Bush Passed to Barack Obama Stephen J. Hadley,Peter D. Feaver,William C. Inboden,Meghan L. O'Sullivan,2023-02-15 Hand Off

details the Bush administration's national security and foreign policy as described at the time in then classified Transition Memoranda prepared by the National Security Council experts who advised President Bush. Thirty of these Transition Memoranda newly declassified and here made public for the first time provide a detailed comprehensive and first hand look at the foreign policy the Bush administration turned over to President Obama. In a postscript to each memorandum these same experts now in hindsight take a remarkably self critical look at that Bush foreign policy legacy after more than a dozen years of watching subsequent administrations attempt to deal with the same vexing agenda of threats and opportunities: China, Russia, Iran, the Middle East, terrorism, proliferation, cyber, pandemics and climate change, an agenda that still dominates America's national security and foreign policy. Hand Off will be an invaluable resource for scholars, students, policy analysts and general readers seeking to understand afresh the Bush administration's foreign policy particularly in view of the records of the Obama, Trump and Biden administrations.

Poverty Reduction Strategies in Africa Mike O. Odey, Toyin Falola, 2017-09-08. A fundamental question about contemporary Africa is why does Africa remain so poor long after the departure of the European Colonial domination and in the midst of so many natural resources. Poverty Reduction Strategies in Africa provides new understandings of the persistent issue of poverty in Sub Saharan Africa and makes recommendations for policy frameworks to help African governments alleviate poverty. Each chapter uses case studies to review the old strategies for resolving the problem of poverty in the continent and make the case for new initiatives to address poverty. The contributors focus on practical and day to day issues as the best approach to formulate and implement poverty reduction strategies in contemporary Africa. This book is invaluable reading for students and scholars of African politics and development.
