## **God And Power Counter Apocalyptic Journeys:**

**God and Power** Catherine Keller, 2005-05-26 Keller traces America's response to the current national international and religious situation to the deeply fraught legacy of Christian apocalypticism. After diving deeply into the multiple and conflicting political and religious meanings of the Book of Revelation she proposes a counter apocalypse an anti imperial political theology of love. Mourner, Mother, Midwife L. Juliana M. Claassens, 2012-01-01 Juliana Claassens explores alternative Old Testament metaphors that portray God as mourner mother and midwife images that resist the violence and bloodshed associated with the dominant warrior imagery. **Out of the Ashes** Kenneth W. Arthur, 2017-08-10 This book seeks to help those who doubt or can no longer believe what they've been taught about Christianity that they don't have to abandon their faith. Kenneth Arthur challenges traditional thinking and helps the reader move beyond fundamentalism by thoughtfully reflecting on theological alternatives. His life has truly been a pilgrimage a search for meaning and purpose that includes belief and behavior as well as belonging so he proposes a constructive theology based on his own experiences and education in conjunction with the Bible well known theologians and other sources of revelation. Discussion questions at the end of each chapter invite conversation and provide a helpful resource for small groups. *Theology, Creation, and Environmental Ethics* Whitney Bauman, 2009-04-30 Winner of the John Templeton Award for Theological Promise 2009 This book argues that the Christian doctrine of creatio ex nihilo creation out of nothing sets up a support system for a logic of domination toward human and earth others. Conceptually inspired by the work of theologian Catherine Keller and feminist philosopher of the environment Val Plumwood it follows a genealogical method in examining how the concept of creation out of nothing materializes in the world throughout different periods in the history of the Christian West. **The ^AOxford Handbook of Eschatology** Jerry L. Walls, 2007-12-03 Eschatology is the study of the last things death judgment the afterlife and the end of the world. Through centuries of Christian thought from the early Church fathers through the Middle Ages and the Reformation these issues were of the utmost importance. In other religions too eschatological concerns were central. After the Enlightenment though many religious thinkers began to downplay the importance of eschatology which in light of rationalism came to be seen as something of an embarrassment. The twentieth century however saw the rise of phenomena that placed eschatology back at the forefront of religious thought. From the rapid expansion of fundamentalist forms of Christianity to the recent and very public debates about suicide martyrdom and paradise in Islam interest in eschatology is once again on the rise. The Oxford Handbook of Eschatology will provide an important critical survey of this diverse body of thought and practice from a variety of perspectives. **Transcendence and Beyond** John D. Caputo, Michael J. Scanlon, 2007 A benchmark volume at the intersection of philosophy and religion. **Christianity and Social Systems** Rosemary Radford Ruether, 2009 From the earliest interactions of Christians with the Roman Empire to today's debates about the separation of church and state the Christian churches have been in complex relationships with various economic

and political systems for centuries. Renowned theologian Rosemary Radford Ruether analyzes the ways the Christian church has historically interacted with powerful systems such as patriarchy, racism, slavery, and environmentalism while looking critically at how the church shapes these systems today. With a focus on the United States, Christianity and Social Systems provides an introductory analysis of the interactions between the churches and major systems that have shaped western Christian and post-Christian society. Ruether discusses ideologies such as liberalism and socialism and includes three country case studies: Nicaragua, South Africa, and North and South Korea to further illustrate the profound influences Christianity and social systems have with each other. This book is neither an attack on the relationship between Christianity and these systems nor an apology but rather a nuanced examination of the interactions between them. By understanding how these interactions have shaped history, we can more fully understand how to make ethical decisions about the role of Christianity in some of today's most pressing social issues, from economic and class disparities to the environmental crisis.

**The Sleeping Giant Has Awoken** Jeffrey W. Robbins, Neal Magee, 2008-04-11. Introduction by John Caputo and Afterword by Slavoj Žižek. The triumph of American political conservatism in the last two decades has been paralleled by the ascendance of Christian evangelicalism. More importantly, the political Campaigns of 2000 and 2004 marked a convergence between these two political entities with an effectiveness never before seen in national elections. On the one side, conservatives have successfully set the terms of debate around so-called family values and the status of religion in the public sphere. On the other side, evangelicals have mobilized in a new self-awareness of their formidable political power and now demand representation at all levels of government. Upon what fundamental ideas does this convergence rest? What potential dangers does it present for the concepts of religion, politics, and America? How secure is this alliance, and what does each side sacrifice in order to sustain it? Must all religion in America now become similarly engaged in the political sphere? This volume is a collection of articles by a group of young scholars addressing the nexus between political conservatism, evangelical Christianity, and American consumerist culture.

