Generation Existential Heideggers Philosophy In France 1927 1961:

Generation Existential Ethan Kleinberg, 2005 Kleinberg offers new insights into intellectual figures whose influence on modern French philosophy has been enormous including some whose thought remains under explored outside France

The Bloomsbury Handbook of Existentialism Jack Reynolds, Ashley Woodward, Felicity Joseph, 2023-12-28 This fully revised and updated 2nd edition provides a comprehensive reference guide to existentialism featuring key chapters on key existentialist thinkers as well as chapters applying existentialism to subject areas ranging across politics literature feminism religion the emotions cognitive science and poststructuralism Contemporary developments in the field of existentialism that speak to issues of identity and exclusion are explored in 4 new chapters on race gender disability and technology whilst the 5th new chapter outlines analytic philosophy's complicated relationship to existentialism Presenting the field of existentialism beyond the European tradition this edition also includes a new key thinker chapter on Frantz Fanon alongside Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir as well as new engagement with the work of scholars on race and existentialism including Lewis R Gordon George Yancy and Richard Wright The resources section at the end of the book includes an updated A to Z glossary and timeline of key events texts and thinkers in existentialism as well as a list of relevant organisations and an annotated guide to further reading making this 2nd edition an invaluable text for scholars and students alike

Sartre's 'Being and Nothingness' Sebastian Gardner, 2009-01-01 This text presents a concise and accessible introduction to Jean Paul Sartre's existentialist book *Being and Nothingness*

German Text Crimes Tom Cheesman, 2013 *German Text Crimes* offers new perspectives on scandals and legal actions implicating writers of German literature since the 1950s Topics range from literary echoes of the Heidegger Affair to recent incitements to murder businessmen agents of American neo liberal power in works by Rolf Hochhuth and others GDR songwriters cat and mouse games with the Stasi feminist debates on pornography around works by Charlotte Roche and Elfriede Jelinek controversies over anti-Semitism around Bernhard Schlink's *Der Vorleser* *The Reader* and Martin Walser's lampooning of the Jewish critic Marcel Reich Ranicki Peter Handke's pro Serbian travelogue the disputed editing of Ingeborg Bachmann's *Nachla* vexed relations between dramatists and directors abuses of privacy law to censor contemporary fiction these are among the cases of text crimes discussed Not all involve codified law but all test relations between state power civil society media industries and artistic license

The New Century Keith Ansell-Pearson, Alan D. Schrift, 2014-09-03 This volume covers the period between the 1890s and 1930s a period that witnessed revolutions in the arts and society which set the agenda for the rest of the century In philosophy the period saw the birth of analytic philosophy the development of new programmes and new modes of inquiry the emergence of phenomenology as a new rigorous science the birth of Freudian psychoanalysis and the maturing of the discipline of sociology This period saw the most influential work of a remarkable series of thinkers who reviewed evaluated and transformed 19th century thought A generation of thinkers among them Henri Bergson Emile Durkheim Sigmund Freud

Martin Heidegger Edmund Husserl Karl Jaspers Max Scheler and Ludwig Wittgenstein completed the disenchantment of the world and sought a new re enchantment The Other Renaissance Rocco Rubini,2014-12-22 A natural heir of the Renaissance and once tightly conjoined to its study continental philosophy broke from Renaissance studies around the time of World War II In The Other Renaissance Rocco Rubini achieves what many have attempted to do since bring them back together Telling the story of modern Italian philosophy through the lens of Renaissance scholarship he recovers a strand of philosophic history that sought to reactivate the humanist ideals of the Renaissance even as philosophy elsewhere progressed toward decidedly antihumanist sentiments Bookended by Giambattista Vico and Antonio Gramsci this strand of Renaissance influenced philosophy rose in reaction to the major revolutions of the time in Italy such as national unity fascism and democracy Exploring the ways its thinkers critically assimilated the thought of their northern counterparts Rubini uncovers new possibilities in our intellectual history that antihumanism could have been forestalled and that our postmodern condition could have been entirely different In doing so he offers an important new way of thinking about the origins of modernity one that renews a trust in human dignity and the Western legacy as a whole The Physicist and the Philosopher Jimena Canales,2016-10-04 The explosive debate that transformed our views about time and scientific truth On April 6 1922 in Paris Albert Einstein and Henri Bergson publicly debated the nature of time Einstein considered Bergson s theory of time to be a soft psychological notion irreconcilable with the quantitative realities of physics Bergson who gained fame as a philosopher by arguing that time should not be understood exclusively through the lens of science criticized Einstein s theory of time for being a metaphysics grafted on to science one that ignored the intuitive aspects of time The Physicist and the Philosopher tells the remarkable story of how this explosive debate transformed our understanding of time and drove a rift between science and the humanities that persists today Jimena Canales introduces readers to the revolutionary ideas of Einstein and Bergson describes how they dramatically collided in Paris and traces how this clash of worldviews reverberated across the twentieth century She shows how it provoked responses from figures such as Bertrand Russell and Martin Heidegger and carried repercussions for American pragmatism logical positivism phenomenology and quantum mechanics Canales explains how the new technologies of the period such as wristwatches radio and film helped to shape people s conceptions of time and further polarized the public debate She also discusses how Bergson and Einstein toward the end of their lives each reflected on his rival s legacy Bergson during the Nazi occupation of Paris and Einstein in the context of the first hydrogen bomb explosion The Physicist and the Philosopher is a magisterial and revealing account that shows how scientific truth was placed on trial in a divided century marked by a new sense of time **Heidegger, Dasein, and Gender** Patricia Glazebrook,Susanne Claxton,2024-10-15 Heidegger Dasein and Gender takes Heidegger to task on gender by assessing his views on women as thinkers and exploring what his work offers to contemporary LGBTQ and women s studies Scholars come together whose Heidegger research engages bioethics pregnancy motherhood and maternal Dasein whether Dasein can be

