Global Shaping And Its Alternatives:

Global Shaping and Its Alternatives William K. Carroll, Yildiz Atasoy, Y?ld?z Atasoy, 2003-01-01 Global Shaping and its Alternatives offers a unique series of reflections on the connections between market capitalism the politics of alternatives and the cultural elaboration of social change It argues that there is a need for an alternative explanatory framework on globalization one that rejects fatalism and highlights the dynamic roles of states NGOs local fractions of capital democratic movements and gendered social relations Without understanding how global shaping is taking place and how it affects human life across the globe there can be no transformational possibility for humanizing our conditions of existence

Hegemonic Transitions, the State and Crisis in Neoliberal Capitalism Yildiz Atasoy, 2009-01-08 Offering a unique opportunity to make conceptual connections between neoliberalism and political authority this book examines the transformation in the world economy as an outcome of historically specific social relations Turkey, Islamists and Democracy Yildiz Atasoy, 2005-07-29 Trailblazing study that radically re examines political Islam Political Islam in Turkey has been headline news following the Istanbul bombings Much needed study of the economic dimensions of political Islam Turkey Islamists and Democracy is the story of Islam s engagement with the reorganization of the global economy Yildiz Atasoy examines the development of political Islam in Turkey within the context of the changing balance of domestic and international forces in the world economy and shows how it has taken on a highly sophisticated cosmopolitan edge By examining the incorporation of Islam into the existing relations of the Turkish state from the late Ottoman Empire to the present day the author demonstrates how political Islam interacts with the global restructuring of classes states and political actors Atasoy challenges the view of Islamist politics as an anti Modern anti Western force that is fundamentally opposed to the global economy and instead argues that political Islam is cosmopolitan and embedded in processes which incorporate Western modernity into local cultural practices **Handbook of Neoliberalism** Simon Springer, Kean Birch, Julie MacLeavy, 2016-07-07 Neoliberalism is easily one of the most powerful discourses to emerge within the social sciences in the last two decades and the number of scholars who write about this dynamic and unfolding process of socio spatial transformation is astonishing Even more surprising though is that there has until now not been an attempt to provide a wide ranging volume that engages with the multiple registers in which neoliberalism has evolved The Routledge Handbook of Neoliberalism seeks to offer a comprehensive overview of the phenomenon of neoliberalism by examining the range of ways that it has been theorized promoted critiqued and put into practice in a variety of geographical locations and institutional frameworks With contributions from over 50 leading authors working at institutions around the world the volumes seven sections will offer a systematic overview of neoliberalism s origins political implications social tensions spaces natures and environments and aftermaths in addressing ongoing and emerging debates The volume aims to provide the first comprehensive overview of the field and to advance the established and emergent debates in a field that has grown

exponentially over the past two decades coinciding with the meteoric rise of neoliberalism as a hegemonic ideology state form policy and program and governmentality It includes a substantive introductory chapter and will serve as an invaluable resource for undergraduates graduate students and professional scholars alike **Organizing the 1%** William K.

Carroll,J.P. Sapinski,2018-12-06T00:00:00Z Canada is ruled by an organized minority of the 1% a class of corporate owners managers and bankers who amass wealth by controlling the large corporations at the core of the economy But corporate power also reaches into civil society and politics in many ways that greatly constrain democracy In *Organizing the 1%* William K Carroll and J P Sapinski provide a unique evidence based perspective on corporate power in Canada and illustrate the various ways it directs and shapes economic political and cultural life A highly accessible introduction to Marxist political economy Carroll and Sapinski delve into the capitalist economic system at the root of corporate wealth and power and analyze the ways the capitalist class dominates over contemporary Canadian society The authors illustrate how corporate power perpetuates inequality and injustice They follow the development of corporate power through Canadian history from its roots in settler colonialism and the dispossession of Indigenous peoples from their land to the concentration of capital into giant corporations in the late nineteenth century More recently capitalist globalization and the consolidation of a market driven neoliberal regime have dramatically enhanced corporate power while exacerbating social and economic inequalities The result is our current oligarchic order where power is concentrated in a few corporations that are controlled by the super wealthy and organized into a cohesive corporate elite Finally Carroll and Sapinski offer possibilities for placing corporate power where it actually belongs in the dustbin of history **The Evaluative Study of Action Research** Eileen

