The Creation Timothy Williams,2017-02-21

The Creation by Timothy Williams In every religion there is something powerful out there that could help you in the time of trouble giving you guidance protection comfort and hope Through studying different religions from Christianity to Wicca the author has found that most religions have a God or Goddess that is worshipped People believe that they can create anything that they wish to be righteous Someday an event such as this can happen to the world A powerful being is ready to take on anything that confronts it From a small boulder to a nuclear warhead it is not human It doesn t matter what you try you will not stop it Your best bet is to leave it alone or be on its best side because if you don t leave it alone pray that it doesn t come after you So beware your surroundings any time and any place this thing could show up in front of your face If it does it s your choice of destiny make the right one or deal with The Creation

Translation/re-Creation Duncan Poupard, 2021-11-29 This book is a study of European language translations of Naxi ritual manuscripts the ritual literature of a small ethnic group living in southwest China s Yunnan Province The author discusses the translations into European languages in English French and German from the late nineteenth century to the second half of the twentieth century revealing a history of fragmentary yet interconnected translation efforts in the West By exploring this network he shows how translation can be understood as a metonymic recreation of textual worlds As Naxi manuscripts are semi oral texts representing an oral formulaic tradition their translation involves a metonymic relay of partial incorporations from manuscript image to reading spoken language Therefore the book

engages in a series of textual excavations to uncover the previously occluded contemporaneous readings that would have led to the translations we can consult today particularly in an attempt to understand how the Naxi literature came to be part of Ezra Pound's Cantos. Scholars in the field of ethnic minority literature in China and translation studies will find this book beneficial and it will make new contributions to comparative literature between the East and West. Smith, 2014-11-15. *Gods Plan of Creation* Written for All Gods Children Who Want to Know and Are Not Afraid to Think offers scripturally informed answers to questions arising in peoples minds as they wonder about the nature of God and His designs for all of creation. By using a three part structure that examines the Siege the Legacy and the Story Robert N Smith brings to bear both his long study of the Scriptures and his insights to provide guidance for all who want to know and are not afraid to think. The first part the Siege presents an inquiry and review of humanity's continuing efforts to gain hold of its Legacy. The focus of the second portion of Gods Plan of Creation the Legacy entails the gifts that God has chosen to give to humanity and that people today have received from the hands of their forebears in the faith. Finally the Story displays a visual timeline of creation plotting out key points of theology and cosmology. It is laid out landscape therefore it does not fit the book format. Part 3 is in progress and will follow soon. If you see the world in all its beauty complexity and diversity and you find yourself wondering about the God who made all things and about His desires for how humanity fits into His plans then Gods Plan of Creation Written for All Gods Children Who Want to Know and Are Not Afraid to Think will pour out insights worth pondering. It takes a fearless and eyes wide open look at God and His plans and invites you to join in a journey of vision and discovery.
