Learning Bodies Julia Coffey, Shelley Budgeon, Helen Cahill, 2016-02-03 Learning Bodies addresses the lack of attention paid to the body in youth and childhood studies Whilst a significant range of work on this area has explored gender class race and ethnicity and sexualities all of which have bodily dimensions the body is generally studied indirectly rather than being the central focus This collection of papers brings together a scholarly range of international interdisciplinary work on youth with a specific focus on the body

The authors engage with conceptual empirical and pedagogical approaches which counteract perspectives that view young people's bodies primarily as problems to be managed or as sites of risk or deviance. The authors demonstrate that a focus on the body allows us to explore a range of additional dimensions in seeking to understand the experiences of young people. The research is situated across a range of sites in Australia, North America, Britain, Canada, Asia, and Africa, drawing on a range of disciplines including sociology, education, and cultural studies in the process. This collection aims to demonstrate theoretically, empirically, and pedagogically the implications that emerge from a reframed approach to understanding children and youth by focusing on the body and embodiment.

Routledge Handbook of Sexuality, Gender, Health and Rights Peter Aggleton, Rob Cover, Carmen H. Logie, Christy E. Newman, Richard Parker, 2023-12-22. Thoroughly updated with over 30 newly written chapters, this edition of the Routledge Handbook of Sexuality, Gender, Health and Rights brings together academics and practitioners from around the world to provide an authoritative and up-to-date account of the field. Social researchers and their allies have worked hard in past decades to find new ways of understanding sexuality in a rapidly changing world. Growing attention is now given to the way sexuality intersects with other structures such as gender, age, ethnicity, race, and disability, and increasing value is seen in a positive approach focused on ethics, pleasure, mutuality, and reciprocity. This Handbook explores theory, politics, and early development of sexuality studies, ways in which language, discourse, and identification have become central to research on sex, sexuality, and gender, key issues across the broad media and digital ecology, demonstrating the centrality of representation, communication, and digital technologies to sexual and gender practices, research focusing on the body and its sexual pleasures, work on forms of inequality, violence, and abuse that are linked to sex, gender, and sexuality. The Handbook is an essential reference for researchers and educators working in the fields of sexuality studies, gender studies, sexual health, and human rights, and offers key reading for mid-level and advanced students.

LGBT-Parent Families Abbie E. Goldberg, Katherine R. Allen, 2012-10-12. *LGBT Parent Families* is the first handbook to provide a comprehensive examination of this underserved area. Reflecting the nature of this issue, the volume is notably interdisciplinary, with contributions from scholars in psychology, sociology, human development, family studies, gender studies, sexuality studies, legal studies, social work, and anthropology. Additionally, scholarship from regions beyond the U.S., including England, Australia, Canada, and South Africa, is presented. In addition to gender and sexuality, all contributors address issues of social class, race, and ethnicity in their chapters.

Ernie McClintock and the Jazz Actors Family Elizabeth M. Cizmar, 2023-01-19. *Ernie McClintock and the Jazz Actors Family* is a critical biography examining the life and work of Ernie McClintock, the founder of the Jazz Acting Method and 1997 recipient of the Living Legend Award from the National Black Theatre Festival, whose inclusive contributions to acting and actor training have largely remained on the fringes of scholarship and practice. Based on original archival research and interviews with McClintock's students and peers, this book traces his life from his childhood in Chicago to Harlem in the 1960s, at the height of the Black Arts Movement, to

Richmond Virginia in 2003 paying particular attention to his Black Power influenced culturally specific acting theory and versatile Black theatrical productions As a biographical study this book establishes McClintock as a leading figure of the Black Theatre Movement proven by the Jazz Acting technique his critically acclaimed productions and his leadership positions in organizations such as the Black Theatre Alliance Ernie McClintock and the Jazz Actors Family explores how the Jazz Acting technique was applied in productions such as N R Davidson s El Hajj Malik Derek Walcott s Dream on Monkey Mountain Cheryl West s Before It Hits Home Endesha Mae Holland s From the Mississippi Delta and many collectively authored pieces The book also investigates why he has been excluded from dominant theatre histories especially considering how as a gay Black man he persistently defied the status quo questioning practices of administrators of theatres and mainstream theatrical standards Ernie McClintock and the Jazz Actors Family is situated at the intersection of Black acting theory Black Arts Movement history and Black queer studies and is an illuminating study of an important figure for actors acting teachers acting students and cultural historians This is an essential resource for readers who are seeking histories and approaches outside of a white straight Eurocentric framework

A Family Outing Ruby Remenda Swanson,2016-09-15

Ruby Swanson s life changed when her sixteen year old son walked to her office closed the door and with his hand still on the doorknob said I m gay Despite her initial reaction of shock fear and denial Ruby became a public advocate for equality and acceptance of the LGBT community A Family Outing is the story of Ruby s experiences She addresses the deeply homophobic time in which baby boomers grew up the emergence of the gay rights movement and how the AIDS epidemic transformed the LGBT landscape A Family Outing is a memoir about discovering gay great uncles and learning about their lives It is about operating spotlights at a drag queen show and about marching in Pride Parades It is about the discrimination that gay people continue to face today and what emerges from the direct clear eyed prose Finally it is the picture of a woman who endured taunts from religious fundamentalists and political protestors to become an LGBT advocate
