Lavalette, Elizabeth Whitmore**

## **Globalization Of Justice:**

**Globalization and Justice** Kai Nielsen, 2003 Will globalization promote or hinder social justice throughout the world In this cogent analysis philosopher Kai Nielsen argues that in its present form capitalist globalization will only ensure that the rich get richer and the poor poorer Noting that the ratio of the richest countries to the poorest has steadily grown larger under capitalism in the 20th century and that the total dollar value of the world economy has increased fivefold while the number of people living in poverty has doubled Nielsen clearly demonstrates that globalization has made and still is making a bad situation worse While inveighing against capitalist globalization he makes the important point that a globalization based on market socialism to ensure both needed efficiency and an egalitarian conception of justice would be a trend that people in all nations would welcome Democratic socialism despite historical betrayals and recent setbacks Nielsen contends is still humanity's best hope for achieving a classless nonracist and nonsexist world community He devotes a number of chapters to a discussion of the critical theory that is the basis of this vision of a completely egalitarian international society and he compares and contrasts his own position with that of such thinkers as Richard Rorty John Rawls Juergen Habermas G A Cohen and others This well argued critique of capitalist globalization and defense of democratic socialism as a viable alternative is essential reading for philosophers political scientists students of international relations and anyone concerned about the future of democratic and egalitarian ideals [Encyclopedia of Global Justice](#) Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer's book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas *Globalization and the Global Politics of Justice* Barry K. Gills, 2013-09-13 This book brings together a set of distinguished academics and activists to analyze critique and debate the global politics of poverty and justice and the contemporary nature of globalization It examines the connections between really existing globalization global capitalism and global poverty and the idea of and prospects for global justice now and in the future Identifying continuing contradictions between the stated aims of the reigning global economic orthodoxy and the actual consequences of these policies in relation to alleviation of severe poverty and injustice the authors engage in a lively critique of the very visible campaigns to end global poverty during the past several years and especially in 2005 the year of the make Poverty History campaign Live8 the Africa Commission's report and the Gleneagles G8 summit Contributions range from consideration of the

meaning and definition of global justice its relation to global ethics and development in both theory and practice analysis of the new forms of global politics that challenge neoliberal globalization and global injustice and trenchant critique of the practices and policies of some of the major organizations and agencies deeply involved in global poverty alleviation Globalization and the Global Politics of Justice is highly recommended for all those interested in contemporary global politics and the issue of inequality injustice and poverty between the North and South This book was previously published as a special issue of Globalizations **Globalization and Global Justice** Nicole Hassoun, 2012-03-22 This book shows how globalization shrinks distance thereby expanding international obligations to aid the poor and make free trade fair

**Globalisation, Global Justice and Social Work** Iain Ferguson, Michael Lavalette, Elizabeth Whitmore, 2004

**Seeking Social Justice Through Globalization** Gavin Kitching, 2010-11-01 Unusual coming from a leftist perspective this book argues that those who care for social justice should seek more globalization and not try to prevent its development or roll it back **Globalization Development and Social Justice** Ann El Khoury, 2015-03-27 Are there existing

alternatives to corporate globalization What are the prospects for and commonalities between communities and movements such as Occupy the World Social Forum and alternative economies Globalization Development and Social Justice advances the proposition that another globalization is not only possible but already exists It demonstrates that there are multiple pathways towards development with social justice and argues that enabling propositional agency rather than oppositional agency such as resistance is a more effective alternative to neoliberal globalization El Khoury develops a theory of infraglobalization that emphasizes creative constitution not just contestation of global and local processes The book features case studies and examples of diverse economic practice and innovative emergent political forms from the Global South and North These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies It will be of interest to students and scholars of international relations globalization social movement studies political and economic geography sociology anthropology and development studies Globalization, Education and Social Justice Joseph Zajda, 2009-12-02 Globalization Education and Social Justice

which is the tenth volume in the 12 volume book series Globalisation Comparative Education and Policy Research presents up to date scholarly research on major discourses concerning global trends in education social justice and policy research It provides an easily accessible practical yet scholarly source of information about the international concern in the field of social justice globalisation and policy research Above all the book offers the latest findings to the critical issues in education and social justice globally It is a sourcebook of ideas for researchers practitioners and policy makers in education globalisation and social justice education reforms around the world It offers a timely overview of current issues in social

justice affecting education policy research in the global culture It provides directions in education and policy research relevant to transformational educational reforms in the 21st century The book critically examines the overall interplay between globalisation education reforms and social justice It draws upon recent studies in the areas of globalisation social justice education reforms and the role of the State It explores conceptual frameworks and methodological approaches applicable in the research covering the State globalisation equity education and social justice It demonstrates the neo liberal ideological imperatives of education and policy reforms and illustrates the way the relationship between the State and education policy affects current models and trends in education reforms for social justice and schooling globally Various book chapters critique the dominant discourses and debates pertaining to the politics of social justice and education globally and the newly constructed and re invented models of neo liberal ideology in education and policy reforms Using a number of diverse paradigms in comparative education research ranging from critical theory to post structuralist discourses the authors by focusing on globalisation social justice and democracy attempt to examine critically both the reasons and outcomes of education reforms and policy change for social justice The volume offers a more informed critique on the Western driven models of education reforms and implications for social justice The book also draws upon recent studies in the areas of equity cultural capital and dominant ideologies in education The general intention is to make Globalization Education and Social Justice available to a broad spectrum of users among policy makers academics graduate students education policy researchers administrators and practitioners in the education and related professions

Justice, Community and Globalization Joshua Anderson, 2019-03-19 This book takes up the tension between globalization and community in order to articulate a new theory of global justice Although the process of globalization is not new its current manifestation and consequences are At the same time there is a growing recognition of the importance of community identity and belonging These two facts have generally been understood to be fundamentally in tension both theoretically and descriptively This book seeks to resolve this tension and then draw out the implications for a theory of global justice and an understanding of the value and purpose of community Importantly the book argues not only does an acceptance of the significance of the fact of globalization and the importance of community call for cosmopolitan duties and obligations but it also calls into question the legitimacy and justification of the traditional nation state Aimed primarily at scholars working on issues related to political philosophy globalization and global justice the book will appeal to readers in law politics philosophy and sociology

*Justice Globalism* James Goodman, Manfred B. Steger, Erin K. Wilson, 2012 This is a stimulating and insightful analysis of the role of global justice organizations written by some of the biggest names in the field of globalisation studies

**Global Justice and International Economic Law** Frank J. Garcia, 2013-04-15 For centuries international trade has been seen as essential to the wealth and power of nations More recently we have started to understand its problematic role as an engine of distributive justice In this compelling book Frank J Garcia proposes a new way to evaluate construct and manage international trade one

that is based on norms of economic justice comparative advantage and national interest Garcia examines three ways to conceptualize the problem of trade and global justice drawn from Rawlsian liberalism communitarianism and consent theory These approaches illustrate specific issues of importance to the way global justice has been theorized offering a pluralistic mode of arguing for global justice and highlighting the unique modes of discourse we employ when engaging with global justice and their implications for conceptualizing and arguing the problem Garcia suggests a new direction for trade agreements built around truly consensual trade negotiations and the kind of international economic system they would structure

*Globalization, Social Justice, and the Helping Professions* William Roth, Katharine Briar-Lawson, 2011-04-28 This landmark book brings together the reality of globalization and the imperative for social justice for helping professionals and students Helping professions such as social work counseling and community building in non profit agencies NGOs and government and the people and needs they serve can no longer be understood outside a global framework While the very notion of helping professions is entails a social justice perspective the relationship between the effects of globalization and the requirements of social justice have been missing from the literature education and practice of these fields This book provides an understanding of the economic and social dimensions of globalization how globalization increases the interdependence of nations the particular risks and opportunities it presents and how some aspects of globalization can exacerbate oppression and marginalization There are particular explorations of the challenges globalization presents in Africa and South America and a consideration of the special needs of children and families in the global context This is a necessary volume Its distinguished contributors have various perspectives on globalization but all write to inform and assist the work of those whose vocation is to help others

*Globalization and Global Justice* Nicole Hassoun, 2012 This book shows how globalization shrinks distance thereby expanding international obligations to aid the poor and make free trade fair

Justice in a Global Economy Pamela Brubaker, Rebecca Todd Peters, Laura A. Stivers, 2006-01-01 Today s complex social and economic problems leave many people in the affluent world feeling either overwhelmed or ambivalent Even the small percentage of us who have examined the ethics behind our financial decisions and overcome the often deterring factors of self interest rarely know what to do to make any difference By providing tools for examination and concrete actions for individuals communities and society at large Justice in a Global Economy guides its readers through many of today s complex societal issues including land use immigration corporate accountability and environmental and economic justice Beginning with a basic introduction to the impact of economic globalization the book provides both critical assessments of the current political economic structures and examples of people and communities who are actively working to transform society Each chapter concludes with questions for discussion and reflection

