Gefoltert Fur Christus:

The Persecution of Christians Concerns Us All Thomas Schirrmacher, 2018-05-10 In this situation I can highly recommend Dr Thomas Schirrmacher's new book. It gives a clear and logical insight in many of the questions even people who consider themselves nonreligious people now ask. It can best be read with an open Bible and some open daily newspaper. It will give a surprisingly new insight into what it means to live in a time like this. From the preface by the Very Rev Johan Candelin, Director of the Religious Liberty Commission of the World Evangelical Alliance: Suffering comes in many forms but the one that Scripture tells all Christians to expect is persecution for one's faith. As Thomas Schirrmacher's theological study will demonstrate, the Bible has a tremendous amount to teach us about persecution. Without a Biblical understanding we are unlikely to fully grasp the nature of the spiritual battle. I am delighted therefore that his book puts the Bible's teaching on persecution centre stage. Preface by Julia Doxat Purser, Socio-Political Representative of the WEA: The WEA represents churches with 600 million members altogether. He also is a member of the board of the International Society for Human Rights. Schirrmacher regularly testifies in the German parliament and other parliaments in Europe as well as in the EU in Brussels, the OSCE in Vienna and other international bodies. He has written 102 books; three of his newest books are *Fundamentalism, Racism and Human Trafficking*. He has earned four doctorates in missiology and ecumenical theology, in cultural anthropology, in ethics and in sociology of religion and received two honorary doctorates from the USA and India. **Church, State, and**

Lorenz, 2016-10-06 Ist Martin Walser ein geistiger Brandstifter? Sein Roman *Tod eines Kritikers* ein antisemitischer Text? Was ist überhaupt literarischer Antisemitismus? Der Verfasser zeichnet die für das deutsche Selbstverständnis so signifikante Walser-Debatte nach und davon ausgehend den Blick zurück auf das Gesamtwerk des Autors zu richten. Er setzt akribische Lektüren gegen eine Philologie des Verdachts aber auch gegen blinde Apologie. Sein Befund Walsers in den 1990er Jahren offenkundig gewordenen Ressentiments sind selbst in jenen Werken angelegt, die längst zum Kanon der so genannten Vergangenheitsbewältigung zählen. Im Anhang ein Interview mit Martin Walser vom 15. Juli 2003. Die Untersuchung von Matthias N. Lorenz macht der Spekulation und Mutmaßung ein Ende. Lehr, 2022-10-24 The socialist states of Eastern Europe closely and suspiciously observed the expellee organizations that had emerged in the Federal Republic since the late 1940s including their political activities. This volume for the first time takes a look at this enemy and foreign observation by the intelligence services using various case studies from the GDR, Poland, Czechoslovakia, Hungary, Romania and Yugoslavia. It examines what the secret services knew about the expellee functionaries and their past and asks what information was collected and how it was used. In addition, the role of the Germans who remained in the socialist states and the Aussiedler who came to the FRG and formed a link between the expellees and their old homeland is examined. The volume thus makes an important contribution to research on the perception of the expellee.