gender neutral or non binary and what it means when neutrality and gender are defined by patriarchy rather than the spectrum of lived genders the question of human capacity for transcendence in the immanence of flesh and the possibility of re imaging Dasein as gendered i e born into embodiment and bound to memory and the capacity to create new futures by transitioning the present as it slips into history Authors ask who and what including animals can be Dasein and bring Heidegger to issues of sexual abuse and violence men s experience when thrust into women s daily and not so daily routine and the intersection of queerness and death The book aims not to provide final answers but to open possibilities for further thinking with on against through and because of Heidegger

Heidegger John Richardson,2012-02-27 Martin Heidegger is one of the twentieth century s most influential but also most cryptic and controversial philosophers His early fusion of phenomenology with existentialism inspired Sartre and many others and his later critique of modern rationality inspired Derrida and still others This introduction covers the whole of Heidegger s thought and is ideal for anyone coming to his work for the first time John Richardson centres his account on Heidegger s persistent effort to change the very kind of understanding or truth we seek Beginning with an overview of Heidegger s life and work he sketches the development of Heidegger s thought up to the publication of *Being and Time* He shows how that book takes up Husserl s method of phenomenology and adapts it He then introduces and assesses the key arguments of *Being and Time* under three headings pragmatism existentialism and temporality its three levels of analysis of human experience Subsequent chapters introduce Heidegger s later philosophy including his turn towards a historical account of being and new ideas about how we need to think to get the truth about it his influential writings on language art and poetry and their role in the Western history of being and his claim that this history has culminated in a technological relation to things that is deeply problematic above all in the way it excludes the divine The final chapter looks at Heidegger s profound influence on several intellectual movements ranging from phenomenology to existentialism to postmodernism A much needed and refreshing introduction to this major figure Heidegger is ideal reading for anyone coming to his work for the first time and will interest and stimulate students and scholars alike

Nature, Speculation and the Return to Schelling Tyler Tritten,Daniel Whistler,2018-12-07 Two decades ago Schelling first resurfaced in i ek s *Indivisible Remainder* and the same argumentative move of redeploying Schellingian themes for contemporary ends has continued to play a significant role in critical theory since Markus Gabriel Iain Hamilton Grant Jean Luc Nancy All the articles in this volume attempt to take seriously the idea of Schelling as a contemporary philosopher Schelling is read in dialogue with key figures in the canon of European philosophy and critical theory Alain Badiou milie du Ch telet Gilles Deleuze Paul de Man Quentin Meillassoux Maurice Merleau Ponty Gilbert Simondon Slavoj i ek as well as in light of recent trends in analytic philosophy Brandomian pragmatism powers based metaphysics and semantic naturalism and such readings are not meant merely to highlight Schellingian influences or resonances in contemporary thinking but rather to challenge and interrogate current orthodoxies by insisting upon the contemporaneity of

Schellingian speculation That is the aim is both to evaluate and constructively build upon this repeated return to Schelling to probe to diagnose and to experiment on the latent Schellingianisms of the present and the future This book was originally published as a special issue of Angelaki Journal of the Theoretical Humanities

