*Gender Politics in Modern China* Tani E. Barlow, 1993 Through the lens of modern Chinese literature *Gender Politics in Modern China* explores the relationship between gender and modernity notions of the feminine and masculine and shifting arguments for gender equality in China Ranging from interviews with contemporary writers to historical accounts of gendered writing in Taiwan and semi colonial China to close feminist readings of individual authors these essays confront the degree to which textual strategies construct notions of gender Among the specific themes discussed are how femininity is produced in texts by allocating women to domestic space the extent to which textual production lies at the base of a changing historically specific code of the feminine the extent to which women in modern Chinese societies are products of literary canons the ways in which the historical processes of gendering have operated in Chinese modernity vis vis modernity in the West the representation of feminists as avengers and as westernized women and the meager recognition of feminism as a serious intellectual current and a large body of theory Originally published as a special issue of *Modern Chinese Literature* Spring Fall 1988 this expanded book represents some of the most compelling new work in post Mao feminist scholarship and will appeal to all those concerned with understanding a revitalized feminism in the Chinese context Contributors Carolyn Brown Ching kiu Stephen Chan Sung sheng Yvonne Chang Yu shih Chen Rey Chow Randy Kaplan Richard King Wolfgang Kubin Wendy Larson Lydia Liu Seung Yeun Daisy Ng Jon Solomon Meng Yue Wang Zheng

feminism Also included are biographical information on the writers bibliographical materials and a critical introduction by Dooling

**Beyond Brushtalk** Christopher T. Keaveney, 2008-11-01 Beyond Brushtalk explores interactions between Japanese and Chinese writers during the golden age of such exchange 1919 to 1937 During this period there were unprecedented opportunities for exchange between writers which was made possible by the ease of travel between Japan and China during these years and the educational background of Chinese writers as students in Japan Although the salubrious interaction that developed during that period was destined not to last it nevertheless was significant as a courageous essay at cultural interaction This book will appeal not only to those interested in Sino Japanese studies an increasingly important field of study in its own right but will also appeal to scholars of both Japanese literature and Chinese literature and researchers whose areas of interest correspond to the major writers included in this work such as Lu Xun and Zhou Zuoren on the Chinese side and Tanizaki Jun ichir and Hayashi Fumiko on the Japanese side The relations and resulting literary works involving these major writers are often relatively neglected aspects of their total output and will draw interest from scholars of their work This book will be accessible to both Sinologists and Japanologists with little background in the corresponding field and to the generalist possessing an interest in literary exchange

**Women Who Changed the World** Candice Goucher, 2022-01-24 This indispensable reference work provides readers with the tools to

reimagine world history through the lens of women's lived experiences. Learning how women changed the world will change the ways the world looks at the past. *Women Who Changed the World: Their Lives, Challenges, and Accomplishments through History* features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective. The women featured in this four-volume set cover the full sweep of history from our ancestral forbearer Lucy to today's tennis phenoms Venus and Serena Williams. Every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists. Each biography follows a standardized format recounting the woman's life and accomplishments, discussing the challenges she faced within her particular time and place in history, and exploring the lasting legacy she left. A chronological listing of biographies makes it easy for readers to zero in on particular time periods, while a further reading list at the end of each essay serves as a gateway to further exploration and study. High-interest sidebars accompany many of the biographies, offering more nuanced glimpses into the lives of these fascinating women.

*Chinese Revolution and Chinese Literature* Tao Dongfeng, Rosemary Roberts, Yang Xiaobin, 2009-05-05. This volume has brought together essays to explore, analyse, and interpret the revolutionary tradition in modern Chinese literature over the past century from various angles. The authors examine the bodily or carnal dimension, especially the hidden implication of sexual passion in revolutionary literature, formulate feminist critiques of the conception of women in literary expressions of revolution, explore the function of revolution as historical discourse and in historiographical representation, and discuss the reworking of revolutionary classics in recent literary and artistic endeavours. Here, revolution in history and in literature is conceptualized neither as an unquestionably progressive and creative force for a new world nor an absolutely pejorative concept that necessarily leads to sociopolitical turmoil and tragedy. Insofar as postrevolutionary writings cannot but reappropriate the revolutionary spirit as their unavoidable and inseparable traumatic kernel, studies in revolutionary literature and culture too go through the zigzag experience of revolution in order to scrutinize its complex implications.

*The New Woman in Early Twentieth-century Chinese Fiction* Jin Feng, 2004. Jin Feng proposes that representation of the new woman in Communist Chinese fiction of the earlier twentieth century was paradoxically one of the ways in which male writers of the era explored, negotiated, and laid claim to their own emerging identity as modern intellectuals.

*China Into Film* Jerome Silbergeld, 1999. Since 1984, Chinese cinema has been the most dramatic entry onto the international film scene. *China Into Film* is the first book to look at contemporary Chinese cinema as a visual art and to illustrate the ways in which it has been shaped by centuries of Chinese tradition. Jerome Silbergeld looks at the significance of gender roles, the strategies of film makers in coping with state censorship, the translation of novels into films, the continuing attachment of film makers to melodrama, and cinematic critiques of Maoism and post-Maoist culture. Abundantly illustrated with Chinese paintings as well as scenes from such internationally acclaimed films as *Yellow Earth*, *Red Sorghum*, *Raise the Red Lantern*, and *Farewell My Concubine*, *China Into Film* reveals a cinematic form at once excitingly new and

deeply imbedded in traditional Chinese visual culture      In the Party Spirit ,2022-03-28      **Schooling Diaspora** Karen M. Teoh,2018 Schooling Diaspora looks into the motivations and strategies of missionaries colonial authorities and Chinese reformists and revolutionaries for educating girls as well as the impact that this education had on identity formation among overseas Chinese women and larger society      Marriage, Law and Gender in Revolutionary China, 1940-1960 Xiaoping Cong,2016-08-22 Xiaoping Cong examines the social and cultural significance of Chinese revolutionary legal practice in the construction of marriage and gender relations Her book is an empirically rich investigation of the ways in which a 1943 legal dispute over an arranged marriage in a Chinese village became a legal political and cultural exemplar on the national stage This conceptually groundbreaking study revisits the Chinese Revolution and its impact on women and society by presenting a Chinese experience that cannot and should not be theorized in the framework of Western discourse Taking a cultural historical perspective Cong shows how the Chinese Revolution and its legal practices produced new discourses neologisms and cultural symbols that contained China s experience in twentieth century social movements and how revolutionary practice was sublimated into the concept of self determination an idea that bridged local experiences with the tendency of the twentieth century world and that is a revolutionary legacy for China today      **Women in China's Long Twentieth Century** Gail Hershatter,2007-03-29 An important and much needed introduction to this rich and fast growing field Hershatter has handled a daunting task with aplomb Susan L Glosser author of Chinese Visions of Family and State 1915 1953      **Contested Modernities in Chinese Literature** C. mission towards continuity and stability The outcome is an original depiction of the compromises that shape heritage making in a rural ethnic corner of China Filled with rich fine grained narrative and analysis Suvi Rautio offers a unique lens to the politics of inventing tradition and its far reaching consequences in steering China s national identity under Xi Jinping rule
