**United States. Congress**

## Generals President:

*History of the Joint Chiefs of Staff, The Joint Chiefs of Staff and the War in Vietnam 1960-1968, Part 1, 2011 ,2011*

**Public Papers of the Presidents of the United States: Harry S. Truman, 1952-1953, Volume 8** Truman, Harry S.,1966-01-01 Public Papers of the Presidents of the United States The Joint Chiefs of Staff and the War in Vietnam, 1960-1968: 1960-1963 Jack Shulimson,2011 Air University Periodical Index ,1961 **The Joint Chiefs of Staff and the War in Vietnam, 1960-1968: 1960-1968** Graham A. Cosmas,2009 **War is a Racket II** Robert F. Boland,2019-06-27 This is not an anti war book Rather the book is about the bad behavior of the US government in Washington DC in taking the country into military adventures when it is not necessary To state that the country should never go to war would be irresponsible Wars cannot always be avoided A characteristic of the United States foreign policy establishment is their refusal to admit they made a mistake There are never any consequences for invading the wrong country The establishment carries on as if everything is okay and they quickly forget about the dead and crippled Currently the US has approximately 800 bases in seventy countries As of November 2016 the US was dropping bombs on seven different countries This book does not favor either political party However some may disagree In 1935 retired General Smedley Butler published a small book entitled War Is a Racket which explained how and why the US Government manipulates the country into various wars and military interventions for power and their own selfish interest This is an update on General Butler s 1935 book Most of us have heard or read the following words many times We are forced to go to war or do a military intervention to save our liberty and freedom to make the world safe for democracy a war to end all wars to save the world from communist or whatever to protect American lives to save the world from a country that might possess weapons of mass destruction etc This is a book explaining how the United States government manipulated and lied its way into a number of wars and military interventions This information will not normally be taught in your school history class or viewed on your history channel This is not conspiracy theory stuff You can look it all up This information is available to all citizens if they care to research it Some of this information may shock you **Going, Going, Gone!** Steve Hermanos,2022-03-08 Best Books of 2022 Kirkus Reviews A rousing sports time travel epic Booklife by Publishers Weekly Riveting lyrical Readers will stick with this riotous page turner to the last out Kirkus starred review An earthquake decimates San Francisco s baseball stadium Two players and their manager are trapped With water rising the trio crawls through a gash in the wall Naked and penniless they climb through the muck onto shore Downtown San Francisco is on fire They can not find their stadium or any new buildings or the parking lot with their fancy cars No one has a cell phone to call for help Andr Velez the self absorbed superstar Johnny Blent the faithful to his wife rookie infielder and their baseball is life manager Bucky Martin have been transported through time into the 1906 earthquake Can they figure out what happened Or how to get back to their 21st century lives In a world without television cameras social media or Sabermetrics the players make money the only way they know how But the 1906 they re

inhabiting isn't one from our history books. Soon the three find themselves part of an international baseball challenge against the rump remnant of the Confederacy and its all-star team featuring Walter Johnson, Martin Dihigo, Ty Cobb and Ty's murderous menacing baseball brothers. *The American Presidents* Melvin I. Urofsky, 2004-11-23. What makes a president great? Here is the ideal source for students, scholars and the general public. *The American Presidents* is a collection of articles that analyze and evaluate the presidential careers of the men who have occupied the office since its inception in 1789. In this volume the leading presidential historians in the United States offer insights into what makes a president great, mediocre or in the case of most of them something in between. The contributors to *The American Presidents* were not asked to write straightforward biographies of the presidents; other sources are available for that. Rather they were asked to evaluate their subjects. No strict patterns were imposed by the editor; each author approached his or her subject in the way that best illustrated the strengths and weaknesses of the president under consideration. Forty-one have held the office of president and all in one way or another were exceptional men. Some like Andrew Jackson and Harry Truman are usually thought of as representing the common folk, but nothing was common about either of them. Each proved to be an extraordinary and singular politician able to rally and represent the country through the challenges of their times. Some presidents had achieved brilliance in other fields: Ulysses Grant in the military and Herbert Hoover as an engineer and humanitarian, for example, but had presidencies that are considered unsuccessful. What accounts for this seeming paradox in which insight, sensitivity and competence suddenly become nontransferable when the man reaches the White House? This book offers the reader multiple perspectives on this and other issues. Examination of the ways in which challenges affect presidential greatness. Theodore Roosevelt, a successful president by any standard, was acutely aware that the prosperity and peace the country enjoyed during his two terms in office would ironically prevent him from reaching the upper tier of greatness enjoyed by Washington and Lincoln. After he left office he yearned to return in hope of finding the challenge that would seal his greatness. Earlier in the late nineteenth century the electorate placed competent men such as Rutherford B. Hayes, Grover Cleveland and Benjamin Harrison in the White House, but they are little remembered today. None faced earth-shaking challenges at home and abroad and their presidencies slipped into obscurity. Discussion of personal characteristics and presidential performance. For more than two centuries the presidency has proved a remarkably durable institution. Presidential personalities have varied widely from the patrician aloofness of Washington to the moody introspection of Lincoln to the noisy exuberance of Theodore Roosevelt. The articles in *The American Presidents* consider the ways in which personality has affected performance. Special features: 41 signed essays by the leading experts, illustrated with portraits of the presidents. Selected bibliographies. At a glance summaries of each president's achievements. Useful charts and tables on cabinet members, first ladies and vice presidents from Washington to Clinton. Addresses and Web sites for major presidential libraries. *The Military Laws of the United States, 1915* United States, 1915. [The Congressional Globe](#) United States.

