Globalization And The New Regionalism Global Markets Domestic Politics And Regional Co Operation:

Globalization and the New Regionalism Stefan Schirm, 2002-07-19 The European Single Market NAFTA and Mercosur powerfully shape international relations and economic development they also symbolize a shift in economic policy towards a world market oriented and liberalizing strategy Schirm argues that this new regionalism is essentially a result of the impact of globalization on domestic politics The increasing transnational mobility of private economic actors alters the costs and benefits of economic policy options for governments as well as the interests of domestic groups Globalization stimulates economic reforms whose economic efficiency and political acceptability are increased through regional cooperation Globalization and the New Regionalism is innovative in three aspects it offers a new theoretical approach to integration theory it develops a distinct interpretative model for the impact of globalization on states and it compares systematically the influence of globalization and the preferences for cooperation cross regionally in Europe and the Americas Case studies include the industrialized countries France Germany Great Britain and the United States as well as the newly industrializing countries Argentina Brazil and Mexico This book is a timely contribution to the debate on the consequences of globalization and the foundations of regionalism and has far reaching implications for theories of international relations and political economy

The Oxford Handbook of Comparative Regionalism Tanja A. Börzel, Thomas Risse, 2016-02-04 The Oxford Handbook of Comparative Regionalism the first of its kind offers a systematic and wide ranging survey of the scholarship on regionalism regionalization and regional governance Unpacking the major debates leading authors of the field synthesize the state of the art provide a guide to the comparative study of regionalism and identify future avenues of research Twenty seven chapters review the theoretical and empirical scholarship with regard to the emergence of regionalism the institutional design of regional organizations and issue specific governance as well as the effects of regionalism and its relationship with processes of regionalization The authors explore theories of cooperation integration and diffusion explaining the rise and the different forms of regionalism The handbook also discusses the state of the art on the world regions North America Latin America Europe Eurasia Asia North Africa and the Middle East and Sub Saharan Africa Various chapters survey the literature on regional governance in major issue areas such as security and peace trade and finance environment migration social and gender policies as well as democracy and human rights Finally the handbook engages in cross regional comparisons with regard to institutional design dispute settlement identities and communities legitimacy and democracy as well as inter and transregionalism

Globalization, Regionalization and Business M. Schelhase, 2008-10-01 The book provides new insight into the role of organised business interests It supports the concept of political economy and demonstrates how it transcends the limitations of CPE or IPE to form a coherent whole The book maps the conflict convergence and influence of organized business interests in the context of regional integration

New Regionalism in the Global Political Economy Shaun Breslin, Christopher W. Hughes, Nicola Phillips, Ben

Rosamond,2002-08-22 Featuring a notable list of international contributors this book presents a systematic and stimulating discussion on regionalism covering topical issues such as recent financial crises enlargement within EU and the post Lome regionalism of Africa **Globalisation and EU Policy-making** Ian Bartle,2005 Assesses and contrasts the roles of globalisation institutions and ideas on policy making in the EU Views the creation of liberalised European single markets in the telecommunications and electricity supply sectors out of national monopolies as an example of the dramatic transformation of economic organisation across Europe in the last twenty years Connects micro policy making processes in two industrial sectors to macro international political economy Covers the period from the mid 1980s when the single market came on the agenda through the liberalising initiatives in the 1990s to the new regulatory framework in communications in 2002 and the 2003 directive on the full liberalisation of electricity by 2007 Will be of interest to anyone studying globalisation European integration and policy making regulation and policy in utility sectors **Rethinking Globalization** Nick Bisley,2017-11-28 Today the debates on globalization between its evangelists and detractors are still raging In this concise balanced and accessible new text Nick Bisley assesses the nature and extent of globalization the key debates surrounding it and its impact on and significance for world politics **Indonesia and ASEAN Plus Three Financial Cooperation** Eko Saputro,2017-03-24 This book examines Financial regionalism in East Asia has stimulated not only a new architecture for regional governance but also a transformation in Indonesia s national regulatory framework As a relatively new phenomenon compared to trade regionalism financial regionalism has successfully shaped cooperative networks among financial authorities in East Asia In this incisive new book Eko Saputro explores how new financial alliances and regulatory frameworks will allow Indonesia to rapidly take a new place at the global table bringing the explosive growth that other Asian countries have seen to the archipelago nation This book will be of equal value to academics policy makers students and scholars both in the region and abroad *The Berlin Republic* Winand Gellner,John D. Robertson,2004-11-23 Since German unification in October 1990 arguments have raged as to whether the integration process of the former East Germany into the western system has been a success These essays offer fresh insight and perspectives explaining the effects of unification on Germany and the EU as a whole *The Myth of Media Globalization* Kai Hafez,2013-07-08 The ongoing interconnection of the world through modern mass media is generally considered to be one of the major developments underpinning globalization This important book considers anew the globalization phenomenon in the media sphere Rather than heralding globalization or warning of its dangers as in many other books Kai Hafez analyses the degree to which media globalization is really taking place Do we have enough evidence to show that there is a linear and accelerated move towards transnationalization in the media All too often the empirical data presented seems rather more anecdotal than representative Many transborder media phenomena are overestimated and taken out of the context of locally and nationally oriented mainstream media processes all over the world The inherent danger is that a central paradigm of the social sciences rather

