Go Puffins:

The Secret Lives of Puffins Dominic Couzens, 2014-07-31 An intimate photographic and pen portrait of one of the world's favourite birds Puffins are among the most instantly recognisable iconic and well loved of birds For many they are a highlight of the UK's summer coastline and their colourful appearance comedy antics and approachability just add to their popularity Several hotspots are attracting high levels of interest in visits to their colonies In spite of the high level of interest in and appeal of these birds there has been a surprising lack of books focused on Puffins as a species Award winning wildlife photographer Mark Sisson has spent several years photographing Puffins and this new book combines images that beautifully encapsulate their charm and visual appeal with an accessible text written by leading wildlife writer Dominic Couzens The book covers the birds life cycle behaviour habitats and the current and future challenges that they face along with many surprising facts and anecdotes

The Puffin of Death Betty Webb, 2024-04-02 California zookeeper Theodora Bentley travels to Iceland to pick up an orphaned polar bear cub destined for the Gunn Zoo's newly installed Northern Climes exhibit The trip is intended to be a combination of work and play But on day two while horseback riding near a picturesque seaside village Teddy discovers a man lying atop a puffin burrow shot through the head The victim is identified as American birdwatcher Simon Parr winner of the largest Powerball payout in history Is Teddy a witness or a suspect Others include not only Parr's wife a famed suspense novelist but fellow members of the birding club Parr had generously treated to their lavish Icelandic expedition Hardly your average birders several of them have had serious brushes with the law back in the States Guessing that an American would best understand other Americans police detective Thorvald Haraldsson grudgingly concedes her innocence and allows Teddy to tag along with the group to volcanoes glaciers and deep continental rifts in quest of rare bird species But once another member of the club is murdered and a rockfall barely misses Teddy's head Haraldsson forbids her to continue She ignores him and in a stunning solitary face off with the killer in Iceland's wild interior concludes an investigation at once exotic thrilling and rich in animal lore

Our Maine Aram Calhoun, Malcolm Hunter, Kent Redford, 2023-08-15 Lobsters blueberries moose and rugged coastlines dotted with lighthouses are emblematic of the state of Maine But underlying these simple icons is the rich natural heritage of Maine that drives the economy and shapes the state's culture The history of Maine's natural heritage has been co-produced by both the natural and human worlds The essays and photographs gathered here paint a vivid portrait of Maine's wild places and wild creatures as well as of human impacts and the way the state's heritage has changed

Nothin' but Puffins John McDonald, 2010-09-01 What is it about puffins that makes them so endearing Is it their portly wide-eyed toy-like appearance or their large brightly colored bills Whatever the reason puffins appeal to practically everybody And the puffins on these pages are no exception These sixty-four pictures of puffins at their most amusing paired with witty commentary are a unique presentation of Maine's favorite sea bird

Puffins For Kids Rachel Smith, John Davidson, 2016-03-22 Table of Contents Introduction What is a puffin What

kinds of puffins are there The history of puffins and humans Atlantic puffin Tufted puffin Horned puffin Conclusion Author Bio Publisher Introduction Puffins are adorable little creatures that sometimes remind people of penguins Their coloring is a little similar to some sort of penguins and they also live in cold regions but that's where the similarities end They are big parts of the culture in places such as Iceland and the Faroe islands and live in both the Atlantic Ocean area and the Pacific Most people know very little about puffins but they are fascinating creatures who have been the basis of survival for some and almost the symbol of their culture for others With their black and white bodies and their brilliantly colored beaks puffins stand out among birds They are not colorful like parrots or beautiful like swans but the puffin has its own unique charms

Team Awkward Katy Birchall, 2017-03-07 In this hilarious second novel in The It Girl trilogy painfully shy Anna's awkward adventures continue as she decides to find the thing she'll be famous for There are good ways of starting school after Spring Break But hiding in the bathroom after the video of you falling butt first into a potted plant has gone viral is not one of them If she's going to be famous Anna is determined to find a worthy thing to be famous for Everyone else seems to have one especially the new girl at school who's distracting her crush Connor with a shared love of art Luckily sports day is looming and Anna is limbering up What could go wrong Do you really have to ask that *Penguins Vs. Puffins* Julie Beer, 2017 A look at penguins and puffins through a humorous lens for children *Farewell Mr Puffin* Paul Heiney, 2021-07-08 It would be hard to imagine a more thoughtful intelligent and companionable person to go to sea with than Paul Heiney Bill Bryson High comedy on the high seas Informative and warm and freezing It's quite a combination Griff Rhys Jones The puffin is the joker amongst the seabirds of the north Atlantic but what is happening to this much loved bird is far from a laughing matter This is the conclusion of writer and broadcaster Paul Heiney who set sail from the east coast of England bound for Iceland propelled by a desire to breathe the cool clear air of the high latitudes and to follow in the wake of generations of sailors who have made this often treacherous journey since the 13th century In almost every harbour he tripped over maritime history and anecdote and came face to face with his own past as he sailed north along his childhood coastline of east Yorkshire towards the Arctic Circle But there was one major thing missing from this voyage the sight of puffins They are remarkable birds uplifting as a ray of sunshine after a storm To see them and share their waters was also part of Heiney's ambition Imagine then his disappointment when first no puffins appeared off the Farne Islands then none to be seen on puffin hotspots like Orkney When he failed to see puffins on Iceland it was the last straw and he started to become seriously concerned Heiney senses that a new chapter is about to be written and it is one in which we may have to say farewell to the puffin forever This book is rich in travel and sailing narrative natural and social history and with a strong undercurrent of good humour It provides not only an insight into the private life of the puffin but an honest portrait of human life on the ocean waves as well as a reflection on what we might lose if the puffin disappears from our icy northern waters
