God And Inscrutable Evil In Defense Of Theism And Atheism:

God and Inscrutable Evil David O'Connor, 1998 In this important new book David O'Connor discusses both logical and empirical forms of the problem of inscrutable evil perennially the most difficult philosophical problem confronting theism Arguing that both a version of theism friendly theism and a version of atheism friendly atheism are justified on the evidence in the debate over God and evil O'Connor concludes that a warranted outcome is a philosophical detente between those two positions On the way to that conclusion he develops two arguments from evil a reformed version of the logical argument and an indirect version of the empirical argument and deploys both against a central formulation of theism that he describes as orthodox theism God and Inscrutable Evil makes a valuable contribution to contemporary debates in the philosophy of religion

Atheism and Theism J. J. C. Smart, J. J. Haldane, 2008-04-15 In this book two philosophers each committed to unambiguous versions of belief and disbelief debate the central issues of atheism and theism Considers one of the oldest and most widely disputed philosophical questions is there a God Presents the atheism theism issue in the form of philosophical debate between two highly regarded scholars widely praised for the clarity and verve of their work This second edition contains new essays by each philosopher responding to criticisms and building on their previous work

The Cambridge Companion to Atheism Michael Martin, 2006-10-30 In this 2007 volume eighteen of the world's leading scholars present original essays on various aspects of atheism its history both ancient and modern defense and implications The topic is examined in terms of its implications for a wide range of disciplines including philosophy religion feminism postmodernism sociology and psychology In its defense both classical and contemporary theistic arguments are criticized and the argument from evil and impossibility arguments along with a non religious basis for morality are defended These essays give a broad understanding of atheism and a lucid introduction to this controversial topic

Christian Faith and the Problem of Evil Peter Van Inwagen, 2004 Gathers some of the most meaningful recent reflections on the problem of evil

Systematic Atheology John R. Shook, 2017-12-01 Atheology is the intellectual effort to understand atheism defend the reasonableness of unbelief

and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought: rationalist atheology, scientific atheology, moral atheology, and civic atheology John R Shook shows how a familiarity with atheology's complex histories, forms, and strategies illuminates the contentious features of today's atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism's intellectual strategies for reasoning with theology

Systematic Atheology is an important contribution to the philosophy of religion, religious studies, secular studies, and the sociology and psychology of nonreligion *Oxford Studies in Philosophy of Religion Volume 9* Lara Buchak, Dean W. Zimmerman, Philip Swenson, 2019-09-06

Oxford Studies in Philosophy of Religion is an annual volume offering a regular snapshot of state of the art work in this longstanding area of philosophy that has seen an explosive growth of interest over the past half century Under the guidance of a distinguished editorial board it publishes exemplary papers in any area of philosophy of religion *In Defense of Natural Theology* James F. Sennett, Douglas Groothuis, 2005-10-04

James F Sennett and Douglas Groothuis have assembled a distinguished array of scholars to examine the Humean legacy with care and make the case for a more robust if chastened natural theology after Hume *Oxford Studies in Philosophy of Religion* , 2025-03-23

Oxford Studies in Philosophy of Religion offers a regular snapshot of state of the art work in this longstanding area of philosophy that has seen an explosive growth of interest over the past half century Under the guidance of a distinguished editorial board it publishes exemplary papers in any area of philosophy of religion *The Problem of Evil* Benjamin W. McCraw, Robert Arp, 2015-12-24

This book engages the problem of evil from a variety of philosophical viewpoints, traditions, methodologies, and interests For millennia philosophers, theologians, and people outside of the academy have thought about evil and its relation to religious belief *The Problem of Evil: New Philosophical Directions* aims to take this history of thought into evil while also extending the discourse in other directions, providing a multi-faceted collection of papers that take heed of the various ways one can think about evil and what role it may play in philosophical considerations of religion From the nature of evil to the well-known problem of evil to the discussion of the problem in philosophical discourse, the collection provides a wide range of philosophical approaches to evil Anyone interested in evil, its nature, relation to religious belief, its use in philosophical discussion, and so on will find the papers in this book of interest **Beyond the Problem of Evil** Nathan R. B. Loewen, 2018-03-12

Beyond the Problem of Evil tackles the reinventing the philosophy of religion by way of a topic familiar to anyone who has encountered the field By considering how the problem of evil is historically structured by commitments to theism alongside the recent calls for cross-cultural relevance in the field, the book offers an argument whereby philosophers of religion may globalize the scope of their work Drawing on the work of Jacques Derrida and critical theorists of religion, the topic is reframed as an investigation of how social actors perceive necessities and grapple with

accidents that disrupt them In this way the usual commitments to categories structured by theism no longer prevent cross cultural studies of evil and the stage is set for rethinking the field

