Endres, 2010-08-04 Perhaps no era in Christian history since the time of the apostles presented a greater challenge to the spread of faith than the twentieth century The First World War in particular resulted in nearly disastrous losses for the world mission movement Christian countries were engaged in fratricidal conflict missionaries were forced to return to their homelands and traditional sources of mission funding dried up In response to the missions crisis American Catholic youth devoted themselves to a program of prayer study and sacrifice the Catholic Students Mission

Crusade Beginning with less than fifty members the movement grew to over one million youth and worked to foster support for missionaries in the field promote missionary vocations and educate youth about the needs of the church throughout the world In the course of their crusade the movement's youth were exposed the complexities and challenges of diverse religious political and cultural worlds including illiteracy in rural America communism in China and Eastern Europe and famine and disease in sub Saharan Africa In light of this experience as well as the Second Vatican Council's reformulation of the Catholic Church's approach to missions by the late 1960s the movement began to question its goal of converting the world leading to the Crusade's crisis of faith and eventually to its disbanding By exploring the fascinating story of the Catholic Students Mission Crusade this study offers new insights into the growth of the church amidst contemporary obstacles and historically non Christian cultures providing a bridge to understanding the current challenges to Christian globalization **Timetables of History for Students of Methodism** Rex Dale Matthews, 2007 The definitive guide to the major events of Methodist history displayed in sequence and placed in political social and cultural context **Joining in with the Spirit** Kirsteen Kim, 2012 Joining in with the Spirit makes the connection between mission as the work of mission agencies overseas and mission as the activity of a local church It shows how through the global flows of scholarship missionary movements and migration mission initiatives in different parts of the world impinge on the churches in Britain which are but part of a world church Joining in with the Spirit is an accessible introduction to mission studies the history theology and issues of mission which is up to date and supported by contemporary scholarship It also offers a theological framework for mission which applies both globally and locally to help the reader discern the movement of the Spirit of Christ among the many other spirits of this world This text illustrates the impact of the 1910 Edinburgh world missionary conference and shows how the churches in Britain as a part of a much wider movement of the Spirit of Christ that is world Christianity **A Legacy of Preaching: Two-Volume Set---Apostles to the Present Day** Zondervan, 2018-12-11 A Legacy of Preaching Two Volume Set Apostles to the Present Day explores the history and development of preaching through a biographical and theological examination of its most important preachers Instead of teaching the history of preaching from the perspective of movements and eras each contributor tells the story of a particular preacher in history allowing these preachers from the past to come alive and instruct us through their lives theologies and methods of preaching Each chapter introduces readers to a key figure in the history of preaching followed by an analysis of the theological views that shaped their preaching their methodology of sermon preparation and delivery and an appraisal of the significant contributions they have made to the history of preaching This diverse collection of familiar and lesser known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years By looking at how the gospel has been communicated over time and across different cultures pastors scholars and homiletics students can enrich their own understanding and practice of preaching for application today Volume One covers the period from the apostles to the Puritans and profiles thirty preachers

World Religions and Multiculturalism ,2010-10-05 This book is about new forms of religiosity and religious activity emerging in the context of their dialectic relations with contemporary multicultural realities World religions are effectively a major agent of the multiculturalization of contemporary societies However multiculturalism pushes them not only toward change and reforms but also toward new conflicts between and within them This process should remind us of the Jewish legend of the Golem an animated being created by man which finally challenges the latter s control over it a dialectic relation indeed World religions today greatly contribute to a world dis order that is multicultural both when viewed as a whole and from within most societies that compose it It is a development that contrasts both with the assumption that globalization implies one way homogenization and convergence to Western modernity and the expectation that globalization would be bound to polarize homogeneous civilizations

Gladiators Arising: Blood-Bought vs. Blood Sport Trent Herbert, 2022-03-08 History repeats Gladiators Arising Blood Bought vs Blood Sport examines the resurgence of blood sports

in the world today and its infiltration into the church Historians are calling on people not to be comforted in the false assumption that gladiatorial fights could never happen again Yet it is realized that the neo gladiators of Mixed Martial Arts have already arisen This book walks through the corridors of time and takes a panoramic historical view of the early church s collision with gladiators and its ultimate victory The exploding concussion crisis makes this a timely book and the uncomfortable realities need a biblical response Gladiators Arising demonstrates the early church s success in piercing the darkness with the Light of Christ It was through loving those created in His image and sharing the Gospel no matter the cost that changed the course of history The cross today standing within the weathered Roman Colosseum beckons us to remember the past understand the present and prepare for the future
