## God And History:

*A History of God* Karen Armstrong, 1993 We look first at the gradual move away from the pagan gods to the full fledged monotheism of the Jews during the exile in Babylon Next considered is the development of parallel yet different perceptions and beliefs among Christians and Muslims

**A History of God** Karen Armstrong, 2011-08-10 Why does God exist How have the three dominant monotheistic religions Judaism Christianity and Islam shaped and altered the conception of God How have these religions influenced each other In this stunningly intelligent book Karen Armstrong one of Britain's foremost commentators on religious affairs traces the history of how men and women have perceived and experienced God from the time of Abraham to the present The epic story begins with the Jews gradual transformation of pagan idol worship in Babylon into true monotheism a concept previously unknown in the world Christianity and Islam both rose on the foundation of this revolutionary idea but these religions refashioned the One God to suit the social and political needs of their followers From classical philosophy and medieval mysticism to the Reformation Karen Armstrong performs the near miracle of distilling the intellectual history of monotheism into one superbly readable volume destined to take its place as a classic Praise for History of God An admirable and impressive work of synthesis that will give insight and satisfaction to thousands of lay readers The Washington Post Book World A brilliantly lucid spendidly readable book Karen Armstrong has a dazzling ability she can take a long and complex subject and reduce it to the fundamentals without oversimplifying The Sunday Times London Absorbing A lode of learning Time The most fascinating and learned study of the biggest wild goose chase in history the quest for God Karen Armstrong is a genius A N Wilson author of Jesus A Life

**God** Reza Aslan, 2017-11-07 NEW YORK TIMES BESTSELLER The author of *Zealot* explores humanity's quest to make sense of the divine in this concise and fascinating history of our understanding of God In *Zealot* Reza Aslan replaced the staid well worn portrayal of Jesus of Nazareth with a startling new image of the man in all his contradictions In his new book Aslan takes on a subject even more immense God writ large In layered prose and with thoughtful accessible scholarship Aslan narrates the history of religion as a remarkably cohesive attempt to understand the divine by giving it human traits and emotions According to Aslan this innate desire to humanize God is hardwired in our brains making it a central feature of nearly every religious tradition As Aslan writes Whether we are aware of it or not and regardless of whether we're believers or not what the vast majority of us think about when we think about God is a divine version of ourselves But this projection is not without consequences We bestow upon God not just all that is good in human nature our compassion our thirst for justice but all that is bad in it our greed our bigotry our penchant for violence All these qualities inform our religions cultures and governments More than just a history of our understanding of God this book is an attempt to get to the root of this humanizing impulse in order to develop a more universal spirituality Whether you believe in one God many gods or no god at all *God A Human History* will challenge the way you think about the divine and its role in our everyday lives Praise for *God* Timely riveting enlightening and necessary

HuffPost Tantalizing Driven by Reza Aslan's grace and curiosity God helps us pan out from our troubled times while asking us to consider a more expansive view of the divine in contemporary life The Seattle Times A fascinating exploration of the interaction of our humanity and God Pittsburgh Post Gazette Aslan's slim yet ambitious book is the story of how humans have created God with a capital G and it's thoroughly mind blowing Los Angeles Review of Books Aslan is a born storyteller and there is much to enjoy in this intelligent survey San Francisco Chronicle **God, History, and Historians** C. T. McIntire, 1977 Twenty leaders of contemporary Christian thought probe basic issues of theology social change and historiography **God in History** Sherwood Eddy, 1947 *God in History ; And, God in Science* John Cumming, 18??

**Redeeming Our Thinking about History** Vern S. Poythress, 2022-02-02 Why Is It Critical for Christians to Study the Past How does knowledge of the past shape Christians views of God Christ's redemption and humanity as a whole In his new book Vern S Poythress teaches Christians how to study and write about the past by emphasizing God's own command to remember his works and share them with the next generation Readers will explore concepts such as providentialism Christian historiography divine purpose and the 4 basic phases of biblical history creation fall redemption and consummation By learning how to appropriately study history believers will begin to recognize God's lordship over all events and how even minor incidents fit into his overarching plan Excellent Resource for Seminary Students Pastors and Historians Poythress explains how to write about history understand God's divine purposes explore history in the Bible and more Applicable Teaches readers how to glorify God by recognizing his deeds throughout history Biblical and Informative Outlines 4 phases of history and connects them to Christ's redemption **God in History; And, God in Science** John Cumming, 2012-08-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy God in History John Cumming, 2025-05-22 In God in History John Cumming explores the role of divine providence in shaping historical events This work originally published in 1849 examines history through a theological lens seeking to understand God's purpose and actions within the rise and fall of nations and the course of human affairs Cumming's insightful analysis offers a perspective on understanding historical events not merely as the result of human actions but as part of a divine plan This book provides valuable insights into the religious and intellectual climate of the 19th century and continues to be relevant for those interested in the intersection of faith and history This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and

other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Together Bound* Frank G. Kirkpatrick,1994-01-06

Challenging the assumption that the concept of divine action is necessarily paradoxical on the grounds that God is radically transcendent of finitude or can perform only a master act of creating and sustaining the universe Frank Kirkpatrick defends as philosophically credible the Christian conviction that God is a personal Agent who also acts in particular historical moments to further the divine intention of fostering universal community Kirkpatrick claims that God and the world are distinct realities together bound in a mutual relationship of reciprocal historical action In this relationship God both acts upon and responds to human beings in specific moments in their history The implications of this claim for understanding the biblical narrative the problem of evil cosmological theories and the realism of Christian community are pursued *God in History* John Cumming,2017-12-25 Excerpt from *God in History Or Facts Illustrative of the Presence and Providence of God in the Affairs of Men* The basis of the following little work was a lecture delivered in Exeter Hall by request of that excellent institution the Young Men s Christian Association It was found impossible to present more than a sketch or outline in a Lecture The present treatise is an attempt to fill up the outline by embodying in it facts and incidents and occurrences necessarily omitted or briefly alluded to in the lecture The subject is an intensely interesting one rich in suggestive illustrations and practical in so far as it comes home to the bosom and business of every man About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**God & History** James Montgomery Boice,1981-01-01 *The Lord of History* Jean Daniélou,1958 **God's History of Man. Sermons ...** John Edward Sabin (M.A., Rector of Preston Bissett, Bucks.),1839 **God in History** Peter Crafts Hodgson,1989 **A New Witness for God: History of the Mormon Church and the Book of Mormon** B. H. Roberts,2020-12-17 A New Witness for God is a three volume treatise by B H Roberts one of the leaders in the Church of Jesus Christ of Latter day Saints who wrote this work as a recapitulation of 75 years of the existence of Mormonism and Mormon Church The author s purpose was to prove that the world was in need of a new God s witness and that Joseph Smith

a great modern prophet was that witness Dividing the work in thesis he firstly proves that the world was in necessity of a New Witness then moves on to the state of the Christian church and how it was destroyed and there was an apostasy from the Christian religion third thesis deals with the Scriptures declaring that the Gospel will be restored to the Earth final thesis suggest that Joseph Smith is the New Witness for God who re established the Church of Jesus Christ on Earth Following these theses is the study of the Book of Mormon *Jews, God, and History* Max I. Dimont,1994 The acclaimed book that spans centuries and circles the globe to tell the astounding 4 000 year story of the Jewish people and their triumphant contributions to the history of Asia Europe and America First published 30 years ago this million copy seller has been updated and broadened to explore even more Jewish ideas and developments **God in History; Or, The Progress of Man's Faith in the Moral Order of the World** Christian Carl Josias von Baron Bunsen,1868 **A History of God** Karen Armstrong,1993 **Pneumatology and Theology of the Cross in the Preaching of Christoph Friedrich Blumhardt** Simeon Zahl,2010-09-23 This book identifies the impasse between classical Protestant and contemporary charismatic and Pentecostal pneumatologies as a fundamental theological problem Its goal is to contribute a constructive pneumatological proposal for moving beyond this impasse based on the resources of the theology of Christoph Friedrich Blumhardt 1842 1919 The disagreement is over the question of unmediated experience of the Holy Spirit Luther s rejection of enthusiastic pneumatologies on the basis of a narrow concept of the mediation of the Word and a pessimistic anthropology became Protestant orthodoxy In relation to classical Protestantism the primary theological distinctive of charismatic theology is its strong affirmation of unmediated experience of the Spirit in Christian life and worship The Pentecostal movement s rapid growth in the past century has brought this difference to the fore Christoph Blumhardt s theology which integrates pessimistic anthropology and unmediated experience is well suited to exploring the impasse between the two theological traditions
