the time the group consisted mainly of Popkin Force Dobbs Frank Manuel Kenneth Knoespel and David Castillejo     *The Living Church*

, 1980-07     **From the Golem to Freedom** Gábor L. Ambrus, 2024-02-08 With a particular focus on social media Gábor L. Ambrus explores how human beings relate to contemporary information technology Ambrus argues that religious traditions such as Judaism and Christianity as well as secular philosophical thought inspired by religion can be invoked to describe both the freedom and unfreedom of the user of information technology To illustrate how individuals relate to technology in a restricted and totalitarian online environment Ambrus adopts the figure and legend of the golem from Jewish mysticism At the same time his argument features other religious concepts and themes to describe an alternative to our present predicament of unfreedom while not seeking to portray any redemption outside the technological environment At the core of his argument Ambrus presents the experience of nothingness as a source of freedom opening up the possibility for a free relationship for us all with information technology     *Icons and the Mystical Origins of Christianity* Richard Temple, 1990

*Christian Thought*, 1919     *Neoplatonism and Gnosticism* Rich T. Wallis, Jay Bregman, 1992-07-07 In recent decades our view of Gnosticism has been revolutionized by the discovery of a Coptic Gnostic library at Nag Hammadi Egypt Currently Gnosticism is seen as a phenomenon extending far beyond Christianity and displaying a strong Platonic influence The opposition between the two systems was certainly not as sharp as Plotinus claimed Where why and how the ideological lines were drawn is discussed in the light of the new historical evidence     *The Primordial Tradition in Contemporary Experience: The psychic roots of ancient wisdom & primitive Christian gnosis* John Rossner, 1983     **Byzantine Theology** John Meyendorff, 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers For over a thousand years Eastern Christendom had as its center the second capital of the Roman Empire Constantinople the New Rome or Byzantium The geographical division between the Eastern and Western Churches was only one manifestation of deeper rifts

characterized by a long history of conflicts suspicions and misunderstandings Although the art monasticism and spirituality of Byzantium have come to be recognized as inspirational and influential in the shaping of Eastern European civilization and of the Middle Ages and the Renaissance as well the West has been in the main ignorant of the historical evolution and the doctrinal significance of Byzantine theology Here for the first time in English is presented a synthesis of Byzantine Christian thought The reader is guided through its complexities to an understanding of Byzantium its view of man and his destiny of deification its ability to transcend the Western captivity its survival under quite adverse historical circumstances In the end he may well find himself receptive to the basic positions of Byzantine thought which have attained in this time of need for the reintegration of Christianity itself a surprising contemporary relevance
