**The Shaping of Black Identities** Jimmie R. Hawkins, 2025-02-04 Turn the traditional generational groupings on their head through this examination of Black life culture and the struggle for racial justice in the United States The Shaping of Black Identities explores the generations of African Americans who have lived in the twentieth and early twenty first centuries and the impact that living in the United States has had on them Jimmie R. Hawkins examines how identity is formed and shaped by internal and external forces He investigates collective memory and the stories told to each succeeding generation about the lives of the preceding generations But most of all this book is about belonging Using the generational time frames established by the Pew Research Center Hawkins proposes six new generational categories rooted in the Black experience the New Negro Motown Black Power Hip Hop BlackLivesMatter and Obama generations He emphasizes the need for reexamination in distinguishing generational uniqueness with attention to disparate nondominant groups Given the history of racial and cultural discrimination against Blacks in the United States such an examination of the ways in which Black life has taken its own unique shape among generations offers new ways to understand the transition in identity adopted by Blacks Hawkins examines the historical contexts that shaped each

generation and the general attitudes and perceptions of each generation as influenced by the cultural political and racial environment of the nation Throughout there is a unique focus on Black protest With its attention to each generation of Blacks The Shaping of Black Identities speaks to this active liberative and distinct historical attempt to define the self in the pivotal and ongoing search for meaning *Change Agent Church in Black Lives Matter Times* Valerie A. Miles-Tribble,2020-05-29 Volatile social dissonance in America s urban landscape is the backdrop as Valerie A Miles Tribble examines tensions in ecclesiology and public theology focusing on theoethical dilemmas that complicate churches public justice witness as prophetic change agents She attributes churches reticence to confront unjust disparities to conflicting views for example of Black Lives Matter protests as mere politics and disparities in leader and congregant preparation for public justice roles As a practical theologian with experience in organizational leadership Miles Tribble applies adaptive change theory public justice theory and a womanist communitarian perspective engaging Emilie Townes s construct of cultural evil as she presents a model of social reform activism re envisioned as public discipleship She contends that urban churches are urgently needed to embrace active prophetic roles and thus increase public justice witness Black Lives Matter times compel churches to connect faith with public roles as spiritual catalysts of change *Do Black Lives Matter?* Lisa M. Bowens,Dennis R. Edwards,2023-06-20 In this book Lisa Bowens and Dennis R Edwards collate a virtual manifesto on the way the Bible serves as inspiration theological grist and even the language needed to be the change to people of good faith everywhere The authors of this book challenge the forces of racism that are so deeply entrenched in church and society today offering prophetic insight into Black resilience and the historic and ongoing importance of Scripture to that resilience The authors also forefront the significance of Scripture to the Black struggle for justice by bringing together here prominent gifted Black scholars in biblical studies ethics history and theology as their work and writing contribute so much to the ongoing struggle against injustice The book will offer both biblical reflection celebrating an African American theological reading and a prophetic call to arms by means of sermons and other reflections The book includes contributions from Jaime L Waters Jennifer Kaalund Angela Parker Reggie Williams Antonia Daymond Brian Bantum Danjuma Gibson David Daniels Y Joy Harris Smith Vince Bantu Marcia Clarke Valerie Landfair Antipas Harris Luke Powery Efreem Smith Donyelle McCray Jamal Dominique Hopkins **The Struggle over Black Lives Matter and All Lives Matter** Amanda Nell Edgar,Andre E. Johnson,2020-07-07 In The Struggle over Black Lives Matter and All Lives Matter Amanda Nell Edgar and Andre E Johnson examine the surprisingly complex relationship between Black Lives Matter and All Lives Matter as it unfolds on social media and in offline interpersonal relationships Exploring cultural influences like family history fear religion postracialism and workplace pressure Edgar and Johnson trace the meanings of these movements from the perspectives of ordinary participants The Struggle over Black Lives Matter and All Lives Matter highlights the motivations for investing in social movements and countermovements to show how history both remembered and misremembered bubbles beneath the surface

of online social justice campaigns Through participation in these contemporary movements online social media users enact continuations of American history through a lens of their own past experiences This book ties together online and offline national and local and personal and political to understand one of the defining social justice struggles of our time **The**

**Hip-Hop Generation** Bakari Kitwana,2008-08-05 The Hip Hop Generation is an eloquent testament for black youth culture at the turn of the century The only in depth study of the first generation to grow up in post segregation America it combines culture and politics into a pivotal work in American studies Bakari Kitwana one of black America s sharpest young critics offers a sobering look at this generation s disproportionate social and political troubles and celebrates the activism and politics that may herald the beginning of a new phase of African American empowerment Broken Scales Tom

