Cheung, 2004 By considering the practice of globalization these essays describe changes variations and innovations to Chinese food in many parts of the world Reviews and broadens theories about ethnic and social identity formation *The Globalisation of Chinese Food* Sidney Cheung, David Y. H. Wu, 2014-04-08 By considering the practice of globalisation these essays describe changes variations and innovations to Chinese food in many parts of the world The book reviews and broadens classic theories about ethnic and social identity formation through the examination of Chinese food providing a powerful testimony to the impact of late 20th century globalisation *The Globalisation of Chinese Food* Sidney Cheung, David Y. H. Wu, 2014-04-08 By considering the practice of globalisation these essays describe changes variations and innovations to Chinese food in many parts of the world The book reviews and broadens classic theories about ethnic and social identity formation through the examination of Chinese food providing a powerful testimony to the impact of late 20th century globalisation **The Globalization of Chinese Food**, 2004 **The Globalization of Chinese Food** David Y. H. Wu, Sidney C. H. Cheung, 2002-03-31 The study of food practices in different cultures and societies has long been an important part of anthropological studies In recent years anthropological literature on food has generated new theoretical findings on this important aspect of human behavior that help explain cultural adaptation and social grouping in a more general way In this volume the authors make use of ethnographic examples collected within and beyond the boundaries of China to demonstrate the theoretical relevance of Chinese inspired foodways tastes and consumption Food and Love Jack Goody, 1998 In Food and Love Jack Goody surveys phenomena as diverse as the uniqueness of the European family the development of romantic love the evolution of national and regional cuisines and the globalization of Chinese food effortlessly incorporating fascinating examples ranging from Europe to Asia and Africa Throughout the book Goody shows that the ethnocentricity of much of Western scholarship has distorted not only the comprehension of the East but also of developments in Europe s past and present **China to Chinatown** J.A.G. Roberts, 2004-07-04 **China to Chinatown** tells the story of one of the most notable examples of the globalization of food the spread of Chinese recipes ingredients and cooking styles to the Western world Beginning with the accounts of Marco Polo and Franciscan missionaries J A G Roberts describes how Westerners first impressions of Chinese food were decidedly mixed with many regarding Chinese eating habits as repugnant Chinese food was brought back to the West merely as a curiosity The Western encounter with a wider variety of Chinese cuisine dates from the first half of the 20th century when Chinese food spread to the West with emigrant communities The author shows how Chinese cooking has come to be regarded by some as among the world s most sophisticated cuisines and yet is harshly criticized by others for example on the grounds that its preparation involves cruelty to animals Roberts discusses the extent to which Chinese food as a facet of Chinese culture overseas has remained differentiated and questions whether its ethnic identity is dissolving Written in a lively style

the book will appeal to food historians and specialists in Chinese culture as well as to readers interested in Chinese cuisine

Instead it needs to be understood in the context of Portugal's culinary footprint in Asia and beyond. She contends that the culinary cultures of other Portuguese colonies in Asia and Africa also influenced the cuisine in Macau. Macanese cuisine plays a role in evoking a sense of Macanese identity within Macau as well as in the Macanese diaspora. As the Macanese have increasingly defined themselves as an ethnically and culturally distinct group their cuisine has growingly been seen as a critical identifier of cohesion and difference. The book shows how Macanese cuisine is moving from being an everyday production of food in a domestic setting to something more symbolic and ceremonial. It also argues that the practice of recipe sharing, historically controversial among the Macanese, is now viewed as an important process. Drawing on information gathered through interviews and surveys the book is a fascinating study of the history and development of Macanese cuisine, one of the oldest fusion cuisines in Asia. Annabel Jackson has more than enough knowledge to share with the readers many insights and interesting stories which are embedded in history and cultural interactions among various ethnic groups in Macau and beyond. Given the fact that Macau has become the city of gastronomy this book brings in rich information and knowledge for locals and visitors to taste and to remember. Sidney Cheung, The Chinese University of Hong Kong. Annabel Jackson's study of the development of Macanese cuisine and its role in evoking a sense of Macanese identity within Macau and the Macanese diaspora should contribute to the growing interest in the study of food and foodways within cultural and postcolonial studies. Written in a lively and engaging way it achieves a good balance between the use of primary sources and theoretical references to buttress its arguments. David Brookshaw, University of Bristol. *Insights in nutrition, psychology and brain health* Andrew Scholey, 2023-04-24 *Food Politics* Queenbala Marak, 2014-04-11 Food and eating has always been endowed with meanings. It is one of the most visible and important symbols of identity and difference uniting the members of a community and segregating them from other communities. This inclusion and exclusion can be observed not only in what they eat or what they are known to eat but also how they eat, how they prepare and serve their food and what happens after food is taken. The study of food politics and questions of identity and difference can therefore be a means of understanding the underlying social relations in any culture and its quiescent philosophy. This ethnographic work discusses