The Community of the Weak Hans-Peter Geiser, 2013-03-28. Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale. Both in the academy and in the public square, as well as in the manifold local and pastoral moments of ministry and community social activism, the social, the postmodern, and the theological intermingle in engaging and border-crossing ways. The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch, using jazz as a metaphor, writing ethnographically messy texts out of the personal windows of lived experiences, combining fragments of autobiography with theological reconstruction. A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts. The author proposes a systematic and fundamental theology that is more jazzy, global, and narrative, deeply embedded in pastoral ministry to tell its postmodern story.

**Dalit Theology after Continental Philosophy** Y.T.

Vinayaraj,2016-07-15 This book steeped in the traditions of both postcolonial theory and Continental philosophy addresses fundamental questions about God and theology in the postcolonial world Namely Y T Vinayaraj asks whether Continental philosophies of God and the other can attend to the struggles that entail human pain and suffering in the postcolonial context The volume offers a constructive proposal for a Dalit theology of immanent God or de othering God as it emerges out of the Lokayata the Indian materialist epistemology Engaging with the post Continental philosophers of immanence such as Gilles Deleuze Giorgio Agamben Catherine Malabou and Jean Luc Nancy Vinayaraj explores the idea of a Dalit theology of God and body in the post Continental context The book investigates how there can be a Dalit theology of God without any Christian philosophical baggage of transcendentalism The study ends with a clarion call for Indian Christian Theology to take a turn toward an immanence that is political and polydoxical in content

**Divine Enjoyment** Elaine Padilla,2014-12-02 This book s theological and philosophical construction of a God of enjoyment poetically remaps divine love Posing a critique to the Aristotelian unmoved mover whose intellective enjoyment is self enclosed this book s affective tones depict a passionate God who intermingles with the cosmos to suffer and yearn out of love even improper love Divine Enjoyment leads the reader to a path of excess first in the form of an intellective appetite that for Aquinas places God beyond the divine self then more erotically in the silhouette of a lover whose love is like the delectable pain of mystics Culminating with banqueting fiesta and carnival the book deterritorializes God s affect conceiving of an expansively hospitable enjoyment stemming from many life forms With a renewed welcome for pleasure the book also upholds a disruptive ethic Ultimately an immoderate God of love whose passionate enjoyment stems from the sufferings as well as joys of the cosmos offers another paradigm of lovingly enjoying oneself in relationship with passionate becomings that belong to many others

**Gendering Christian Ethics** Jenny Daggers,2012-11-30 Gendering Christian Ethics brings together ethical reflections by a new generation of European and American researchers Contributors are well versed in feminist theology and feminist theory chapters build on foundations laid by pioneers who first raised questions of gender and Christianity Christian ethics have a bearing on the conduct of Christian theology church or institution and on distinctive Christian ways of engaging with the wider world Gendering Christian Ethics addresses these inner and outer dynamics

**New Feminist Christianity** Mary E. Hunt,Diann L. Neu,2012-01-01 Powerful insights from ministers theologians activists leaders artists and liturgists who are shaping the future Christianity has been a source of the oppression of women as well as a resource for unleashing women s full humanity Feminist analysis and practice have recognized this Feminist Christianity is reshaping religious institutions and religious life in more holistic inclusive and justice focused ways from the Introduction Feminism has brought many changes to Christian religious practice From inclusive language and imagery about the Divine to an increase in the number of women ministers Christian worship will never be the same Yet even now there is a lack of substantive structural change in many churches and complacency within denominations The contributors to this book are the thought leaders who are shaping and being shaped

by the emerging directions of feminist Christianity They speak from across the denominational spectrum and from the many diverse groups that make up the Christian community as it finds its place in a religiously pluralistic world Taken together their voices offer a starting point for building new models of religious life and worship Topics covered include feminist Theological Visions Scriptural Insights Ethical Agendas Liturgical and Artistic Frontiers Ministerial Challenges The Cyberdimension Eric Trozzo,2019-04-29 In 2013 Edward Snowden released a trove of documents revealing the extent of government electronic surveillance Since then we have been inundated with reports of vicious malware attacks election hacking data breaches potential cyberwars fights over Net Neutrality and fake internet news Where once discussion of cyberspace was full of hope of incredible potential benefits for humanity and global connection it has become the domain of fear anxiety conflict and authoritarian impulses As the cloud of the Net darkens into a storm are there insights from Christian theology about our online existence Is the divine present in this phenomenon known as cyberspace Is it a realm of fear or a realm of hope In The Cyberdimension Eric Trozzo engages these questions seeking not only a theological means of speaking about cyberspace in its ambiguity but also how the spiritual dimension of life provokes resistance to the reduction of life to what can be calculated Rather than focusing on the content available online he looks to the structure of cyberspace itself to find a chastened yet still expectant vision of divinity amidst the political economic and social forces at play in the cyber realm

