Gnostic Revisions Of Genesis Stories And Early Jes:

Gnostic Revisions of Genesis Stories And Early Jesus Traditions Gerard P. Luttikhuisen, 2006 The book examines the critical use of biblical and early Christian traditions in such Christian Gnostic texts as the Apocryphon of John The Nature of the Archons The Apocalypse of Adam The Testimony of Truth The Apocalypse of Peter The Letter of Peter to Philip and the apocryphal Acts of John *The First Apocalypse of James* Mikael Haxby, 2023-08-03 In this study Mikael Haxby offers a new analysis of a little studied early Christian text He uses recently discovered manuscript evidence to place the First Apocalypse of James in ancient debates about political violence and sexual difference **The Exegetical Encounter between Jews and Christians in Late Antiquity** Emmanouela Grypeou, Helen Spurling, 2009-10-31 The Exegetical Encounter between Jews and Christians in Late Antiquity is a collection of essays examining the relationship between Jewish and Christian biblical commentators The contributions focus on analysis of interpretations of the book of Genesis a text which has considerable importance in both Christian and Jewish tradition The essays cover a wide range of Jewish and Christian literature including primarily rabbinic and patristic sources but also apocrypha pseudepigrapha Philo Josephus and Gnostic texts In bringing together the studies of a variety of eminent scholars on the topic of Exegetical Encounter the book presents the latest research on the topic and illuminates a variety of original approaches to analysis of exegetical contacts between the two sets of religious groups The volume is significant for the light it sheds on the history of relations between Jews and Christians in Late Antiquity *The Greek Life of Adam and Eve* John R. Levison, 2022-12-05 For the first time Jack Levison offers the English speaking world a comprehensive commentary on the Greek Life of Adam and Eve an epic of pain death and hope An exhaustive introduction clarifies issues of literary character manuscripts and versions and provenance the commentary itself provides rich discussions of the Greek text illuminated by Jewish scripture and ancient Greek and Hebrew literature Fresh translation and bibliography *Jesus and the Gospels, Third Edition* Craig L. Blomberg, 2022-11-15 In Jesus and the Gospels New Testament scholar Craig Blomberg immerses the reader in the historical and cultural world of Gospel narratives for them to better understand and appreciate their focal point Jesus of Nazareth The Use of Scripture in the Apocryphon of John David Creech, 2017-08-01 David Creech explores at length the Apocryphon of John s ambivalent treatment of the Jewish and Christian scriptures Although Moses is explicitly corrected at five points in the text Genesis account of creation is nonetheless the basis for the Apocryphon s cosmogony and anthropogony Its uneven treatment of the biblical text is the result of a dispute between the authors of the Apocryphon and other early Catholics At the earliest stage of the text the Christians who wrote and read the Apocryphon worshiped alongside other early catholic Christians without any sense of contradiction or inconsistency The key shift in the Apocryphon occurred after Irenaeus of Lyons assault on Knowledge Falsely So Called In response to his concerted effort to bring the church under the authority of early catholic bishops the framers inserted corrections to Moses The corrections are primarily rhetorical and used to refute early catholic

Vande Kappelle, 2020-07-24 Spirituality is our connection to a greater whole It is a journey from God to God and with God and thus a journey toward Self Through this process we come to differentiate between our temporary self called ego and our permanent self the part of us made for ongoing relationship with God In the end we discover that we know God by being known much like one loves by being loved There are two halves or phases in spirituality sometimes flawed sometimes overlapping and other times distinct While many people experience first half of life spirituality most never get to second half of life thinking and living Designed as a study

guide for group or individual use

The Second Journey examines the development of Christian spirituality starting with its conception in the biblical and Greek philosophical tradition and continuing in orthodox and heterodox expressions. Reading this book is like looking through one's favorite album of photographs each illustrating some aspect or dimension vital to spirituality. The range of portraits examined is extensive including groups such as Platonists, Stoics, Gnostics, Quakers, Revivalists, Neo-Orthodox and Eastern Orthodox and individuals such as Philo, Valentinus, Origen, Dionysius, Augustine, Julian of Norwich, John of the Cross, Jonathan Edwards, John Wesley, Schleiermacher, Kierkegaard, Barth, Tillich and Richard Rohr. Examining traditional and non-traditional thinkers, readers will discover that knowing God involves both light and darkness, usually in that order. Spirituality does not make us otherworldly; it renders us more fully alive. *Matthew Fox*