the politics inherent in food among the Garos of Assam India and Bangladesh In these two areas they live as a minority and with and in the peripheries of a dominant non Garo culture Thus this book examines the ways in which Garos conceptualize themselves and the other world through the microcosm of food the most important need of all It discusses among other topics how the concepts of Garo food versus non Garo food find fruition in social reality and collective memory as an identity marker

The Economics of Chocolate Mara P. Squicciarini, Johan F. M. Swinnen, 2016 This book written by global experts provides a comprehensive and topical analysis on the economics of chocolate While the main approach is economic analysis there are important contributions from other disciplines including psychology history government nutrition and geography The chapters are organized around several themes including the history of cocoa and chocolate from cocoa drinks in the Maya empire to the growing sales of Belgian chocolates in China how governments have used cocoa and chocolate as a source of tax revenue and have regulated chocolate and defined it by law to protect consumers health from fraud and industries from competition how the poor cocoa producers in developing countries are linked through trade and multinational companies with rich consumers in industrialized countries and how the rise of consumption in emerging markets China India and Africa is causing a major boom in global demand and prices and a potential shortage of the world s chocolate

**Global Perspectives on Soft Power Management in Business** Kankaew, Kannapat, 2023-10-09 Global Perspectives on Soft Power Management in Business provides a comprehensive exploration of the impactful role of soft power in influencing socio economic dynamics In today s interconnected world soft power drives economic growth through the dissemination of beliefs cultures shared norms and popular trends creating a country s brand image This edited volume brings together scholars from diverse academic backgrounds to objectively discuss and analyze the sustainable management design thinking and integration of soft power The book delves into the pros and cons of soft power impact explores soft power knowledge management in different industries examines soft power marketing and presentation strategies and investigates the relationship between technology and soft power Moreover it emphasizes that success in the global marketplace is not solely reliant on technological advancements but also on the added value of products through sophisticated services a concept encompassed by soft power This book proves invaluable to undergraduate and graduate students studying business cultural and hospitality management as well as professionals in public and private organizations universities professors and lecturers policy makers and those in the film and music industry

**Global Hong Kong** Yuk Wah Chan, Yvette To, 2025-03-04 This book examines the most recent outmigration waves from Hong Kong HK a city experiencing drastic social changes since 2019 the year when it witnessed a series of social protests Structured in three parts i e HK UK in continuum and the new HK diaspora in the UK The new HK diaspora beyond Europe and Transforming population geographies in HK the chapters in this book analyse the post 2019 migration that occurred in the midst of the city s fast changing socio political condition The contributors focus on migrants experiences of migration and settlement and

their integration efforts in the destinations This book also explores the home building processes and identity changes among HK immigrants how migration policies are embedded in complex national and regional politics and how this new wave of migration has impacted HK It suggests that new HK migrant communities have resulted in the formation of distinctive HK diasporas and a Global Hong Kong It shows how migration evolves in this age of globalisation and hypermobility alongside global geopolitics and the changing social and political environment in Asia A valuable contribution to the understanding of HK migration in particular and Asian migration in general this book will be of interest to overseas Chinese studies diaspora and migration studies and Asian studies      *Regionalism and Globalism in Chinese Culinary Culture* ,2009-10-01 This is a collection of articles on Chinese food The various contributions were selected from among the many outstanding papers presented at biannual conferences organised by the Foundation over the last twenty years chosen so as to fit in with the general theme of Regionalism and Globalism in Chinese Culinary Traditions but at the same time represent a variety of themes and approaches These papers remind us that ideally the scholar of cuisines will need to draw on a very wide range of disciplines from archaeology to soil science to local and regional history philosophy and cultural studies languages and so forth At the same time and for the very same reason the study of foodways is bound to be a very satisfying endeavour not least because the re creation of sustainable foodways will be part of the challenges facing humankind in the decades ahead
