The Struggle for Female Suffrage in Europe Blanca Rodriguez Ruiz, Ruth Rubio-Marín, 2012-06-07 By comparing women's access to suffrage in the countries that make up the European Union i The Struggle for Female Suffrage in Europe provides a retelling of the story of how citizenship was gradually coined in Europe from the perspective of women

Women and Politics around the World Joyce Gelb, Marian Lief Palley, 2009-03-30 A unique two volume examination of the progress women have made in achieving political equality Women and Politics around the World addresses both transnational and gender related issues as well as specific conditions in more than 20 countries Women and Politics around the World A Comparative History and Survey is an exploration of the role of women in political systems worldwide as well as an examination of how government actions in various countries have an impact on the lives of the female population Women and Politics around the World divides its coverage into two volumes The first looks at such crucial issues facing women today as health policy civil rights and education comparing conditions around the world The second volume profiles 22 different countries representing a

broad range of governments economies and cultures Each profile looks at the history and current state of women s political and economic participation in a particular country and includes an in depth look at a representative policy The result is a resource unlike any other one that gives students researchers and other interested readers a fresh new way of investigating a truly global issue

The Struggle for Female Suffrage in Europe ,2012-06-07 Whilst scholarship on women s suffrage usually focuses on a few emblematic countries The Struggle for Female Suffrage in Europe casts a comparative look at the articulation of women s suffrage rights in the countries that now make up the political unity in the making we call the European Union The book uncovers the dynamics that were at play in the recognition of male and female suffrage rights and in the definition of male and female citizenship in modern Europe It allows readers to identify differences and commonalities in the histories of women s disenfranchisement and sheds light on the role suffrage has played in the construction of female citizenship in European countries It provides the background against which a new European paradigm of parity democracy is gradually asserting itself

Gender and the Politics of Office Work Francisca de Haan,1998 This case study of a fast growing segment of the labor market examines the meaning of office work for women their prolonged struggle to be admitted to the unions the role of the Schoevers Institute the Dutch Katharine Gibbs School in shaping the occupation of secretary the conservative backlash against female office workers between the two world wars and finally the way these women look back on their time in the office including their experiences of sexual harassment Gender and the Politics of Office Work in the Netherlands 1860 1940 is a revised and abridged version of Sekse op kantoor Over vrouwelijkheid mannelijkheid en macht Nederland 1860 1940 Hilversum 1992 winner of the prestigious academic prize of the Praemium Erasmianum Foundation

EU Non-Discrimination Law in the Courts Jule Mulder,2017-01-12 Since the year 2000 the material and personal scope of EU non discrimination law has been significantly broadened and has challenged national courts to introduce a comprehensive equality framework into their national law to correspond with the European standard The book provides a multi layered culturally informed comparison of juridical approaches to EU in direct sex and sexualities discrimination and its implementation in Germany and the Netherlands It examines how and why national courts apply national non discrimination law with a European origin differently although the legislation derives from the same set of EU law and the national courts have to respect the interpretive competence of the CJEU The book provides valuable insights into the national and European context which shape the dialogue and influences of the courts inter se the national application of EU law and the harmonisation process within the area of gender equality law and beyond A Dutch and German comparison is of special interest here because both countries approaches towards non discrimination law are quite different despite the similarities in the respective legal systems they are founding members of the EU they are neighbours they are civil law countries and their legal systems are relatively similar at least compared to Scandinavian and common law jurisdictions Therefore the different reception EU non discrimination law cannot simply be explained by obvious differences between the

legal systems Their comparison thus provides an interesting case study to uncover legal and non legal cultural and historic factors which influence the application of EU non discrimination law in both countries The book is of interest for EU comparative and equality lawyers

Working Mothers and the Welfare State Kimberly J. Morgan, 2006 This book explains why countries have adopted different policies for working parents through a comparative historical study of four nations France the Netherlands Sweden and the United States

Feminism and Motherhood in Western Europe, 1890-1970 A. Allen, 2005-06-30 According to Allen motherhood and citizenship are terms that are closely linked and have been redefined over the past century due to changes in women s status feminist movements and political developments Mother child relationships were greatly affected by political decisions during the early 1900s and the maternal role has been transformed over the years To understand the dilemmas faced by women concerning motherhood and work for example Allen argues that the problem must be examined in terms of its demographic and political development through history Allen highlights the feminist movements in Western Europe primarily Britain France Germany and the Netherlands and explores the implications of the maternal role for women s aspirations to the rights of citizenship Among the topics Allen explores the history of the maternal role psychoanalysis and theories on the mother child relationship changes in family law from 1890 1914 the economic status of mothers and reproductive responsibility

Asian Women and Intimate Work , 2013-10-10 Winner of the 2014 Choice Outstanding Academic Title Award Asian women are often labelled with biased stereotypical images ranging from subordinate housewife to migrant domestic maid and overseas bride Asian women in fact are being constructed as women among women These feminine roles are related to the various activities that women perform for others in intimate relationships both within and outside the family This book comprises contributions from a distinguished group of international researchers who examine the historical development of new women and good wife wise mother women s roles in socialist and transitional modernity and the transnational migration of domestic and sex workers as well as wives

