

GENDERING MODERN
GERMAN HISTORY
Rewriting Historiography

EDITED BY KAREN HAGEMANN AND JEAN H. QUATAERT

Gender In Early Modern German History

Karen Hagemann, Konrad H. Jarausch

Gender In Early Modern German History:

Gender in Early Modern German History Ulinka Rublack, 2002-10-17 A range of startling case studies from German society between the Renaissance and the Enlightenment

Sexuality in Modern German History Katie Sutton, 2023-01-12 Sexuality in Modern German History offers both a detailed survey of this key subject and a new intervention in the history of sexuality in modern Germany It investigates the diverse and often contradictory ways in which individuals activists doctors politicians artists church leaders reform movements and cultural commentators have defined normal or natural sexuality in Germany over the past two centuries Katie Sutton explores how these definitions have been used to shape identities behaviours bodies and practices from norms of heterosexual marital reproductive sex to ideas around the policing and categorisation of unnatural or deviant bodies and practices Covering a range of crucial themes including birth control prostitution queer and trans rights and heterosexual intimacy this important text comes with 30 illustrations and a wealth of primary source extracts and secondary literature helpfully integrated to enable further insight and analysis This is a vital volume for all students and scholars with an interest in modern Germany or the history of sexuality in modern Europe

Gendering Modern German History Karen Hagemann, Jean H. Quataert, 2008-08 To provide a critical overview in a comparative German American perspective is the main aim of this volume which brings together experts from both sides of the Atlantic Through case studies it demonstrates the extraordinary power of the gender perspective to challenge existing interpretations and rewrite mainstream arguments

Gender Relations In German History Lynn Abrams, Elizabeth Harvey, 2020-07-24 This collection of essays examines the construction of gender norms in early modern and modern Germany The modes of reinforcement by the state the church the law and marriage and the resistance to these norms by individuals are central to each of the contributions It examines discourses of the body and sexuality and the relations between gender and power Similarly the usefulness of the public private paradigm familiar to gender historians is further challenged

Borders and Travellers in Early Modern Europe Thomas Betteridge, 2007 Early modern Europe was obsessed with borders and travel concepts that appealed and appalled in equal measure Adopting a broad cultural approach this collection presents a series of essays dealing with travel in the near east Venice and Germany

Body and Gender in Martin Luther's Anthropology (1520-1530) Sini Mikkola, 2024-05-23 Sini Mikkola examines sixteenth century reformer Martin Luther's view of the human being from the perspectives of bodilyness gender sexuality and power Luther's construction of femininity masculinity and the gender system are investigated by considering both his theoretical and practical viewpoints

Women in German Yearbook 2004 Women in German Yearbook, 2005-01-01 Women in German Yearbook is a refereed publication that presents a wide range of feminist approaches to all aspects of German literature culture and language including pedagogy Reflecting the interdisciplinary perspectives that inform feminist German studies each issue contains critical studies involving gender and other analytical categories to examine the work history life

literature and arts of the German speaking world Ruth Ellen Boetcher Joeres is a professor of German at the University of Minnesota Marjorie Gelus is a professor of German at California State University at Sacramento After The History of Sexuality Scott Spector, Helmut Puff, Dagmar Herzog, 2012-07-01 Michel Foucault's seminal *The History of Sexuality* 1976 1984 has since its publication provided a context for the emergence of critical historical studies of sexuality This collection reassesses the state of the historiography on sexuality a field in which the German case has been traditionally central In many diverse ways the Foucauldian intervention has governed the formation of questions in the field as well as the assumptions about how some of these questions should be answered It can be argued however that some of these revolutionary insights have ossified into dogmas or truisms within the field Yet as these contributions meticulously reveal those very truisms when revisited with a fresh eye can lead to new unexpected insights into the history of sexuality necessitating a return to and reinterpretation of Foucault's richly complex work This volume will be necessary reading for students of historical sexuality as well as for those readers in German history and German studies generally who have an interest in the history of sexuality **The Routledge History of Sex and the Body** Sarah Toulalan, Kate Fisher, 2013-03-20 The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing This book examines the current scholarship and looks towards future directions across the field The volume is divided into fourteen thematic chapters which are split into two chronological sections 1500 1750 and 1750 to present day Focusing on the history of sexuality and the body in the West but also interactions with a broader globe these thematic chapters survey the major areas of debate and discussion Covering themes such as science identity the gaze courtship reproduction sexual violence and the importance of race the volume offers a comprehensive view of the history of sex and the body The book concludes with an afterword in which the reader is invited to consider some of the tensions problems and areas deserving further scrutiny Including contributors renowned in their field of expertise this ground breaking collection is essential reading for all those interested in the history of sexuality and the body *Baptism, Brotherhood, and Belief in Reformation Germany* Kat Hill, 2015-03-05 When Martin Luther mounted his challenge to the Catholic Church reform stimulated a range of responses including radical solutions such as those proposed by theologians of the Anabaptist movement But how did ordinary Anabaptists men and women grapple with the theological and emotional challenges of the Lutheran Reformation Anabaptism developed along unique lines in the Lutheran heartlands in central Germany where the movement was made up of scattered groups and did not centre on charismatic leaders as it did elsewhere Ideas were spread more often by word of mouth than by print and many Anabaptists had uneven attachment to the movement recanting and then relapsing Historiography has neglected Anabaptism in this area since it had no famous leaders and does not seem to have been numerically strong Baptism Brotherhood and Belief challenges these assumptions revealing

how Anabaptism's development in central Germany was fundamentally influenced by its interaction with Lutheran theology. In doing so it sets a new agenda for understandings of Anabaptism in central Germany as ordinary individuals created new forms of piety which mingled ideas about brotherhood, baptism, the Eucharist and gender and sex. Anabaptism in this region was not an isolated sect but an important part of the confessional landscape of the Saxon lands and continued to shape Lutheran pastoral affairs long after scholarship assumed it had declined. The choices these Anabaptist men and women made sat on a spectrum of solutions to religious concerns raised by the Reformation. Understanding their decisions therefore provides new insights into how religious identities were formed in the Reformation era.

