The Global Age Jayshree Pandya, 2012-02-27 Dr Jayshree Pandya founder of Risk Group LLC <http://www.riskgroupllc.com> is ahead of the curve in addressing the changing global fundamentals of the emerging Global Age. Global Age and its changing global fundamentals has brought complex chaotic and turbulent times for every nation where failures at all levels have come to become self-evident, repetitive, destructive and potentially hopeless in nature and uncertainty. Nations are caught off guard. From what is visible across nations today, the promise of progress and prosperity for all nations does not seem to have materialized in a Global Age. Instead of progress and prosperity, what is visible today is crisis and catastrophe that is overpowering and overwhelming the capability of most nations to meet their promise of progress and prosperity. Nations are in crisis. This introductory book Global Age NGIOA Risk addresses the global shifts and the changing global fundamentals of Global Age to lay out much needed foundation of an integrated NGIOA risk governance framework for the coming tomorrow. This book will make a convincing case for the far-reaching need and understanding of global risk concepts, global risk fundamentals and risk-centric integrated NGIOA governance. The integrated NGIOA risk governance approach proposed and discussed in this initiative is rational, practical and feasible. It will help create a dynamic, vibrant and sustainable NGIOA economy of a Global Age. This initiative is a first step towards that.

The BRICS-Lawyers' Guide to Global Cooperation Rostam J. Neuwirth, Alexandr Svetlicinii, Denis De Castro Halis, 2017-10-12 In the international trade and development arena, new and developing economies have created a block that is known as BRICS: Brazil, Russia, India, China, and South Africa. Initially conceived to drive global change through economic growth, the financial crisis and reversal of fortunes of the BRICS nations have raised questions about their ability to have an impact on the governance of global affairs. This book explores the role of law in various areas of BRICS cooperation, including trade, investment, competition, intellectual property, energy, consumer protection, financial services, space exploration, and legal education. It not only covers the specifics of each of the BRICS nations in the selected areas but also offers innovative and forward-looking perspectives on the BRICS cooperation and their contribution to the reform of the global governance networks. This is a unique reference book suitable for academics, government officials, legal practitioners, business executives, researchers, and students.

This book also includes a special chapter entirely devoted to contributions from students and early career scientists, the Horizon 2061 generation, and a final chapter on important avenues for the actual implementation of the planetary missions coming out of our Dreams for Horizon 2061.