than bearing scholarly substance will turn out to be a myth and even a sometimes dangerously ideological tool Based on a theoretical debate of media globalization the work discusses most major fields of media development including foreign reporting satellite TV film internet foreign broadcasting media and migration media policy and media economy As an important new contribution to timely debates *The Myth of Media Globalization* will be essential and provocative reading for students and scholars alike **The Art of the State II** Thomas J. Courchene, Donald J. Savoie, Daniel Schwanen, 2008-03

Globalization and Trade Integration in Developing Countries Özer, Ahu Co?kun, 2018-05-04 In a rapidly globalizing world commercial relations and regional trade integrations between countries have improved Analyzing trade relations both inside and outside countries allows for economic improvement Globalization and Trade Integration in Developing Countries provides emerging research on the difficulties and challenges developing countries face in world trade as well as their performance While highlighting topics such as economic growth foreign trade policy and trade competitiveness this publication explores the trade integrations and commercial trends in advancing countries This book is a vital resource for policy makers government agencies businesses academicians researchers and students seeking current research on the advantages and techniques of improved international markets and trade Strategic Marketing Management Syed Akhter, Barney Pacheco, 2020-01-13 The fourth edition of Strategic Marketing Management helps your students understand why strategies are developed how strategies should be developed what type of strategies are appropriate for different market conditions and how strategies achieve a sustainable competitive advantage The authors explain how beliefs and knowledge about markets shape the development of strategies and how to become effective and ethical decision makers Closing or Widening the Gap? Andrea Ribeiro Hoffmann, Anna van der Vleuten, 2016-05-23 Combining normative analysis and theory driven empirical research in a comparative framework this volume clarifies and explains the connections between regional international governance legitimacy and democracy It focuses on the quality of democracy and the legitimacy of policy making in multilevel regional systems The volume offers a much needed clarification of confusing concepts such as legitimacy democracy and civil society in non national political systems It critically assesses the quality of democracy and legitimacy within different Regional International Organizations RIOs it examines how networks of non state actors become a kind of transnational civil society and assesses their potential for solving legitimacy deficits and it investigates the impact of democratic conditionality in different RIOs The contributors deepen our understanding of a relatively new non state actor on the international scene the regional international organization and investigate the potential contribution of transnational non state actors to the quality of governance at the regional level Regionalizing Oman Steffen Wippel, 2013-08-16 This volume addresses the historical structures and current dynamics of Oman s regionalization processes and their political economic and social dimensions It is based on an interdisciplinary and trans regional dialogue between scholars from different social sciences and area studies such as political science economics management economic and social geography history social

anthropology and linguistics as well as Middle East West Asian gulf and African studies and develops four major axes of research Oman s integration into global and regional flows of goods capital people and ideas The multi scaled political negotiation of such integration or disintegration processes Consequences of suchlike processes and forms of regionalization for translocal actors Ideas and strategic communication of regional belonging and the constitution of regions Each chapter deals with one or more of these issues Part I deals with concepts of regionalisation and region building and presents different approaches that accentuate certain dimensions of these processes and come from different disciplinary backgrounds Part II focuses on the translocal transnational and trans regional movement of people their practices and imaginations be they contemporary labour in and out migrants returnees from Eastern Africa or nomadic tribal members Part III takes a closer look particularly at economic issues and regionalisation processes that are mainly based on multiple trade links regional development policies or politics of regionalism Part IV analyses political and socio cultural issues in regional and global perspectives

Interorganizational Diffusion in International Relations Tobias Lenz,2021 This book examines how the European Union shapes the creation and change of regional institutions in other parts of the world *The Southern African Development Community (SADC) and the European Union (EU)* Johannes Muntschick,2017-10-09 This book explores regionalism in the Southern African Development Community SADC and highlights the influence of the European Union EU as an extra regional actor on the organization and integration process The analysis is guided by theory and explains the emergence institutional design and performance of SADC s major integration projects in the issue areas of the economy security and infrastructure It provides in this way a profound assessment of the organization as a whole The study shows that South Africa plays a regional key role as driver for integration while external influence of the EU is ambivalent in character because it unfolds a supportive or obstructive impact The author argues that the EU gains influence over regional integration processes in the SADC on the basis of patterns of asymmetric interdependence and becomes a game changer insofar as it facilitates or impedes solutions to regional cooperation problems

Interregionalism and International Relations

Jürgen Rüland,Heiner Hänggi,Ralf Roloff,2006-01-16 Interregionalism the institutionalized relations between world regions is a new phenomenon in international relations It also a new layer of development in an increasingly differentiated global order This volume examines the structure of this phenomenon and the scholarly discourse it is generating It takes stock of empirical facts and theoretical explanations bringing together with clarity and concision the latest research on this key area This essential new book traces the emergence of interregionalism and reviews the latest literature provides a conceptual and theoretical framework for study includes case studies of inter regional relations between Asia and America Asia and Europe Europe and America and Europe and Africa delivers comparative analyses and special cases such as continental summits and interregional relationships beyond the Triad summarizes and evaluates the findings of each chapter providing a basis for further research This is a key reference book for students and researchers of regionalism global governance and

international relations Negotiating the Free Trade Area of the Americas Z. Arashiro, 2011-05-09 The first detailed historical account of the Free Trade Area of the Americas FTAA negotiations this book covers the genesis of the project in the early 1990s to its demise in late 2003 It examines how the FTAA an Inter American policy idea was incompatible with the predominant ideas and beliefs of Brazilian and American decision makers as to how they could and should conduct their countries foreign trade policy in the Western Hemisphere **Mapping the Transnational World** Emanuel Deutschmann, 2022-01-25 A study of the structure growth and future of transnational human travel and communication Increasingly people travel and communicate across borders Yet we still know little about the overall structure of this transnational world Is it really a fully globalized world in which everything is linked as popular catchphrases like global village suggest Through a sweeping comparative analysis of eight types of mobility and communication among countries worldwide from migration and tourism to Facebook friendships and phone calls Mapping the Transnational World demonstrates that our behavior is actually regionalized not globalized Emanuel Deutschmann shows that transnational activity within world regions is not so much the outcome of political cultural or economic factors but is driven primarily by geographic distance He explains that the spatial structure of transnational human activity follows a simple mathematical function the power law a pattern that also fits the movements of many other animal species on the planet Moreover this pattern remained extremely stable during the five decades studied 1960 to 2010 Unveiling proximity induced regionalism as a major feature of planet scale networks of transnational human activity Deutschmann provides a crucial corrective to several fields of research Revealing why a truly global society is unlikely to emerge Mapping the Transnational World highlights the essential role of interaction beyond borders on a planet that remains spatially fragmented Comparative Regional Integration Finn Laursen, 2010 This volume features up to date studies of regional integration efforts particularly those made in North America South America and East Asia Comparisons are drawn between these efforts and those made in the EU where integration has progressed much further The book asks what explains the variation in achievements What kind of agreements are needed to produce regional integration Is pooling and delegation of sovereignty necessary How important is regional leadership