Nobility, Faith and Masculinity
Emanuel Buttigieg, 2011-04-21. This is an important study of elite European noblemen who joined the Order of Malta. The Order, functioning in parallel with the convents that absorbed the surplus daughters of the nobility, provided a highly respectable outlet for sons not earmarked for marriage. The process of becoming a Hospitaller was a semi-structured one involving clear-cut but flexible social and financial requirements on the part of the candidate and a mixture of formal and informal socialization into the ways of the Order. Once enrolled, a Hospitaller became part of a very hierarchical and ethnically mixed organisation within which he could seek offices and status. This process was delineated by a complex interaction of internal factors: hierarchy, patriarchy and age set within external mechanisms such as papal patronage and interference. This book is innovative in its methodology, drawing on a wide range of sources and applying historiographical approaches not previously brought to bear on the Order.

Gender Relations German Histor
June Purvis, 2017-09-29. First published in 1996, Routledge is an imprint of Taylor & Francis, an informal company.

German Migrant Historians in North America
Karen Hagemann, Konrad H. Jarausch, 2024-11-01. The migration experiences, career paths and scholarship of historians born in Germany who started emigrating to North America in the 1950s have had a unique impact on the transatlantic practice of Central European History. *German Migrant Historians in North America* analyzes the experiences of this postwar group of scholars and asks what informed their education and career choices and what motivated them to emigrate to North America. The contributors reflect on how these migration experiences informed their own research and teaching and particularly discuss the more general development of the transatlantic exchange between German and American historians in the scholarship on Modern Central European History.

Gender and German Colonialism
Elisabeth Krimmer, Chunjie Zhang, 2023-12-01. This book addresses the intersection between gender and colonialism, primarily in German colonialism. *Gender and German Colonialism* is concerned with colonialism as a historical phenomenon and with the repercussions and transformations of the colonial era in contemporary racist and sexist discourses and practices relating to refugees, migrants and people of non-European descent living in Europe. This volume contributes to the broader effort of decolonization with particular attention to concepts of gender. Rather than focus on only one European empire, it discusses and compares multiple former colonial powers in context. In addition to German colonialism, some chapters focus on

the role of gender in Dutch and Belgian colonialism in Indonesia Africa and the Americas This volume will be of value to students and scholars interested in women s and gender studies social and cultural history and imperial and colonial history

A Cultural History of Hair in the Renaissance Edith Snook,2020-12-10 In the period 1450 to 1650 in Europe hair was braided curled shaped cut colored covered decorated supplemented removed and reused in magic courtship and art amongst other things On the body Renaissance men and women often considered hair a signifier of order and civility Hair style and the head coverings worn by many throughout the period marked not only the wearer s engagement with fashion but also moral religious social and political beliefs Hair established individuals positions in the period s social hierarchy and signified class gender and racial identities as well as distinctions of age and marital and professional status Such a meaningful part of the body however could also be disorderly when it grew where it wasn t supposed to or transgressed the body s boundaries by being wild uncovered unpinned or uncut A natural material with cultural import hair weaves together the Renaissance histories of fashion politics religion gender science medicine art literature and material culture A necessarily interdisciplinary study A Cultural History of Hair in the Renaissance explores the multiple meanings of hair as well as the ideas and practices it inspired Separate chapters contemplate Religion and Ritualized Belief Self and Society Fashion and Adornment Production and Practice Health and Hygiene Sexuality and Gender Race and Ethnicity Class and Social Status and Cultural Representations *University of Michigan Official Publication* University of Michigan,1997 Each number is the catalogue of a specific school or college of the University

Gender in Transition Ulrike Gleixner,Marion W. Gray,2006 The historical influence of gender on German society and change **Gendering Post-1945 German History** Karen Hagemann,Donna Harsch,Friederike Brühöfener,2019-04-02 Although entanglement has become a keyword in recent German history scholarship entangled studies of the postwar era have largely limited their scope to politics and economics across the two Germanys while giving short shrift to social and cultural phenomena like gender At the same time historians of gender in Germany have tended to treat East and West Germany in isolation with little attention paid to intersections and interrelationships between the two countries This groundbreaking collection synthesizes the perspectives of entangled history and gender studies bringing together established as well as upcoming scholars to investigate the ways in which East and West German gender relations were culturally socially and politically intertwined **Gender and Jewish History**

Marion A. Kaplan,Deborah Dash Moore,2011 A Major Collection of Scholarship that Contains the most up to Date Indeed Cutting Edge Work on Gender and Jewish History by Several Generations of Top Scholars Atina Grossmann the Cooper Union

Gender, Church and State in Early Modern Germany Merry E. Wiesner,2014-02-04 This text brings together eleven important pieces by Merry Wiesner several of them previously unpublished on three major areas in the study of women and gender in early modern Germany religion law and work The final chapter specially written for this volume addresses three fundamental questions Did women have a Reformation What effects did the development of capitalism have on women and

Do the concepts Renaissance and Early Modern apply to women s experience The book concludes with an extensive bibliographical essay exploring both English and German scholarship