The Tree of Life Douglas Estes, 2020-03-17 The tree of life is an iconic visual symbol at the edge of religious thought over the last several millennia. As a show of its significance, the tree bookends the Christian canon yet scholarship has paid it minimal attention in the modern era. In *The Tree of Life*, a team of scholars explore the origin, development, meaning, reception and theology of this consequential yet obscure symbol. The fourteen essays trek from the origins of the tree in the texts and material culture of the ancient Near East to its notable roles in biblical literature to its expansion by early church fathers and Gnostics to its rebirth in medieval art and culture and to its place in modern theological thought. *Virgin Whore* Emma Maggie Solberg, 2018-12-15 In *Virgin Whore*, Emma Maggie Solberg uncovers a surprisingly prevalent theme in late English medieval literature and culture: the celebration of the Virgin Mary's sexuality. Although history is narrated as a progressive loss of innocence, the Madonna has grown purer with each passing century. Looking to a period before the idea of her purity and virginity had ossified, Solberg uncovers depictions and interpretations of Mary discernible in jokes and insults, icons and rituals, prayers and revelations, allegories and typologies and in late medieval vernacular biblical drama. More unmistakable than any cultural artifact from late medieval England, these biblical plays do not exclusively interpret Mary and her virginity as fragile. In a collection of plays known as the N-Town manuscript, Mary is represented not only as virgin and mother but as virgin and promiscuous adulteress dallying with the Trinity, the archangel Gabriel and mortals in kaleidoscopic erotic combinations. Mary's virginity signifies invulnerability rather than fragility; redemption rather than renunciation and merciful license rather than ascetic discipline. Taking the ancient slander that Mary conceived Jesus in sin as cause for joyful laughter, the N-Town plays make a virtue of those accusations through bawdy yet divine comedy: she redeems and exalts the crime. By revealing the presence of this promiscuous Virgin in early English drama and late medieval literature and culture in dirty jokes told by Boccaccio and Chaucer, Malory's Arthurian romances and the double entendres of the allegorical *Mystic Hunt of the Unicorn*, Solberg provides a new understanding of Marian traditions. *The Canon and Beyond* Tobias Nicklas, 2024-10-28 How did the canon of the New Testament come into being? To what extent can we also speak of a history of the already existing canon? What functions were and are assigned to it in different historical contexts? What is the relationship

between canonical writings and extra canonical writings What is the relationship between Christian apocrypha and the texts of the Bible from the Old and New Testaments The number of questions surrounding the canon of New Testament writings and the lasting significance of apocryphal writings and traditions in relation to the canon is almost inexhaustible This volume brings together contributions by Tobias Nicklas on these topics from the past twenty years A particular focus is on the reassessment of Christian apocrypha and their relationship to image and rite and on understanding of canon as a dynamic entity

The Self-Donation of God Jack D. Kilcrease, 2013-03-20 In *The Self Donation of God* Jack Kilcrease argues that the speech act of promise is always an act of self donation A person who unilaterally promises to another is bound to take a particular series of actions to fulfill that promise Being that creation is grounded in God's promising speech the divine human relationship is fundamentally one of divine self donation and human receptivity Sin disrupts this relationship and therefore redemption is constituted by a reassertion of divine promise of salvation in the face of the condemnation of the law Gen 3 15 As a new and effective word of grace the promise of a savior begins the process of redemption within which God speaks forth a new narrative of creation In this new narrative God gives himself in an even deeper manner to humanity By donating himself through a promise first to the protological humanity and then to Israel he binds himself to them At the end of this history of self binding God in Christ enters into the condemnation of the law neutralizes it in the cross and brings about a new creation through his omnipotent word of promise actualized in the resurrection