Piggot-Irvine,Lesley Ferkins,Wendy Rowe,Shankar Sankaran,2021-02-15 *The Evaluative Study of Action Research* presents all eight published papers as part of the six year global Evaluative Study of Action Research ESAR in one volume The study sought to enhance the academic rigour of Action Research AR and provide greater evidence of its impact This research contained in this book shows in a cohesive way how the ESAR exemplifies original research incorporating new methodologies to create new knowledge An Evaluative AR framework and indicators were created for initial qualitative data collection with six initial case studies using interviews survey documentary analysis and Goal Attainment Scaling methods The initial study was followed by a large scale mixed method survey with 174 projects from across the globe Almost all projects exhibited positive elements linked to AR precursors focus clarification stakeholder engagement funding processes phased planned yet flexible activity data collection and analysis ongoing collaboration and leadership and outcomes impacts change knowledge mobilisation and continuing action The results of the ESAR elaborated in this volume offer important indications for how to create the sort of respectful engagement that is required for collective strength in solution based innovative change This book will be a valuable resource for action researchers throughout the world postgraduate research students academics and libraries evaluators and anyone in communities who wishes to know how to create sustainable change Statistical Atlases

The New Democracy Wars Neil A. Burron, 2016-03-03 Burron provides a critical analysis of Canadian and US democracy promotion in the Americas He concentrates on Haiti Peru and Bolivia in particular but situates them within a larger analysis of Canadian and US foreign policy bilateral and regional in the areas of trade investment diplomacy security and for the United States the war on drugs His main argument is that democracy promotion is typically formulated to advance commercial geopolitical and security objectives that conflict with a genuine commitment to democratic development Given this broad scope the book is well positioned to contribute to a number of debates in comparative Latin American politics and international political economy IPE with a focus on North

South relations in the hemisphere *The Routledge International Handbook to Veils and Veiling* Anna-Mari Almila, David Inglis, 2017-07-06 Veils and veiling are controversial topics in social and political life generating debates across the world The veil is enmeshed within a complex web of relations encompassing politics religion and gender and conflicts over the nature of power legitimacy belief freedom agency and emancipation In recent years the veil has become both a potent and unsettling symbol and a rallying point for discourse and rhetoric concerning women Islam and the nature of politics Early studies in gender doctrine and politics of veiling appeared in the 1970s following the Islamic revival and re veiling trends that were dramatically expressed by 1979 s Iranian Islamic revolution In the 1990s research focussed on the development of both an Islamic culture industry and greater urban middle class consumption of Islamic garments and dress styles across the Islamic world In the last decade academics have studied Islamic fashion and marketing the political role of the headscarf the veiling of other religious groups such as Jews and Christians and secular forms of modest dress Using work from contributors across a range of disciplinary backgrounds and locations this book brings together these research strands to form the most comprehensive book ever conceived on this topic As such this handbook will be of interest to scholars and students of fashion gender studies religious studies politics and sociology **Morphometrics for Nonmorphometricians** Ashraf M.T. The Prologue Alexander V. Mirtchev, 2021-03-09 This is not another alternative energy study Rather The Prologue identifies and charts the security related trajectory of a relatively new global phenomenon the ascent of alternative energy as a 21st century megatrend Why and how have contemporary alternative energy developments evolved into a 21st century global socio political and techno economic megatrend What are the security implications of this megatrend And what does the megatrend s evolution reveal about upcoming geopolitical energy defense environmental and economic security challenges This book endeavors to answer these questions by establishing the conceptual framework of a universally securitized world in which mutually interacting threats have expanded the needs and security considerations of today s globalized and interdependent actors including states international organizations multinational corporations and political and social movements Alexander Mirtchev s sweeping exploration of the changing energy landscape looks far into the future and outlines issues that will occupy scholars and policymakers for decades to come The Hon Henry Kissinger Chairman Kissinger Associates Former Secretary of State and National Security Advisor With the advancements in alternative energy technology at the beginning of the 21st century energy security thinking and planning will never be the same Alexander Mirtchev s

profoundly original book reveals these new dilemmas that will challenge policymakers in all major economies and provides for dealing with the new realities in a smart way The Hon Judge William H Webster Chairman Homeland Security Advisory Council Former Director of the CIA and FBI

