God And The Gurus An Introduction For Christians:

God and the Gurus R. D. Clements, 1974 An Introduction to Christian Worldview Tawa J. Anderson, W. Michael Clark, David K. Naugle, 2017-10-10 Why do worldviews matter What characterizes a Christian worldview Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews Well organized clearly written and featuring aids for learning this is the essential text for either the classroom or for self study **The Debaters of This Age** Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time *Jesus as Guru* J.P. Schouten, 2008-01-01 People in India form images of Jesus Christ that link up with their own culture Hindus have given Jesus a place among the teachers and gods of their own religion seeing in his life something of the wisdom and mysticism that is so central to Hinduism Christians in India also make use of the concepts provided by Hinduism when they wish to express the meaning of Christ Thus in any case Jesus is for Hindus and Christians a guru a teacher of wisdom who speaks with divine authority But for many Hindu philosophers and Christian theologians there is much more that can be said about him within the Indian framework He can be described as an avatara a divine descent or linked to the Brahman the all encompassing Reality This study looks at both Hindu and Christian views of Christ starting with that of the Hindu reformer Rammohan Roy at the beginning of the nineteenth century as well as those of the first Christian theologians of India The views of Mahatma Gandhi and the monks of the Ramakrishna Mission are discussed and those of influential Christian schools such as the Ashram movement and dalit theology Five intermezzos indicate how artists in India portray Jesus Christ The Guru in Indian Catholicism Catherine Cornille, 1992 **Christian Philosophical Theology** Stephen T. Davis, 2006-03-16 Christian Philosophical Theology constitutes a Christian philosopher s look at various crucial topics in Christian theology including belief in God the nature of God the Trinity christology the resurrection of Jesus the general resurrection redemption and theological method The book is tightly argued and amounts to a coherent explanation of and case for the Christian world

view Although written from a broadly Reformed Protestant perspective and although the author does not avoid controversial topics the aim is to present a merely Christian world view to adapt slightly C S Lewis s famous term That is Stephen T Davis attempts to write as much as possible from the perspective of the broad centre of Christian understanding *Christianity For Dummies* Richard Wagner,2011-04-20 Get to know the beliefs and practices inspired by Jesus Christ Discover what it means to be a Christian and follow the gospel Curious about Christianity This friendly guide helps you understand the basic teachings of the Christian faith exploring the common ground that all Christians share the differences among the major branches the key events in Christian history the key theological issues and the many ways Christians live out their faith in today s world The Dummies Way Explanations in plain English Get in get out information Icons and other navigational aids Tear out cheat sheet Top ten lists A dash of humor and fun Discover how to Express the core essentials of Christianity Appreciate the life and teachings of Jesus Understand why the Bible is central to the faith Respect the unique roles of the Trinity Explore controversial issues among the branches God's Rule on Earth - Disciple or Christian Abraham Panampara,2008 **A Short Introduction to World Religions** Tim Dowley,2018-07-01 This leading textbook for world religions is now available in a more concise version Many of the features of Introduction to World Religions are retained in this volume but with focus on the religious traditions themselves The section on religions of antiquity has been removed and key content in each chapter streamlined to increase accessibility for students in their study and research of the world s religious traditions Known and valued for its balanced approach this book offers an arresting layout with rich illustrations It continues to provide broad coverage of diverse religions including indigenous religions Hinduism Buddhism Jainism Judaism Christianity Islam Sikhism and Chinese Korean and Japanese religions The user friendly content is enhanced by charts of religious festivals historic timelines updated maps of the world s religions and a useful glossary Both historical overviews and modern perspectives for each religion are included This edition includes several updates made to the new third edition including a new design a new section on women and religion and a newly revised section on religions in today s world

biblically the pattern of Jesus who did not give static presentations but rather customized his words to each hearer By learning his ways our words too can have pinpointed impact Christians will discover how to draw out first in order to read their friends and discern the relevant appeal of the gospel In this way the style is far more dynamic It adapts Understanding the non believer s unique starting point will determine a distinct path By creating a conversation about spiritual influence and what is involved in faith formation this book charts ways for Christians to go deeper in evangelistic relationships Most importantly Soul Whisperer infuses skills that will shape a more Christ likened missional disciple