Diaz,2021-10-15 Humans are a species that classifies We arrange the flow of the things and events that we see and experience place them into categories and erect boundaries around those categories Among the boundaries that we erect are those that we put around groups of other human beings The evil side of human classification of other human beings is that we sometimes create false categories of other people as is often the case in racial ethnic and religious stereotypes This unmindful creation of empty categories of human characteristics is what happened during two periods crucial to the construction of race in America This is racism The United States is in a period of deep cultural flux and conflict much of it seen through the lens of race Tom Diaz proposes that the everyday actions of ordinary people in the context of extreme political and cultural polarization distort the criminal justice system and betray the lofty ideals expressed in American founding documents and centuries of Anglo American articulations of basic human rights These everyday actions range across a spectrum from the armed intervention of private citizens in the forms of individual action neighborhood watches and citizen s arrests to the expectations imposed on law enforcement in particular and the criminal justice system in general

**Black Millennials** Jacquelin Darby,2020-11-03 Black Millennials is an edited collection of writings that speak to the unique experience of the Black millennial in regard to identity career and social engagement in modern society and business This book is unique in that it is written by Black millennials who are using their knowledge and expertise to speak and give voice to a generation of people who are being overlooked in both research and in the community This book aptly starts a deeper conversation with a generation that is stuck in between what the future can be and what the past has already created

**The Pictures Generation at Hallwalls** Vera Dika,2023-06-16 In this book Vera Dika rewrites the story of the Pictures Generation from the perspective of the Hallwalls Contemporary Arts Center in Buffalo NY Her work is based on interviews with living artists archival research and personal collections including films videotapes and sound recordings At once aesthetic cultural and political this renewed perspective asks new questions and rewrites past assumptions about the artists work The legendary members of the East Coast Pictures Generation emerged at Hallwalls Contemporary Art Center in Buffalo in the mid 1970s These young people had started Hallwalls an artist run organization that invited artists from a

variety of mediums to show their work. It also featured productions by the founding members themselves: Robert Longo, Charles Clough, Cindy Sherman, Nancy Dwyer, and Michael Zwack. The works discussed in the volume include performance, video, films, painting, music, and literature, and have been chosen because of the way they foreground states of the body in relationship to conditions of their medium. As a distinguishing feature of Hallwalls artists' work, the practice uses these traces to make metaphors on the process of mechanical reproduction itself. The Hallwalls artists' work also gives testament to Buffalo and to New York City, the cities that formed their historical contexts. This book will be of interest to scholars working in art history, performance studies, film studies, and gender studies. **The Indignant Generation** Lawrence P.

Jackson, 2021-10-12. Recovering the lost history of a crucial era in African American literature. *The Indignant Generation* is the first narrative history of the neglected but essential period of African American literature between the Harlem Renaissance and the civil rights era. The years between these two indispensable epochs saw the communal rise of Richard Wright, Gwendolyn Brooks, Ralph Ellison, Lorraine Hansberry, James Baldwin, and many other influential Black writers. While these individuals have been duly celebrated, little attention has been paid to the political and artistic milieu in which they produced their greatest works. With this commanding study, Lawrence Jackson recalls the lost history of a crucial era. Looking at the tumultuous decades surrounding World War II, Jackson restores the indignant quality to a generation of African American writers shaped by Jim Crow segregation, the Great Depression, the growth of American communism, and an international wave of decolonization. He also reveals how artistic collectives in New York, Chicago, and Washington fostered a sense of destiny and belonging among diverse and disenchanted peoples. As Jackson shows through contemporary documents, the years that brought us *Their Eyes Were Watching God*, *Native Son*, and *Invisible Man* also saw the rise of African American literary criticism by both Black and white critics. Fully exploring the cadre of key African American writers who triumphed in spite of segregation, *The Indignant Generation* paints a vivid portrait of American intellectual and artistic life in the mid-twentieth century. **Generation Occupy** Michael Levitin, 2023-09-19. The fight for a \$15 minimum wage. Nationwide teacher strikes. Bernie Sanders's political revolution and the rise of AOC. Black Lives Matter. MeToo. Read how the Occupy movement helped reshape American politics, culture, and the groundbreaking movements to follow. Fluidly written, Levitin's enthusiasm is infectious. It is no exaggeration to say that Occupy Wall Street and its offshoots changed a good deal more of the landscape than Zuccotti Park's three quarters of an acre in New York's financial district. Tod Gitlin, *The New York Times Book Review*. On the ten-year anniversary of the Occupy movement, *Generation Occupy* sets the historical record straight about the movement's lasting impacts. Far from a passing phenomenon, Occupy Wall Street marked a new era of social and political transformation, reigniting the labor movement, remaking the Democratic Party, and reviving a culture of protest that has put the fight for social, economic, environmental, and racial justice at the forefront of a generation. The movement changed the way Americans see themselves and their role in the economy through the language of the 99 versus the 1 percent. But beyond that,

in its demands for fairness and equality Occupy reinvigorated grassroots activism inaugurating a decade of youth led resistance movements that have altered the social fabric from Black Lives Matter and Standing Rock to March for Our Lives the Global Climate Strikes and MeToo Bookended by the 2008 financial crisis and the coronavirus pandemic Generation Occupy attempts to help us understand how we got to where we are today and how to draw on lessons from Occupy in the future