The Oxford Handbook of Dutch Politics , 2024-09-25 The Oxford Handbook of Dutch Politics provides a comprehensive longitudinal overview of the state of the art of academic research on the Dutch political system its origins and historical development its key institutions main fault lines pivotal processes and key public policy dynamics In each of the chapters researchers take stock of what if anything has changed over time how scholars have conceptualized and studied these dynamics and what key factors can account for the developmental patterns found to be at play Notwithstanding its considerable degree of constitutional and institutional stability Dutch politics has seen considerable step changes and occasional upheavals across the last half century Influenced by long term demographic socio economic and cultural shifts the old social cleavages have waned New social identities and dividing lines such as ethnicity education place and gender have influenced Dutch citizens political attitudes and behaviours including their voting patterns The media landscape and the information environment have been altered by new technologies that politicians and citizens alike have to navigate This has

produced changes in such pivotal components as the party system coalition formation and management process and executive legislative relations and many others. Moreover, public policy paradigms and the political coalitions that sustained them have ascended and lost traction in most of the eleven policy domains discussed in the Handbook. In all this volume provides unique and indispensable insights into stability and change in a political system that once gained notoriety as an archetype of a consensual or consociational democracy.

Different from the Others Cyd Sturgess, 2022-11-11. For much of Europe the interwar period was one of cultural expansion and diversion and increased visibility for lesbians. While historical research on Germany during the period immediately after the First World War has been extensively studied by historians through the lens of gender and sexuality with an implicit emphasis on the masculine dimension of queer female sexuality, the Dutch context has been virtually ignored. Through careful and sensitive studies of medico-social discourses, media representations and literary depictions of queer femininity, *Different from the Others* recovers the submerged history of queer feminine women in both Germany and the Netherlands. Cyd Sturgess provides a theoretical analysis that makes key empirical contributions to the history of Dutch gays and lesbians while reframing our collective understanding of queer femininity more broadly.

State Feminism and Political Representation Joni Lovenduski, Claudie Baudino, 2005-11-24. This 2005 book offers an assessment of the impact of women's movements on public policy.

The State After Statism Jonah D. Levy, 2006-10-01. This book assesses the changing nature of state intervention in the economies of the affluent democracies. Against a widespread understanding that contemporary developments such as globalization and new technologies are pressing for a rollback of state regulation in the economy, the book shows that these same forces are also creating new demands and opportunities for state intervention. Thus, state activism has shifted rather than simply eroded. State authorities have shifted from a market-steering orientation to a market-supporting one. Chief among the new state missions are repairing the main varieties of capitalism: liberal, corporatist, and statist, making labor markets and systems of social protection more employment friendly, recasting regulatory frameworks to permit countries to cross major economic and technological divides, and expanding market competition at home and abroad. Because the changes from market steering to market support are so controversial and far-reaching, state officials often find themselves making choices that produce clear winners and losers. Such choices require a capacity to act unilaterally and decisively even in the face of substantial societal opposition. As a result, state activism, autonomy, and occasionally imposition remain essential for meeting the challenges of today's globalizing economy.

Theorizing Feminist Policy Amy Mazur, 2002-02-07. This title defines and examines this field in the context of non-feminist policy studies. It also examines feminist policy as a significant emerging area of government action. From empirical research results, it concludes that under certain conditions, democracies can develop feminist policies.

The End of the Schism Udi Greenberg, 2025-05-01. After centuries of enmity, why did Europe's Catholics and Protestants reconcile? Udi Greenberg argues that modern Christian cooperation arose not from tolerance but from fears.

of socialism feminism and Afro Asian liberation movements In seeking to preserve Christian life these former rivals forged a lasting alliance that remade the continent

How Welfare States Care Monique Kremer,2007 Though women s employment patterns in Europe have been changing drastically over several decades the repercussions of this social revolution are just beginning to garner serious attention Many scholars have presumed that diversity and change in women s employment is based on the structures of welfare states and women s responses to economic incentives and disincentives to join the workforce How Welfare States Care provides in depth analysis of women s employment and childcare patterns taxation social security and maternity leave provisions in order to show this logic does not hold Combining economic sociological and psychological insights Kremer demonstrates that care is embedded in welfare states and that European women are motivated by culturally and morally shaped ideals of care that are embedded in welfare states and less by economic reality

Women and Political Power Simon Henig,2002-01-04 The advance of women through the political system has been one of the most significant developments of the second half of the twentieth century For the first time we have seen women Prime Ministers and Presidents in Europe Women and Political Power examines the extent of progress women have made in ten western European countries and looks at the factors which have helped or hindered their greater involvement in the political process This book not only explores fascinating contrasts between northern and southern European countries it also reveals the strong similarities in all countries It highlights in particular the continuing absence of women from leadership positions and the concentration of women on committees dealing with social and welfare issues

What Future for Social Security? Jochen Clasen,2002-07-27 By drawing on data and theories in a broad spectrum of disciplines including political science economics sociology and law this work provides an authoritative assessment of the current state of social security reform

Care and social integration in European societies Pfau-Effinger, Birgit,Geissler, Birgit,2005-09-07 This book provides invaluable descriptions and comparative analyses of the now complex and highly varied arrangements for the care of children disabled and older people in Europe set within the context of changing labour markets and welfare systems It includes analyses of the modernisation of informal care and new forms of informal care topics often neglected in the literature Issues of gender family change social integration and citizenship are all explored in a series of chapters that report on original empirical cross national research All contributors are high ranking experts involved in the COST A13 Action Programme funded by the European Union Care and social integration in European societies is essential reading for social policy and sociology academics particularly those who are interested in comparative policy analysis gender labour markets and families It is also recommended reading for graduate level students in these fields and policy makers for whom the book provides a unique resource on the latest European developments in this critical policy area
