Gender Work And Space:

Gender, Work and Space Susan Hanson, Geraldine Pratt, 2003-09-02 Examines how social boundaries are constructed between men and women in the work place and how these differences are grounded constituted in and through space place and situated social networks

Gender, Work and Property Nancy Konvalinka, 2013 Why do young men born in many small villages in Spain tend at the end of the twentieth century to stay there to live often remaining unmarried while young women from the same villages tend to leave In *Gender Work and Property* Nancy Konvalinka explores this phenomenon using the case of one small village in northwestern Spain and she extrapolates her findings there to understand similar processes elsewhere in Europe The changes in this village are analyzed and documented through long term ethnographic research participant observation interviews kinship diagrams life course models and archive study in order to help bring the village alive for the reader

Gender, Work and Community After De-Industrialisation V. Walkerdine, L. Jimenez, 2012-01-17 How does an industrial community cope when they are told that closure is inevitable What if this is only the last in a 200 year long line of threats insecurities and closure How did people weather the storms and how do they face the future now While attempts to regenerate communities are everywhere we do not often hear from the people themselves just how they managed to create safe collective spaces or how the fall of the whole house of cards brought with it effects which can be felt by young people who never knew the town when it was an industrial heartland We hear the story of how men and women tried to cope and still want to retain their community in the face of its destruction What can they and will they have to pass to the next generation and where will that leave the young people themselves who have nothing to stay for but are unable to leave This book examines these crucial questions facing post industrial societies

Handbook of Gender, Work and Organization Emma Jeanes, David Knights, Patricia Yancey Martin, 2012-03-02 This work of reference represents a remarkably complete detailed and extensive review of the field of gender work and organization in the second decade of the 21st century Its authors represent eight countries and many disciplines including management sociology political science and gender studies The chapters by top scholars in their areas of expertise offer both reviews and empirical findings and insights and challenges for further work The chapters are organized in five sections Histories and Philosophies Organizing Work and the Gendered Organization Embodiment Globalization and Diversity Theoretical and conceptual developments at the cutting edge of the field are explicated and illustrated by the handbook's authors Methods for conducting research into gender work and organization are reviewed and assessed as well as illustrated in the work of several chapters Efforts to produce greater gender equality in the workplace are covered in nearly every chapter in terms of past successes and failures Military organizations are presented as one of the difficult to change in regards to gender with the result that women are marginalized in practice even when official policies and goals require their full inclusion The role of the body embodiment is emphasized in several chapters with attention both to how organizations discipline bodies and how organizational members

use their bodies to gain advantage Particular attention is paid to sexuality in and organizations including sexual harassment policies to alleviate bias and the likelihood that future work will pay more attention to the body's presence and role in work and organizations Many chapters also address change efforts that have been employed by individuals groups and organizations including transnational ones such as the European Union the United Nations and so on In addition to its value for teachers and students within this field it also offers insights that would be of value to policy makers and practitioners who need to reflect on the latest thinking relating to gender at work and in organizations

Women, Work and Mobilities Nihan Akyelken, 2023-09-29 This book explores the wider implications of how workers move within and across cities and regions to reach economic opportunities It does so with a specific focus on women in urban and regional contexts in Turkey The book reveals specificities and generalisations about mobility patterns of women in low income households low paid jobs and how these change in the existence of urban and regional interventions such as industrial zoning urban transformations and mobility restrictions The book presents new theorisations of work and mobility through labour agency showing how mobility changes the recruitment and use of labour under state interventions It orchestrates the existing narratives of containment mobility and rootedness to shed light on the role of labour agency in organising livelihoods The book particularly acknowledges the multiscale multifaceted and relational nature of mobilities entailed in the economy by bringing the role of labour agency into urban and regional contexts This book will appeal to researchers and students working on labour geography feminist geography mobilities and urban studies