Congress, 1863      **The American Whig Review**, 1848      President's Kill List Luca Trenta, 2024-05-31 From Fidel Castro to Qassem Soleimani the US government has been involved in an array of assassinations and assassination attempts against foreign leaders and officials The President's Kill List reveals how the US government has relied on a variety of methods from the use of poison to the delivery of sniper rifles and from employing hitmen to simply laying the groundwork for local actors to do the deed themselves It shows not only how policymakers decided on assassination but also the level of Presidential control over these decisions Tracing the history of the US government's approach to assassination the book analyses the evolution of assassination policies and for the first time reveals how successive administrations through private justifications and public legitimations ensured assassination remained an available tool      The Cold War and its Legacy in Indonesia Silvia Mayasari-Hoffert, 2023-11-01 Mayasari Hoffert examines the depiction of the Left in Indonesian literature since the anti leftist purge in 1965 With close textual analysis of Indonesian literary texts and their political context this book investigates how the New Order regime under Suharto was able to build a metanarrative of liberation while purging the Left in Indonesia Even after the regime's end in 1998 many Indonesians still have an ingrained fear of the prospect of Communism with the result being that literary representation of the Left is still seen as problematic Through reviewing Indonesia's institution of literature the use and abuse of universal humanism under the New Order regime is examined and the ways in which power intersects with literature is explored An informative read for scholars and students of Indonesian politics literature and the cultural cold war      **The Army and Politics in Indonesia** Harold A. Crouch, 2007 A comprehensive description of the Indonesian Army's history of political involvement Crouch's incredible knowledge of so many facets of intrigue and manipulation of names dates enemies and friends and specific circumstances under which each attempted coup and counter effort was made is phenomenal His attention to the supporting literature and his own personal experiences in country certainly would indicate that Mr Crouch is a if not the leading expert in this complex and bewildering subject Highly recommended Perspective Reviews of New Books in Political Science The author has produced the most thorough and balanced account of contemporary Indonesian politics yet to appear in print Canadian Journal of Political Science A valuable contribution to our knowledge of modern Indonesia Journal of Southeast Asian Studies In this highly respected work Harold Crouch analyzes the role of the Indonesian Army in that country's politics putting special emphasis on the Sukarno years the gradual takeover of power by the military and the nature of Suharto's New Order government The Army and Politics in Indonesia is now updated with a new preface and epilogue that expands the book's coverage to the 1980s HAROLD CROUCH is a Senior Fellow in the Department of Political and Social Change Research School of Pacific and Asian Studies Australian National University where his research is concerned with Southeast Asian politics He taught political science at the University of Indonesia in Jakarta from 1968 to 1971 and in the Department of Political Science at the National University of Malaysia from 1976 to 1990      *Poland Army, National Security and Defense Policy Handbook Volume 1 Strategic*

*Information and Developments* IBP USA,2013-08 2011 Updated Reprint Updated Annually Poland Army National Security and Defense Policy Handbook    **Papers of the Second Palo Alto Conference** Harriett Denise Joseph,Anthony K. Knopp,Douglas A. Murphy,1997    *Journal of the Military Service Institution of the United States* Military Service Institution of the United States,1885    **Yonkers in the Rebellion of 1861-1865** Thomas Astley Atkins,1912    **The Ever-Changing Leaders and Organization of the Army of the Potomac** George S. Maharay,2010 This book describes the changes in leadership and organization for the Army of the Potomac The author explores the reasons for the changes and shows them in 23 pictorial organization charts    *Congressional Record* United States. Congress,1996