*Scales of Justice* Nancy Fraser, 2013-04-24 Until recently struggles for justice proceeded against the background of a taken for granted frame the bounded territorial state With that Westphalian picture of political space assumed by default the scope of justice was rarely subject to explicit dispute Today the

scope of justice is hotly contested as human rights activists and international feminists join critics of structural adjustment and the WTO in targeting injustices that cut across borders Seeking to re map the bounds of justice on a broader scale these movements are challenging the view that justice can only be a domestic relation among fellow citizens As their claims collide with those of nationalists and Westphalian democrats we witness new forms of meta political contestation in which the scale of justice is an object of explicit dispute Under these conditions there is no avoiding an issue that had once seemed to go without saying What is the proper frame for theorizing justice Faced with a plurality of competing scales how do we know which scale of justice is truly just Scales of Justice tackles this issue Interrogating struggles over globalization Nancy Fraser reconstructs the theory of justice for a post Westphalian world Revising her widely discussed theory of redistribution and recognition she introduces representation as a third political dimension of justice which permits us to re conceive scale and scope as questions of justice Seeking to re imagine political space for a globalizing world she revisits the concepts of democracy solidarity and the public sphere the projects of critical theory the World Social Forum and second wave feminism and the thought of Habermas Rawls Foucault and Arendt Rethinking Globalization Bill Bigelow, Bob Peterson, 2002 Rethinking Globalization offers an extensive collection of readings and source material on critical global issues

**Globalisation, Ideology and Social Justice Discourses** Joseph Zajda, Yvonne Vissing, Suzanne Majhanovich, 2022-05-31 This book examines dominant discourses in social justice education globally It presents cutting edge research on the major global trends in education social justice and policy research Using diverse paradigms ranging from critical theory to discourse analysis the book examines major social justice and equity education reforms and policy issues in a global culture with a focus on the ambivalent and problematic relationship between social justice education discourses ideology and the state The book discusses democracy ideology and social justice which are among the most critical and significant factors defining and contextualising the processes surrounding social justice education reforms globally It critiques current social justice education practices and policy reforms illustrating the shifts in the relationship between the state ideology and social justice education policy Written by authors from diverse backgrounds and regions this book examines current developments in research concerning social justice education It enables readers to gain a more holistic understanding of the nexus between social justice education and dominant ideologies both locally and globally It also provides an easily accessible practical yet scholarly insights into local and global trends in the field of social justice education Discourses of Globalization Ideology and Social Justice with contributions from key scholars worldwide should be required reading for a broad spectrum of users including policy makers academics graduate students education policy researchers administrators and practitioners Justice Without Borders Kok-Chor Tan, 2004-10-28 The cosmopolitan idea of justice is commonly accused of not taking seriously the special ties and commitments of nationality and patriotism This is because the ideal of impartial egalitarianism which is central to the cosmopolitan view seems to be directly opposed to the moral

partiality inherent to nationalism and patriotism In this book Kok Chor Tan argues that cosmopolitan justice properly understood can accommodate and appreciate nationalist and patriotic commitments setting limits for these commitments without denying their moral significance This book offers a defense of cosmopolitan justice against the charge that it denies the values that ordinarily matter to people and a defence of nationalism and patriotism against the charge that these morally partial ideals are fundamentally inconsistent with the obligations of global justice Accessible and persuasive this book will have broad appeal to political theorists and moral philosophers

**Social Justice, Global Dynamics** Ayelet Banai, Miriam Ronzoni, Christian Schemmel, 2011-04-06 Many theoretical publications make assumptions about the facts of globalization and in particular about the role and autonomy of the nation state These factual claims and assumptions often play an important role in justifying the normative conclusions yet remain under explored This interdisciplinary volume examines questions that are central to the problems of both social and international justice and in particular to their interdependence How do global and transnational factors influence the capacity of states to be internally just Has the state lost its capacity for autonomous action in the global economy and thus its ethical significance for theories of justice If so which institutional reforms could address this problem What is the role of the state in a just international order The authors address important connections between domestic social justice and global dynamics by identifying problematic practices and trends in the current global order They examine political economic and legal changes and offer normative views on concrete policies and institutions that are particularly important and or problematic i e international health policies the World Bank taxation policies and the World Trade Organization Focusing on the relationship between social and global justice and establishing connections between political theory and empirical research this book is vital reading for students and scholars of Politics International Relations and Development Studies

Edges of Global Justice Janet M. Conway, 2013 This book analyzes the World Social Forum WSF in a context of crisis and transition in the history of Western capitalist modernity Based on ten years of fieldwork on three continents this book treats social movements as knowledge producers It pays attention to what movements are doing and saying on the terrain of the WSF over time and from place to place and to how they theorize its significance Framed by the Latin American modernity coloniality perspective the book critically engages with discourses of global civil society autonomism and transnational feminism toward a reading of the WSF through the lens of colonial difference Each chapter outlines a set of contestations and contributions with relevance beyond debates about the WSF It will be of strong interest to students and scholars of social movement studies international politics post colonial studies gender studies sociology political theory and social work

## **Globalization Of Justice** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever.