Gender, Media, and Organization Jannine Williams, Sharon Mavin, Valerie Stead, Carole Elliott, 2016-08-01 *Gender Media and Organization Challenging Mis s Representations of Women Leaders and Managers* is the fourth volume in the *Women and Leadership Research Theory and Practice* series This cross disciplinary series from the International Leadership Association draws from current research findings development practices pedagogy and lived experience to deliver provocative thinking that enhances leadership knowledge and improves leadership development of women around the world This volume addresses the lack of critical attention in leadership research to how women leaders and professionals are represented in the media The volume acts as a companion piece to a Seminar Series funded by the UK's Economic and Social Sciences Research Council ESRC to address this gap in the research The lack of research interrogation of gendered media representations of women leaders and professionals is a surprising omission given the wealth of evidence from stakeholders outside academia revealing that women and women leaders continue to be underrepresented across all forms of media outlet This volume contributes to social change equality and economic performance by raising consciousness about women's lack of representation in the media and challenges gendered mis s representations of women professionals and leaders in the media through the presentation of a range of empirical investigations and methodological approaches The volume contributors use various theories and conceptualizations to problematize and analyze women's limited representation in the media and the gendered representations of women

professionals and leaders Together the volume s 14 chapters reflect the beginning of a rich diverse emergent strand of academic research that interrogates relationships between the media in its multiple forms and women s leadership Illuminating the positioning of women leaders and professionals as both complex and problematic these chapters offer an important agenda for management and organization scholars They attest to the need to describe and make visible women s mis s representations in the media while drawing attention to the importance of situating these mis s representations in the broader social economic historical cultural and political context as a means to gain insight into their development and evolution As a rich and diverse site of research examination of the media calls for a broad methodological repertoire The chapters in this book draw from multiple sources and include among others the development of thematic analysis to illuminate stereotypes the use of critical discourse analysis to understand professional women s experience a rhetorical analysis of the covers of Time magazine and an interrogation of the power dynamics manifested in the media s practice of nicknaming women leaders Gender Media and Organization is a first step in stimulating further research that poses critical questions concerning gendered and sexualized representations of women leaders in textual and visual forms and considers the media s influence on gender equality and social justice The chapters offer fruitful avenues for future research to continue the momentum of challenging gendered media representations of women leaders and professionals

Gender Shrapnel in the Academic Workplace Ellen Mayock, 2016-05-27 This book employs the image of shrapnel bits of scattered metal that can hit purposeful targets or unwitting bystanders to narrate the story of workplace power and gender discrimination The project interweaves stories of gender shrapnel with an examination of national rhetoric surrounding business education and law to uncover underlying phenomena that contribute to discourse on privilege and gender in the academic workplace Using concrete examples that serve as case studies for subsequent discussion of data about women in the workforce language use and misuse sexual harassment silence and shutting up and hiring training promotion and the glass ceiling Mayock explores the deeper implications of gender inequity in the workplace

The Oxford Handbook of Job Quality Chris Warhurst, Chris Mathieu, Rachel E. Dwyer, 2022-06-20 The aim of this Handbook is to produce an interdisciplinary and international benchmark text for anyone wanting to understand job quality Job quality matters and has long and continually done so even if the terminology used to describe it has and continues to vary Debate about the future of work and job quality in the twenty first century centres on the impact of the new digital technologies of the putative fourth industrial revolution This debate compounds existing concerns about the restructuring of employment and importantly a worrying proliferation of poor quality jobs often within the context of neo liberal political economic hegemony since the early 1980s or the economic crisis that followed the Global Financial Crisis of the late 2000s Job quality is offered as a solution to challenges such as health welfare productivity innovation economic competitiveness democracy and democratic participation Bildung cultivation societal equality individual and collective quality of life and environmental sustainability As job quality is a key factor in addressing

these and the other challenges it needs to be understood in all its complexity in terms of what it affects as well as what affects it This Handbook draws together into a single volume first an explicit focus on job quality both as a significant factor in and of itself and as producing instrumental effects on a range of other processes and outcomes second a catalogue of the diverse range of multiple contributions and applications related to job quality and third the complexity and multiple interpretations of the concept of job quality Each chapter provides distinct responses to the question of why job quality matters coupled to a contention about for whom or for what job quality matters most As the chapters with their respective answers and arguments attest there are a range of ways in which job quality is relevant to an equally broad range of social economic and political concerns