*Political Theology for a Plural Age* Michael Jon Kessler,2013-06-20 Political Theology for a Plural Age provides historic and contemporary understandings of political engagement in Christianity Judaism and Islam engaging political theologies not merely as a set of theoretical concepts but as religious beliefs and principles that motivate specific political action

**Creating Women's Theology** Monica A. Coleman,Nancy R. Howell,Helene Tallon Russell,2011-09-22 Creating Women's Theology engages women's questions Can women from different religious traditions engage one theological approach Can one philosophical approach support feminist religious thought What kind of belief follows women's criticism of traditional Christianity Creating Women's Theology offers a portrait of how some women have found room for faith and feminism For the last twenty five years women religion scholars have synthesized process philosophy with their feminist sensibilities and faith commitments to highlight the value of experience the importance of freedom and the interdependence of humanity God and all creation Cutting across cultural and religious traditions process relational feminist thought represents a theology that women have created This volume offers an introduction to process and feminist theologies before presenting selections from canonical works in the field with study questions This volume includes voices from Christianity Judaism goddess religion the Black church and indigenous religions Creating Women's Theology invites new generations of undergraduate seminary and university graduate students to the methods and insights of process relational feminist theology **Theology and the DC Universe** Roshan Abraham,Gabriel Mckee,2023-05-30 Superman's first appearance in Action Comics 1 1938 proclaimed that the character would reshape the destiny of the world The advent of the first superhero initiated a shared narrative the DC

superhero universe that has been evolving in depth and complexity for more than 80 years Superman Batman and Wonder Woman have become key threads in the tapestry of the American mythos shaping the way we think about life right and wrong and our relationship with our own universe Their narrative world is enriched by compelling stories featuring lesser known characters like Dr Fate the Doom Patrol John Constantine and the Legion of Super Heroes Stories set within this shared universe have explored questions of death rebirth the apocalypse the nature of evil the origins of the universe and the destiny of humankind This volume brings together the work of scholars from a range of backgrounds who explore the role of theology and religion in the comics films and television series set in the DC Universe The thoughtful and incisive contributions to this collection will appeal to scholars and fans alike

**What is Constructive Theology?** Marion Grau, Jason Wyman, 2020-10-29 This essential introduction to contemporary constructive theology charts the most important disciplinary trends of the moment It gives a historical overview of the field and discusses key hermeneutical and methodological concerns The contributors apply a constructive perspective to a wide range of approaches ranging from biblical hermeneutics and postcolonial studies to comparative political and black theology What is Constructive Theology shows how diverse and interdisciplinary constructive theology can be by exploring key themes in the field The contributors explore the porous boundaries between Christianity and other religions reflect on contextual liberation and constructive theologies from Africa and from Black British perspectives explore the connection between embodiment epistemology and hermeneutics and take a constructive approach to the dangerous memories and theologies of colonial histories in Belgium and Native Americans in the United States This sampler of the field will help you rethink theologies and find constructive alternatives

**Theopoetics and Religious Difference** Marius van Hoogstraten, 2020-09-30 Why are interreligious encounters and relations both more troubling and more promising than typically assumed and how can this be embraced In engaging the contemporary theological discourse of theopoetics Marius van Hoogstraten offers a way of approaching religious difference that while perhaps unusual to readers familiar with more conventional theology may be especially fitting for this age Provided by publisher

[Retrieving the Radical Tillich](#) Russell Re Manning, 2016-01-26 Paul Tillich is best known today as a theologian of mediation Many have come to view him as an out of date thinker a safe exemplar of a mid twentieth century theological liberalism The way he has come to be viewed contrasts sharply with the current theological landscape one dominated by the notion of radicality In this collection Russell Re Manning breaks with the widespread opinion of Tillich as safe and dated Retrieving the Radical Tillich depicts the thinker as a radical theologian strongly marked but never fully determined by the urgent critical demands of his time From the crisis of a German cultural and religious life after the First World War to the new realities of religious pluralism Tillich's theological responses were always profoundly ambivalent impure and disruptive asserts Re Manning The Tillich that is outlined and analyzed by this collection is never merely correlative Far from the dominant image of the theologian as a liberal accommodationist Re Manning reintroduces

the troubled and troubling figure of the radical Tillich