Transnational Discourses in Nordic Design Astrid Skjerven, Rachel Gotlieb, 2024-11-14 Challenging the stereotypes of Scandinavian design these essays explore design in Denmark Norway and Sweden and assess the different roles that Finland and the wider Nordic region had in forming an image of Scandinavian design throughout the world By examining the legacy of Nordic design and its global impact editors Astrid Skjerven and Rachel Gotlieb shed light on the development of national and regional design identities and their historical associations Authors investigate the transnational circulation of ideas throughout the later 20th century and consider the influences on design practices production and consumerism They look at how different countries negotiated and promoted Nordic branding and ideology and offer new perspectives on design in relation to sustainability changing economies and indigenous traditions A range of leading international scholars evaluate the popularity of Nordic style in Soviet material culture the influence on jewellery design in post war Britain the impact of national design conferences exhibitions and education in Europe the USA Canada and Japan Drawing from a wealth of archival material and interviews with designers makers and other stakeholders this book reveals a lesser known history of cross cultural collaborations exhibition production and tensions between mainstream and indigenous design in Scandinavia Transnational Discourses in Nordic Design also provides an insight into some of the authors own design practices and reveals the challenges facing Nordic designers today

Popular Protest in the New Middle East Are Knudsen, Basem Ezbidi, 2014-09-05 In the wake of the protests that spread throughout the Middle East and North Africa in late 2010 and early 2011 Islamist movements of varying political persuasions have risen to prominence This is especially the case in post Mubarak Egypt and post Ben Ali Tunisia Popular Protest in the New Middle East examines Islamist approaches to political participation and integration and asks whether regional trends can be discerned with respect to either the strategy of disparate movements or the challenges they face It offers analysis of the ideologies and actions of these movements ranging from countries where Islamism is in control of the state as an Islamic theocracy Iran the ruling party for example Turkey part of the ruling coalition Lebanon or a parliamentary minority such as in Jordan or Yemen Are Knudsen and Basem Ezbidi s analysis of the various experiences of protest participation and integration make this book vital for researchers of the impact of religion on politics and indeed vice versa

Handbook of Neoliberalism Simon Springer, Kean Birch, Julie MacLeavy, 2016-07-07 Neoliberalism is easily one of the most powerful discourses to emerge within the social sciences in the last two decades and the number of scholars who write about this dynamic and unfolding process of socio spatial transformation is astonishing Even more surprising though is that there has until now not been an attempt to provide a wide ranging volume that engages with the multiple registers in which neoliberalism has evolved The Routledge Handbook of Neoliberalism seeks to offer a comprehensive overview of the

phenomenon of neoliberalism by examining the range of ways that it has been theorized promoted critiqued and put into practice in a variety of geographical locations and institutional frameworks With contributions from over 50 leading authors working at institutions around the world the volumes seven sections will offer a systematic overview of neoliberalism s origins political implications social tensions spaces natures and environments and aftermaths in addressing ongoing and emerging debates The volume aims to provide the first comprehensive overview of the field and to advance the established and emergent debates in a field that has grown exponentially over the past two decades coinciding with the meteoric rise of neoliberalism as a hegemonic ideology state form policy and program and governmentality It includes a substantive introductory chapter and will serve as an invaluable resource for undergraduates graduate students and professional scholars alike

Strengthening Governance Globally Barry B. Hughes, Devin K. Joshi, Jonathan D. Moyer, Timothy D. Sisk, Jose Roberto Solorzano, 2015-11-17 Strengthening Governance Globally is the fifth volume in the series Patterns of Potential Human Progress Each volume considers one key aspect of how development unfolds globally and how better to move it in desired directions This volume identifies the provision of security the building of government capacity and the broadening of inclusion of governance on which high income countries have traditionally made long historical transitions In contrast many developing countries today struggle with all three governance transition dimensions simultaneously Strengthening Governance Globally uses the growing empirical database on governance variables to understand historical change