Drama of the Divine Economy Paul M. Blowers, 2012-10-11 An introduction to the multiplex relation between Creator and creation as an object both of theological construction and religious devotion in the early church The book argues that patristic commentators were motivated less by cosmological concerns than the desire to depict creation as the enduring creative and redemptive strategy of the Trinity

Jesus and the Gospels (2nd Edition) Craig Blomberg, 2020-05-21 A clear and comprehensive introduction to the study of Jesus and the Gospels Craig Blomberg's award winning *Jesus and the Gospels* prepares readers for an intensive study of Matthew Mark Luke John and the events they narrate Blomberg considers the historical context of the Gospels and sheds light on the confusing interpretations brought forth over the last two centuries This updated edition incorporates new scholarship debate critical methods and the ongoing quest for the historical Jesus and ensures the work will remain a valuable tool for exploring the life of Christ through the first four books of the New Testament

Interactions in Interpretation, 2020-11-04 The concept of intertextuality was originally coined as an instrument in answering the question of how meaning is communicated through texts The *Interactions in Interpretation* discusses various aspects of how the world of the Bible seen as a world of a certain language a complex of ideas notions images idioms stories that are shared and referred to communicates with other worlds in both directions The collection of studies follows three types of interactions with marked bearing on understanding 1 interactions with a particular motif of dream 2 interactions with a particular text of Isa 6 9 10 3 intertextuality in changing contexts

Order and (Dis)order in the First Christian Century F.

Gerald Downing,2013-08-01 Articulate first century Mediterranean society Jewish and Christian included expressly favoured harmonious order in society in individuals in communication and in thought Its common basis was the patriarchal family the rule of law rational self control and rational thought Yet there was also resistance to oppressive and unjust order in all spheres and while law could be held educative yet there were substantial first century critiques of law not just Paul s and awareness that judicial procedures could be chaotic and biased Strands of such dissidence appear in Jesus and in Paul with significant relevance for any understanding of the early Christian movement s and contemporary Judaism s in Graeco Roman context but also with important implications for any practical reflections and application **The Quest for the Trinity**

Stephen R. Holmes,2012-10-03 Stephen Holmes tells the saga of the Christian doctrine of God hoping to provide some reflective distance on today s revival in Trinitarian studies We witness the church s discovery of the doctrine from Scripture its crucial patristic developments its medieval and Reformation continuity and its fortunes since the advent of modernity

Gnostic Morality Revisited Ismo Dunderberg,2015-06-18 While the early Christian texts discussed in this book are often treated as gnostic ones they are here approached as witnesses to the views of educated Christians engaged in dialogue with philosophical traditions Following the idea that ancient philosophical schools provided their adherents with ways of life Ismo Dunderberg explores issues related to morality and lifestyle in non canonical gospels and among groups that were gradually denounced as heretical in the church He deals with the soul s progress from material concerns to a life dominated by spirit the control of emotions the avoidance of luxury the ideal perfect human as a tool in moral instruction classifications of humankind into distinct groups based on their moral advancement and Christian debates about the value of martyrdom In addition he offers a critical review of some recent trends and attitudes in New Testament scholarship **Intertextuality in**

the Second Century D. Jeffrey Bingham,Clayton N. Jefford,2016-12-05 This volume offers an appreciation of the value of intertextuality from Greek Roman Jewish and biblical traditions as related to the post apostolic level of Christian development within the second century Not least of these foundational pillars is the certain impact of the Second Sophistic movement during this period with its insipient influence on much of early Christian theology s formation The variety of these strands of inspiration created a tapestry of many diverse elements that came to shape the second century Christian situation Here one sees biblical texts at work Jewish and Greek foundations at play and interaction among patristic authors as they seek to reconcile their competing perspectives on what it meant to be Christian within the contemporary context
