*Gender, Democracy and Inclusion in Northern Ireland* C. Davies, C. Roulston, 2000-10-24 Mainstream politics in Northern Ireland has not been welcoming to women but many women have been present in community and voluntary organizations where their contribution has been outstanding This book examines four organizations including the recently formed Northern Ireland Women's Coalition where women have been active It discusses the processes and structures created by these groups in order to work democratically across differences and argues that their experiences are invaluable to the development of feminist debates on democracy and difference

Northern Ireland a generation after Good Friday Colin Coulter, Niall Gilmartin, Katy Hayward, Peter Shirlow, 2021-07-20 The Good Friday Agreement is widely celebrated as a political success story one that has brought peace to a region that was once synonymous around the globe with political violence The truth as ever is rather more complicated than that In many respects the era of the peace process has seen Northern Irish society change almost beyond recognition Those incidents of politically motivated violence that were once commonplace have become thankfully rare and a new generation has emerged whose identities and interests are rather more fluid and cosmopolitan than those of their predecessors However Northern Ireland continues to operate in the long shadow of its own turbulent past Those who were victims of violence as well as those who were its agents have often been consigned to the margins of a society still struggling to cope with the traumas of the Troubles Furthermore the transition to peace has revealed the existence of new and not so new forms of violence in Northern Irish society directed towards women ethnic minorities and the poor Northern Ireland a generation after Good Friday sets out to capture the complex and often contradictory realities that have emerged more than two decades on from the region's vaunted peace deal Across nine original essays the authors offer a critical and comprehensive reading of a society that often appears to have left its violent past behind but at the same time remains subject to its gravitational pull

**Politics and Gender in Ireland** Fiona Buckley, Yvonne Galligan, 2016-02-08 This book explores the relationship between women the state and democratic politics in Ireland today It highlights the conservatism of the political culture shared by all traditions on the island and how this culture circumscribes women's political agency in Northern Ireland and Ireland The book explores the opportunities and obstacles to women's participation and representation on each side of the border The chapters take the view that public decision making institutions and processes are subject to rules and practices that reinforce the gendered foundations of democratic politics They document women's continuing quest for full participation and equal representation in these male gendered arenas The contributors focus on the marginalised experiences of women in modern politics in Ireland and detail their efforts to challenge the masculinized status quo The book addresses the classical issues of citizenship participation representation and equal rights in a sustained analysis of the political systems on the island It also deals with modern issues multiculturalism peace building the male gendered legislature and the unequal nature of women's citizenship in constitutional institutional

and policy contexts The book is completed by a comprehensive appendix of all women elected to political office on the island from 1918-2013 This book was published as a special issue of Irish Political Studies

**The Routledge Handbook of the Northern Ireland Conflict and Peace** Laura McAtackney, Máirtín Ó Catháin, 2023-11-13 The Routledge Handbook of the Northern Ireland Conflict and Peace is the first multi-authored volume to specifically address the many facets of the 30-year Northern Ireland conflict colloquially known as the Troubles and its subsequent peace process This volume is rooted in opening space to address controversial subjects answer key questions and move beyond reductive analysis that reproduces a simplistic two-community thesis The temporal span of individual chapters can reach back to the formation of the state of Northern Ireland with many starting in the late 1960s to include a range of individuals, collectives, organisations, understandings and events at least up to the Good Friday Belfast Agreement in 1998 This volume has foregrounded creative approaches in understanding conflict and allows for analysis and reflection on conflict and peace to continue through to the present day With an extensive introduction, preface and 45 individual chapters, this volume represents an ambitious, expansive interdisciplinary engagement with the North of Ireland through society, conflict and peace from a wide range of disciplinary perspectives, theoretical frameworks and methodological approaches While allowing for rich historical explorations of high-level politics rooted in state documents and archives, this volume also allows for the intermingling of different sources that highlight the role of personal papers, memory, space, materials and experience in understanding the complexities of both Northern Ireland as a people, place and political entity

**Ulster Loyalty after the Good Friday Agreement J. McAuley, G. Spencer, 2011-01-19** A timely assessment of loyalist history, identity and community in Northern Ireland today which provides a comprehensive picture of how loyalism has reacted to changes since the Good Friday Agreement Challenging simplistic stereotypes of loyalism, this book provides a complex, multi-faceted explanation of the loyalist imagination

**Women, the State, and War** Joyce P. Kaufman, Kristen P. Williams, 2007-12-24 Women, the State and War looks at the intersection of gender, citizenship and nationalism, marriage, intermarriage and how states gender that relationship and the ways in which women are used as symbols to reinforce or further nationalistic goals Women have long struggled with issues of citizenship, identity and the challenge of being recognized as equal members of the community Governments use feminine imagery, e.g. mother country, to create a national identity while simultaneously minimizing the role that women play as productive contributors to the society Authors Joyce P. Kaufman and Kristen P. Williams examine the relationship of government and women in four different countries: the United States, Israel, the former Yugoslavia and Northern Ireland In each case, numerous similarities appear: conflict plays a significant role in the definition of citizenship for women; women's movements have worked in contradiction to the state; and citizenship and marriage are gendered undertakings

**Bridging Divides Through Gender-Just Citizenship** Linda Eitrem Holmgren, 2025-02-24 This open access book explores how to build a gender-just peace in which women's political citizenship is foregrounded through a case

study of Northern Ireland It addresses the role that civil society can play in peacebuilding and in political life in deeply divided transitional societies It specifically focuses on women's groups and as such studies what grassroots peacebuilding across an ethnic divide can look like in practice Further it analyses what it means to build a gender equal citizenship based on the lived expertise and experiences of women's activism political participation and interethnic cooperation during and after conflict Based on material collected through interviews participant observation and official documents the book explores the potential for gender just political citizenship but also the risk of backlash in terms of women's rights during a transition from armed conflict to peace Essential reading for students and researchers in Political Science Gender Studies Peace and Conflict Studies and Transitional Justice *Female Combatants after Armed Struggle* Niall Gilmartin, 2018-12-07

This book stems from a simple feminist curiosity that can be succinctly summed up into a single question what happens to combatant women after the war Based on in depth interviews with 40 research participants mostly former combatants within the Irish Republican Army IRA this book offers a critical exploration of republican women and conflict transition in the North of Ireland Drawing on the feminist theory of a continuum of violence this book finds that the dichotomous separation of war and peace within conventional approaches represents a gendered fiction Despite undertaking wartime roles that were empowering agentic and subversive this book finds that the post conflict moment as experienced by female combatants represents not peace and security but a continuity of gender discrimination violence injustice and insecurity The experiences and perspectives contained in this book challenge the discursive deployment of terms such as post conflict peace and security and moreover shed light on the many forms of post war activism undertaken by combatant women in pursuit of peace equality and security The book represents an important intervention in the field of gender political violence and peace and more specifically female combatants and conflict transition It is analytically significant in its exploration of the ways in which gender operates within non state military movements emerging from conflict and will be of interest to students and scholars alike

**The Troubles in Northern Ireland and Theories of Social Movements** Lorenzo Bosi, Gianluca Fazio, 2025-10-01 This volume focuses on a number of research questions drawn from social movement scholarship How does nonviolent mobilisation emerge and persist in deeply divided societies What are the trajectories of participation in violent groups in these societies What is the relationship between overt mobilisation clandestine operations and protests among political prisoners What is the role of media coverage and identity politics Can there be non sectarian collective mobilisation in deeply divided societies The answers to these questions do not merely try to explain contentious politics in Northern Ireland instead they inform future research on social movements beyond this case Specifically we argue that an actor based approach and the contextualisation of contentious politics provide a dynamic theoretical framework to better understand the Troubles and the development of conflicts in deeply divided societies

**Intervening in Northern Ireland** Marysia Zalewski, John Barry, 2014-02-04 The articles in this special issue drawn from a workshop hosted by the Institute of

Governance Queen's University Belfast explicitly engage with and challenge conventional academic analyses in order to confront the ways in which the conflict on Northern Ireland has traditionally been represented and understood. Part of the reason for adopting this approach is because it is suggested that to a certain extent academic analyses have defined the parameters of the conflict which has necessarily had implications for the shape of ensuing solutions. A further claim is that the persistent historical and political search for causes and solutions may be constitutive of the problems that conventional analysts seek to resolve. The articles in the first part introduce and problematize traditional analyses of the conflict. Additionally, these essays explain alternative approaches offering other ways of thinking about how the problem of Northern Ireland has been constituted. The second part comprises empirically focused essays each either engaging with or confronting the issue of the liberal hegemony that defines most analyses of the conflict. The final essay returns to more explicitly reconsider how the problem of Northern Ireland has been theorized, represented and understood. This book was previously published as a special issue of *Critical Review of International Social and Political Philosophy*.

*Gender Politics in Transitional Justice* Catherine O'Rourke, 2013-08-22. What role do transitional justice processes play in determining the gender outcomes of transitions from conflict and authoritarianism? What is the impact of transitional justice processes on the human rights of women in states emerging from political violence? *Gender Politics in Transitional Justice* argues that human rights outcomes for women are determined in the space between international law and local gender politics. The book draws on feminist political science to reveal the key gender dynamics that shape the strategies of local women's movements in their engagement with transitional justice and the ultimate success of those strategies, termed the local fit. Also drawing on feminist doctrinal scholarship in international law, the international frame examines the role of international law in defining harms against women in transitional justice and in determining the from and to of transitions from conflict and authoritarianism. This book locates evolving state practice in gender and transitional justice over the past two decades within the context of the enhanced protection of women's human rights under international law. Relying on original empirical and legal research in Chile, Northern Ireland and Colombia, the book speaks more broadly to the study of gender politics and international law in transitional justice.

**Northern / Irish Feminist Judgments** Máiréad Enright, Julie McCandless, Aoife O'Donoghue, 2017-02-09. The Northern Irish Feminist Judgments Project inaugurates a fresh dialogue on gender, legal judgment, judicial power and national identity in Ireland and Northern Ireland. Through a process of judicial re-imagining, the project takes account of the peculiarly Northern Irish concerns in shaping gender through judicial practice. This collection, following on from feminist judgments projects in Canada, England and Australia, takes the feminist judging methodology in challenging new directions. This book collects 26 rewritten judgments covering a range of substantive areas. As well as opinions from appellate courts, the book includes first instance decisions and a fictional review of a Tribunal of Inquiry. Each feminist judgment is accompanied by a commentary putting the case in its social context and explaining the original decision.

The book also includes introductory chapters examining the project methodology constructions of national identity theoretical and conceptual issues pertaining to feminist judging and the legal context of both jurisdictions The book shines a light on past and future possibilities and limitations for judgment on the island of Ireland This book provides a rich and expansive addition to the feminist judgments catalogue The judgments demonstrate powerfully how Northern Irish judges have contributed to the gendered politics of national identity and how the narrow subject positions they have created for women and others could have been so much wider and more open Professor Rosemary Hunter School of Law Queen Mary University London The Northern Irish Feminist Judgments Project is inspirational reading for anyone interested in feminism or Irish studies It is a model of how to conduct feminist enquiry Its most innovative contribution to scholarship and politics is how the rewriting of landmark legal judgments from a feminist perspective allows us to imagine and therefore begin to construct a more egalitarian a more just future Associate Professor Katherine O'Donnell School of Philosophy University College Dublin If you let it this book will make you think It made me think it reminded me I suppose that legal writing can be wonderful rigorous creative deeply observant provocative Read it and see what it makes you think Professor Theresa Murphy School of Law Queen's University Belfast