The Multidimensionality of Hermeneutic Phenomenology Babette Babich, Dimitri Ginev, 2014-01-15 This book offers new reflections on the life world from both phenomenological and hermeneutic perspectives It presents a prism for a new philosophy of science and technology especially including the social sciences but also the environment as well as questions of ethics and philosophical aesthetics in addition to exploring the themes of theology and religion Inspired by the many contributions made by the philosopher Joseph Kockelmans this book examines the past present and future prospects of hermeneutic phenomenology It raises key questions of truth and method as well as highlights both continental and analytic traditions of philosophy Contributors to The Multidimensionality of Hermeneutic Phenomenology include leading scholars in the field as well as new voices representing analytic philosophers of science hermeneutic and phenomenological philosophers of science scholars of comparative literature theorists of environmental studies specialists in phenomenological ethics and experts in classical hermeneutics

Cosmopolitanism in Hard Times, 2020-12-15 This reference book provides the reader with an exhaustive array of epistemological theoretical and empirical explorations related to the field of cosmopolitanism studies It considers the cosmopolitan perspective rather as a relevant approach to the understanding of some major issues related to globalization than as a subfield of global studies In this unique contribution to conceptualizing establishing experiencing and challenging cosmopolitanism each chapter seizes the paradoxical dialectic of opening up and closing up of enlightenment and counter enlightenment of hope and despair at work in the global world while the volume as a whole insists on the moral intellectual structural and historical resources that still make cosmopolitanism a real possibility and not just wishful thinking even in these hard times Contributors include John Agnew Daniele Archibugi Paul Bagguley Esperanza Bielsa Estevó Bosch Stéphanie Chauvier Daniel Chernilo Vincenzo Cicchelli Vittorio Cotesta Stéphanie Dufoix David Held Robert Holton Yasmin Hussain David Inglis Lauren Langman Pietro Maffettone Sylvie Mesure Magdalena Nowicka Sylvie Octobre Delphine Pagès El Karaoui Massimo Pendenza Alain Policar Frédéric Ramel Laurence Roulleau Berger Hiro Saito Camille Schmoll Bryan S Turner Clive Walker and Daniel J Whelan With an Afterword by Arjun Appadurai

Existentialism Kevin Aho, 2014-04-10 Existentialism An Introduction provides an accessible and scholarly introduction to the core ideas of the existentialist tradition Kevin Aho draws on a wide range of existentialist thinkers in chapters centering on the key themes of freedom being in the world alienation nihilism anxiety and authenticity He also addresses important but often overlooked issues in the canon of existentialism with discussions devoted to the role of embodiment the movement's contribution to ethics politics and environmental and comparative philosophies as well as its influence on contemporary psychiatry and psychotherapy The enduring relevance of existentialism is shown by applying existentialist ideas to contemporary philosophical discussions of

interest to a wide audience The book covers secular thinkers such as Heidegger Merleau Ponty Nietzsche Sartre Camus and Beauvoir as well as religious authors such as Buber Dostoevsky Marcel and Kierkegaard In this engaging and accessible text Aho shows why existentialism cannot be easily dismissed as a moribund or outdated movement In the aftermath of God's death existentialist philosophy engages questions with lasting philosophical significance questions such as Who am I and How should I live By showing how existentialism offers insight into what it means to be human the author illuminates existentialism's enduring value Existentialism An Introduction provides the ideal introduction for upper level students and anyone interested in knowing more about one of the most vibrant and important areas of philosophy today **Catholic**

Theology After Kierkegaard Joshua Furnal, 2016 Although he is not always recognized as such Soren Kierkegaard has been an important ally for Catholic theologians in the early twentieth century Moreover understanding this relationship and its origins offers valuable resources and insights to contemporary Catholic theology Of course there are some negative preconceptions to overcome Historically some Catholic readers have been suspicious of Kierkegaard viewing him as an irrational Protestant irreconcilably at odds with Catholic thought Nevertheless the favorable mention of Kierkegaard in John Paul II's *Fides et Ratio* is an indication that Kierkegaard's writings are not so easily dismissed Catholic Theology after Kierkegaard investigates the writings of emblematic Catholic thinkers in the twentieth century to assess their substantial engagement with Kierkegaard's writings Joshua Furnal argues that Kierkegaard's writings have stimulated reform and renewal in twentieth century Catholic theology and should continue to do so today To demonstrate Kierkegaard's relevance in pre conciliar Catholic theology Furnal examines the wider evidence of a Catholic reception of Kierkegaard in the early twentieth century looking specifically at influential figures like Theodor Haecker Romano Guardini Erich Przywara and other Roman Catholic thinkers that are typically associated with the *ressourcement* movement In particular Furnal focuses upon the writings of Henri de Lubac Hans Urs von Balthasar and the Italian Thomist Cornelio Fabro as representative entry points