Why Black Lives Matter Anthony B. Bradley, 2020-10-21 Beginning with a conversation prompted by African American scholars like Dr Alvin Poussaint of Harvard Medical School in 2007 to the current Black Lives Matter movement there has been much debate about what led to the deaths of Trayvon Martin and Michael Brown among others as well as other systemic challenges that undermine black thriving Anthony Bradley has assembled a team of scholars and religious leaders to provide a distinctly Christian perspective on what is needed for black communities to thrive from within In addition to the social and structural issues that must be addressed within black communities there are opportunities for social change based on God's vision for human flourishing Covering topics like the black family hip hop mental health mentoring women masculinity and the church this book will open your eyes to fresh ways to participate in solutions that will truly set black America free Although the Black Lives Matter movement keeps the church on the margins the authors in this volume believe that enduring change cannot happen unless God speaks directly to these issues in light of the gospel This is a revised edition of an earlier book Keeping Your Head Up With contributions from Vincent Bacote Bruce Fields Rev Howard Brown Ralph C Watkins Rev Eric M Mason Rev Lance Lewis Rev Anthony Carter Ken Jones Natalie Haslem Rev Ken Jones Rihana Mason Yvonne RB Banks

**The Political Voices of Generation Z** Laurie Rice, Kenneth Moffett, 2021-09-27 This book explores political expression of members of Generation Z old enough to vote in 2018 and 2020 on issues and movements including MeToo Supreme Court nominations March for Our Lives immigration and family separation and Black Lives Matter Since generational dividing lines blur we study 18 to 25 year olds capturing the oldest members of Generation Z along with the youngest Millennials They share similarities both in their place in the life cycle and experiences of potentially defining events Through examining some movements led by young adults and others led by older generations as well as issues with varying salience core theories are tested in multiple contexts showing that when young adults protest or post about movements they align with they become mobilized to participate in other ways too including contacting elected officials which heightens the likelihood of their voices being heard in the halls of power Perfect for students and courses in a variety of departments at all levels the book is also aimed at readers curious about contemporary events and emerging political actors

Black Movement Jeffrey O. G. Ogbar, 2025-04-15 The Great Migration of African Americans from the South to northern and western cities between 1915 and 1970 fundamentally altered the political social and cultural landscapes of major urban centers like New York Chicago Philadelphia and Detroit and changed the country as well By the late twentieth century Black people were mayors police chiefs and school superintendents often at parity and sometimes overrepresented in

municipal jobs in these and other cities which were also hubs for Black literature music film and politics Since the 1970s migration patterns have significantly shifted away from the major sites of the Great Migration where some iconic Black communities have been replaced by mostly non Black residents Although many books have examined Black urban experiences in America this is the first written by historians focusing on the post Great Migration era It is centered on numerous facets of Black life including popular culture policing suburbanization and political organizing across multiple cities In this landmark volume Jeffrey O G Ogbar and his contributors explore the last half century of African American urban history covering a landscape transformed since the end of the Great Migration and demonstrating how cities remain dynamic into the twenty first century Contributors are Stefan M Bradley Scot Brown Tatiana M F Cruz Tom Adam Davies LaShawn Harris Maurice J Hobson Shannon King Melanie D Newport Jeffrey O G Ogbar Brian Purnell J T Roane Chanelle Rose Benjamin H Saracco and Fiona Vernal

*For the Culture* Lakeyta Bonnette-Bailey, Adolphus Belk, 2022-03-23 For the Culture Hip Hop and the Fight for Social Justice documents and analyzes the ways in which Hip Hop music artists scholars and activists have discussed promoted and supported social justice challenges worldwide Drawing from diverse approaches and methods the contributors in this volume demonstrate that rap music can positively influence political behavior and fight to change social injustices and then zoom in on artists whose work has accomplished these ends The volume explores topics including education and pedagogy the Black Lives Matter movement the politics of crime punishment and mass incarceration electoral politics gender and sexuality and the global struggle for social justice Ultimately the book argues that hip hop is much more than a musical genre or cultural form hip hop is a resistance mechanism
