# Gedatsukai Its Theory And Practice

**Judith Snodgrass**

## **Gedatsukai Its Theory And Practice:**

Gedatsukai, Its Theory and Practice Minoru Kiyota, 1982      *Presenting Japanese Buddhism to the West* Judith Snodgrass, 2003-12-04 Japanese Buddhism was introduced to a wide Western audience when a delegation of Buddhist priests attended the World's Parliament of Religions part of the 1893 Columbian Exposition in Chicago. In describing and analyzing this event, Judith Snodgrass challenges the predominant view of Orientalism as a one-way process by which Asian cultures are understood strictly through Western ideas. Restoring agency to the Buddhists themselves, she shows how they helped reformulate Buddhism as a modern world religion with specific appeal to the West while simultaneously reclaiming authority for the tradition within a rapidly changing Japan. Snodgrass explains how the Buddhism presented in Chicago was shaped by the institutional, social, and political imperatives of the Meiji Buddhist revival movement in Japan and was further determined by the Parliament itself, which, despite its rhetoric of fostering universal brotherhood and international goodwill, was thoroughly permeated with confidence in the superiority of American Protestantism. Additionally, in the context of Japan's intensive diplomatic campaign to renegotiate its treaties with Western nations, the nature of Japanese religion was not simply a religious issue, Snodgrass argues, but an integral part of Japan's bid for acceptance by the international community.

*Gedatsu-Kai and Religion in Contemporary Japan* H. Byron Earhart, 1989      **Establishing the Revolutionary** Birgit Staemmler, Ulrich M. Dehn, 2011 New religions in Japan claim millions of members and simultaneously provoke criticism and fulfil social functions. This publication serves as a handbook about these new religions on the basis of recent research written by an international range of scholarly experts.      **The Postwar Development of Japanese Studies in the United States** Helen Hardacre, 2023-07-17 The present volume documents the postwar history of United States scholarship on Japan. A careful selection of North American scholars under the general editorship of Helen Hardacre, Reischauer Institute Professor of Japanese Religions and Society at Harvard University, shows that a range of factors have directed Japanese studies in the United States since 1945. Among these factors are social and political change in Japan and the United States, shifts in dominant scholarly concerns about Japan, and changing evaluations of area studies. The work consists of twelve essays in a wide variety of fields: history, art, religion, literature, anthropology, political science, and law. Each essay chronicles postwar scholarship in its particular discipline and provides a useful bibliography to serve further reference. The general aim of the volume is to put current debates in historical perspective and to help assess the field's achievements. It identifies areas requiring more work and charts directions for the future.      Asian American Religious Cultures Jonathan H. X. Lee, Fumitaka Matsuoka, Edmond Yee, Ronald Y. Nakasone, 2015-09-01 A resource ideal for students as well as general readers, this two-volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience. Despite constituting a fairly small proportion of the U.S. population, roughly 5 percent, Asian Americans are a widely diverse group with equally heterogeneous religious beliefs and traditions. This encyclopedia provides a single source for authoritative

information on the Asian American and Pacific Islander religious experience addressing South Asian Americans such as Indian Americans and Pakistani Americans East Asian Americans including Chinese Americans Japanese Americans and Korean Americans and Southeast Asian Americans whose ethnicities include Filipino Americans Thai Americans and Vietnamese Americans Pacific Islanders include Hawaiians Samoans Marshallese Tongan and Chamorro The coverage includes not only traditional eastern belief systems and traditions such as Buddhism Confucianism and Hinduism as well as Micronesian and Polynesian religious traditions in the United States but also the culture and religious rituals of Asian American Christians

**The Postwar Developments of Japanese Studies in the United States** Helen Hardacre,1998 This volume of twelve essays with useful bibliographies in the fields of history art religion literature anthropology political science and law documents the history of United States scholarship on Japan since 1945

**Early Kamakura Buddhism** Robert E. Morrell,2002-04 This study of the smaller ancient sects within Buddhism during the Kamakura period is a much needed addition to the works dealing with the history and religions of Japan

Chinkon Kishin Birgit Staemmler,2009 *Shinto* George Williams,2009 Discusses the history of the Shinto religion in Japan describing its origins basic beliefs rituals and festivals and its place in Japanese society

**Nagaoka** Ellen Van Goethem,2008 This comprehensive account of the Nagaoka capital discusses the capital s construction and layout and investigates the motivations behind the establishment and abrupt abandonment of Nagaoka within the context of Kanmu s reign and personal convictions

*Bibliography of Japanese New Religions, with Annotations and an Introduction to Japanese New Religions at Home and Abroad* Peter Bernard Clarke,1999 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications braches worldwide and membership

*Kendo* Minoru Kiyota,2013-12-19 Kendo is the modern version of Japanese swordsmanship This book focuses on kendo s philosophical infrastructure its history and its potential contributions to personal growth The purpose of this work is to describe the discipline of swordsmanship cultivated by the samurai in medieval and premodern Japan and to show the relevance of that discipline today

Bibliography of Japanese New Religious Movements Peter B Clarke,2013-12-16 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications braches worldwide and membership

**The Journal of the International Association of Buddhist Studies** International Association of Buddhist Studies,1987

*Area Bibliography of Japan* Ria Koopmans-de Bruijn,1998

Provides a general overview of literature relating to Japan and covers a broad range of subject matter from art feminism and linguistics to corporate culture history and medicine Includes books published since 1980 that are related to the geographical area of Japan and to Japanese culture within that area

Handbook of Japanese Popular Culture Richard Gid Powers,□□□□,Bruce Stronach,1989-06-26 Born out of the editor s inability to find a suitable book for teaching the subject this

is a welcome title a fine contribution in a field where works in English are seriously lacking Choice The Handbook of Japanese Popular Culture provides a convenient and efficient guide to the prevalent ways of life recreations and artistic creations of contemporary Japan Designed for the general reader as well as the specialist in Japanese culture The areas explored are those that have proven to be of durable interest to the Japanese such as sports science fiction and popular music as well as passing fads and fancies The extremely readable essays contributed by specialists in the field provide a wealth of interesting information including a survey of the historical development of the topic under discussion with special attention paid to the most useful published works in the field followed by a guide to the research collections and reference works that should be consulted by those wishing to deepen their knowledge of the subject Exploring the most salient aspects of Japanese popular culture the chapters include such topics as popular architecture new religions popular performing arts film television comics and mystery literature The editor s introduction suggests that the study of popular culture as a discipline with its own unique subject matter and methodology represents a form of protest against the concept of culture as a selective tradition consisting of the best that has been thought and said This comprehensive survey of Japanese popular culture will be an essential additon to all libraries and a useful resource in the study of popular culture sociology Japanese history and culture humanities communications and journalism

**Japanese Journal of Religious Studies** ,1988 Shugendō Hitoshi Miyake,2001 Miyake defines folk religion as religion that emerges from the necessities of community life In Miyake s systematic methodological and theoretical approach Shugendo is a classic example of Japanese folk religion for it blends many traditions shamanism Taoism Buddhism and Shinto into a distinctive Japanese religious worldview and is typical of Japanese religion generally BOOK JACKET Tantric Concept of Bodhicitta Minoru Kiyota,1982