Fifty Years of Philosophy of Religion Andries F. Sanders, Kristof De Ridder, 2007 The bibliography lists about 10 000 titles of monographs collections and articles in the field of the philosophy of religion and philosophical theology that appeared between 1955 and 2005 The majority of them are in the English language but publications in German Dutch and French are listed as well Though it is not claimed to be exhaustive the bibliography offers a fairly representative survey of scholarly work on the main topics of interest Publications have been systematically classified according to eleven main categories Introductions Surveys and Historical Issues Part I Religious Language Part II Religious Experience Part III Religious Epistemology Part IV Theism Part V Hermeneutics Part VI Religion and Science Part VII Religion and Aesthetics Part VIII Religion and Morality Part IX Religious Pluralism Part X and Feminist Philosophy of Religion Part XI Part III has been subdivided into Religious Experience and Mystical Experience Part VII into The Concept of God arguments for The Existence of God The Problem of Evil and Atheism and Part VII into General and Historical Issues Theological Issues and implications of Modern Physics Cosmology and Biology The bibliography will particularly be useful to scholars teachers and students in the philosophy of religion philosophical theology and systematic theology as well as to those who are interested professionally or otherwise in the results of academic scholarship in those fields

The Axiology of Theism Klaas J. Kraay, 2021-10-14 Theism is the view that God exists naturalism is the view that there are no supernatural beings processes mechanisms or forces This Element explores whether things are better worse or neither on theism relative to naturalism It introduces readers to the central philosophical issues that bear on this question and it distinguishes a wide range of ways it can be answered It critically examines four views three of which hold in various ways that things are better on theism than on naturalism and one of which holds just the opposite

The Trauma of Doctrine Paul Maxwell, 2021-01-12 The Trauma of Doctrine is a theological investigation into the effects of abuse trauma upon the experience of Christian faith the psychological mechanics of these effects their resonances with Christian Scripture and neglected research informed strategies for cultivating post traumatic resilience Paul Maxwell examines the effect that the Calvinist belief can have upon the traumatized Christian who negatively internalizes its superlative doctrines of divine control and human moral corruption and charts a way toward meaningful spiritual recovery

The Problem of Animal Pain T. Dougherty, 2014-07-22 Animal suffering constitutes perhaps the greatest challenge to rational belief in the existence of God Considerations that render human suffering theologically intelligible seem inapplicable to animal suffering In this book Dougherty defends radical possibilities for animal afterlife that allow a soul making theodicy to apply to their case

God, Probability, and Life after Death William Hunt, 2017-11-22 God Probability and Life after Death reveals its objective in its title namely to present an exploratory argument concerning the probability of human resurrection The exploratory argument follows a probabilistic passage along an evidential trail to the discovery of the probability of life after death It is a

trail that the reader can personally engage with in order to reach their own conclusion and even introduce additional evidence they think relevant The argument begins with the probability of the existence of God and once a position is established on this issue the argument becomes empowered for the next stage which is to address the evidence for human resurrection namely the Resurrection of Jesus near death experiences and apparitions The probabilistic relationship between the evidence and the resurrection hypothesis is critically examined throughout the book by engaging the potential views of an atheist and agnostic in addition to that of a theist On this probabilistic journey other issues relevant to the resurrection argument are introduced such as personal identity and the possibility of resurrection given the nature of our world Evidence and argument for a non supernatural possibility for human resurrection are also considered Significantly the author does not assume the normal spiritual approach to human resurrection when a disembodied soul leaves the body to continue a spiritual existence in a ghostly realm Instead a materialistic approach is taken whereby the resurrected person survives in bodily form in a physical realm The use of probability theory is intended to keep the evidential argument within the bounds of coherent reasoning It also enables the argument to link one piece of evidence to the next in a probabilistic sequence that eventually leads to the conclusion that human resurrection is not only possible it is also very likely

Alvin Plantinga and Christian Apologetics Keith A. Mascord, 2007-01-01 The distinguished American philosopher Alvin Plantinga has had a career long interest in the defense of Christian belief There hasn t been a major contemporary challenge to such belief that Plantinga has not in some way addressed This book draws together those

contributions highlighting particularly Plantinga's groundbreaking work in the areas of epistemology and the problem of evil. Historical and biographical background information is included to give perspective to Plantinga's work. His theory that both theistic and Christian belief is warranted and basic is explored and critiqued and an assessment is offered as to the significance of Plantinga's work for apologetic theory and practice.

Understanding Spiritual Warfare James K. Beilby, Paul Rhodes Eddy, 2012-12-01

The topic of spiritual warfare is an issue of ongoing interest in a number of sectors of the contemporary church. This four-view work brings together leading theologians and ministry leaders to present major views on spiritual warfare in dialogical fashion; all authors present their views and then respond to each of the other views. Contributors include Walter Wink with Gareth Higgins and Michael Hardin, David Powlison, Gregory Boyd, C. Peter Wagner, and Rebecca Greenwood. This volume provides a balanced irenic approach to a much-discussed and often controversial topic. Offering a model of critical thinking and respectful dialogue, it highlights the differences between contributors, discusses a full range of important topics on the subject, and deploys biblical as well as theological arguments.