Foucault's Legacy C.G. Prado, 2011-10-20 Foucault's Legacy brings together the work of eight Foucault specialists in an important collection of essays marking the 25th anniversary of Foucault's death Focusing on the importance of Foucault's most central ideas for present day philosophy the book shows how his influence goes beyond his own canonical tradition and linguistic milieu The essays in this book explore key areas of Foucault's thought by comparing aspects of his work with the thought of a number of major philosophers including Nietzsche Heidegger Rorty Hegel Searle Vattimo and Williams Crucially the book also considers the applicability of his central ideas to broader issues such as totalitarianism religion and self sacrifice Presenting a fresh and exciting vision of Foucault as a philosopher of enduring influence the book shows how important Foucault remains to philosophy today **Esoteric Islam in Modern French Thought** Ziad

Elmarsafy, 2021-01-14 Why would a devout Catholic a committed Protestant and a Maoist atheist devote their lives and work to the study of esoteric aspects of Islam How are these aspects good to think with What are the theoretical and intellectual

problems to which they provide solutions These are the questions at the heart of Esoteric Islam in Modern French Thought The three French specialists of Islam described above form an intellectual and personal genealogy that structures the core of the text Massignon taught Corbin who taught Jambet in his turn Each of them found in the esoteric a solution to otherwise insurmountable problems desire for Massignon certainty for Corbin and resurrection immortality for Jambet Over the course of three long chapters focused on the life and work of each writer the book maps the central place of esoteric Islam in the intellectual life of twentieth and twenty first century France *Debating Humanity* Daniel Chernilo,2017-04-20 An original approach to the question what is a human being examining key ideas of leading contemporary sociologists and philosophers

Encountering the Past within the Present Siobhan Kattago,2019-11-27 Encountering the Past within the Present Modern Experiences of Time examines different encounters with the past from within the present whether as commemoration nostalgia silence ghostly haunting or combinations thereof Taking its cue from Hannah Arendt s definition of the present as a time span lying between past and future the author reflects on the old philosophical question of how to live the good life not only with others who are physically with us but also with those whose presence is ghostly and liminal While tradition may no longer command the same authority as it did in antiquity or the middle ages individuals are by no means severed from the past Rather nostalgic longing for bygone times and traumatic preoccupation with painful historical events demonstrate the vitality of the past within the present Divided into three parts chapters examine ways in which the legacies of World War II the Holocaust and communism have been remembered after 1945 and 1989 Maintaining a sustained reflection on the nexus of memory modernity and time in tandem with ancient questions of responsibility for one another and the world the volume contributes to the growing field of memory studies from a philosophical perspective As such it will appeal to scholars of sociology social theory and philosophy with interests in collective memory and heritage **Beyond Memory** Alexandre Dessingué,Jay Winter,2015-08-14 Beyond Memory Silence and the Aesthetics of Remembrance analyses the intricate connections between silence acts of remembrance and acts of forgetting and relates the topic of silence to the international research field of Cultural Memory Studies It engages with the most recent work in the field by viewing silence as a remedy to the traditionally binary approach to our understanding of remembering and forgetting The international team of contributors examine case studies from colonialism war politics and slavery from across the globe as well as drawing examples from literature philosophy and sites of memory to draw three main conclusions Firstly that the relationship between remembering and forgetting is relational rather than hermetic and the space between the two is often occupied by silence Secondly silence is a force in itself capable of stimulating more or less remembrance Finally that silence is a necessary and key element in the interaction between the human mind and the outer world and enables people to challenge their understanding of art music literature history and memory With an introduction by the editors discussing Memory Studies and concluding remarks by Astrid Erll this collection demonstrates that acceptance and consideration of silence as

having both a performative and aesthetic dimension is an essential component of history and memory studies **Adorno and Existence** Peter E. Gordon, 2016-11-14 Adorno was forever returning to the philosophies of bourgeois interiority seeking the paradoxical relation between their manifest failure and their hidden promise As Peter E Gordon shows Adorno's writings on Kierkegaard Husserl and Heidegger present us with a photographic negative a philosophical portrait of the author himself

Generation Existential Heideggers Philosophy In France 1927 1961 Book Review: Unveiling the Power of Words
