Religious Stories in Transformation: Conflict, Revision and Reception Alberdina Houtman, Tamar Kadari, Marcel Poorthuis, Vered Tohar, 2016-10-18 In Religious Stories in Transformation Conflict Revision and Reception the editors present a collection of essays that reveal both the many similarities and the poignant differences between ancient myths in Judaism Christianity Islam and modern secular culture and how these stories were incorporated and adapted over time This rich multidisciplinary research demonstrates not only how stories in different religions and cultures are interesting in their own right but also that the process of transformation in particular deserves scholarly interest It is through the changes in the stories that the particular identity of each religion comes to the fore most strikingly The Hexateuch According to the Revised Version: Text and notes Joseph Estlin Carpenter, 1900 Kingdom through Covenant (Second Edition) Peter J. Gentry, Stephen J. Wellum, 2018-09-20 Kingdom through Covenant is a careful exposition of how the biblical covenants unfold and relate to one another a widely debated topic critical for understanding the narrative plot structure of the whole Bible By incorporating the latest available research from the ancient Near East and examining implications of their work for Christology ecclesiology eschatology and hermeneutics scholars Peter J Gentry and Stephen J Wellum present a thoughtful and viable alternative to both covenant theology and dispensationalism This second edition features updated and revised content clarifying key material and integrating the latest findings into the discussion *The Book of the Torah, Second Edition* Thomas W. Mann, 2013-10-23 The first five books of the Bible contain many of its most famous stories populated by vivid characters altogether human in their triumphs and failings and an equally complicated deity Many works of Western art and literature appeal to these stories from Michelangelo's painting of Adam and Eve to a novel like William Faulkner's *Go Down Moses* The three great Abrahamic religions Judaism Christianity and Islam are rooted here So is much of Western political theory and constitutional polity for a good half of these books contains legislation torah of various kinds as indicated by the ancient title the book of the Torah Law and narrative together render the character of the ancient covenant community known as Israel as well as the God who rules over that community In this revised and expanded version of his popular book of 1988 Mann engages literary criticism and theology in attending both to the composite nature of the Torah or Pentateuch and to its final canonical shape Mann's study provides a lucid introduction to the heart of the Hebrew Bible suitable for students and general readers but also of interest to biblical scholars **The Heresy of Ham, Revised Edition** Joel Edmund Anderson, 2024-11-07 One of the most controversial issues in our society today especially within Evangelicalism is that of the creation evolution debate Over the past few decades Fundamentalist apologists like Ken Ham of the young earth creationist organization Answers in Genesis have made a career convincing people that the age of the Earth and the

historicity of Genesis 1 11 are not just bedrock fundamental tenets of the Christian faith but are also crucial fronts in the culture war In *The Heresy of Ham* Joel Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless Christian communities He should know he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism Anderson's ultimate message is simple regardless of your position regarding evolution or the interpretation of Genesis 1 11 they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war If you have always had questions about the creation evolution debate the claims of YECism and the way Genesis 1 11 should be interpreted *The Heresy of Ham* is a tremendous resource for anyone struggling coming to grips with these issues **Bookseller and the Stationery**

Brown,2023-10-05 A careful and

unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown s guide will interest both scholars of historical theology and anyone invested in the creation debate Obstacles to Missionary Success among the Heathen: an essay which obtained the Maitland Prize for ... 1867 William Saumarez SMITH (Archbishop of Sydney.),1868

Understanding the New Testament and the End Times, Second Edition Rob Dalrymple,2018-04-16 Many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church nor of the scholarly world today For some this has led to a disillusionment with eschatological speculations For others the results are apathy and a failure to understand the mission of God s people This is tragic For when the entirety of the New Testament is read and understood from an eschatological perspective the grand narrative of Scripture and its fulfillment in Jesus comes clearly into focus A proper framework for understanding eschatology directly correlates to a proper understanding of the mission of God s people who are themselves carrying forth the biblical story as we approach the New Jerusalem To fail to comprehend eschatology is to fail to comprehend our mission This book has two objectives First to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview Second to demonstrate that a proper eschatological framework relates to the mission of God s people and the demand for holiness Thus eschatology matters *Counsels to Young Students; three sermons, etc* Charles John Vaughan (Dean of Llandaff.),1870

All God's Creatures Daniel P. Horan,2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as All God s Creatures argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval of the medieval Franciscan theological and philosophical tradition The result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation
