## **Globalization And Human Rights:**

**Civilising Globalisation** David Kinley, 2009-08-13 Economic globalisation and universal human rights both have the aspiration and power to improve and enrich individuals and communities. However, their respective institutions, methods, practices and goals differ, leading to both detrimental clashes and beneficial synergies. In this book, David Kinley analyses how human rights intersect with the trade and commercial dimensions of global economic relations, taking the view that while the global economy is a vitally important civilising instrument, it itself requires civilising according to human rights standards. Combining meticulous research with highly informed views and experiences, he outlines the intellectual policy and practical frameworks for ensuring that the global economy advances the ends of human rights, argues for better exploitation of the global economy's capacity to distribute as well as create wealth, and proposes mechanisms by which to minimise and manage the socially debilitating effects of its market failures and financial meltdowns.

**Globalization and Human Rights in the Developing World** Derrick M. Nault, Shawn L. England, 2011-07-12 Focusing on world regions where human rights abuses are the most serious, extensive and sustained, this book fills a crucial gap in our knowledge of the difficulties and promise of promoting human rights in our global age.

**Globalization, Human Rights and Populism** Adebowale Akande, 2023-06-16 This book offers a comprehensive and multidisciplinary global overview of populism and human rights in the light of globalization. It examines why the dominant neo-liberal paradigm of the last decades resulted in major economic and social inequalities which resulted in the surge of national populism, led by the election success of right-wing parties, movements and leaders across the world. It discusses, among other topics, the success of Brexit in Britain and the election success of Donald Trump and Marine Le Pen, and explains why there is a need for a dialogue on human rights and globalization in this era of populism. Further contributions analyze various important topics of the field, including cross-culturalism, globalization, human rights challenges and threats, diversity, curbing global corruption, sustainable development, populism, the decline of free speech, the new nationalism, internationalization, global regime of human rights, leadership theory, global management, competencies, gender, quality management, individualism, collectivism, and examples of new initiatives in global organizations. This makes the book a valuable and useful resource for students, researchers and scholars of international relations, political science, sociology, political psychology, law, diplomatic studies, communication and media studies, economics, education and management, as well as practitioners and policy makers interested in a better understanding of globalization, populism and human rights.

*Globalization and Human Rights* Jesús Ballesteros, Encarnación Fernández Ruiz-Gálvez, Pedro Talavera, 2012-04-14 Globalisation turns out to be untenable because it does not guarantee minimum social equity, peace and respect for the environment, and therefore does not guarantee the effective accomplishment of human rights. This book analyzes this issue and raises proposals for a new perspective. The first part describes the soft threats to human rights derived from the devaluation of the politics and the productive economy with regard to the finance. It entails the concealment

of the reality in the shape of exploitation as the tax havens and in the shape of marginalization of the persons with different abilities The second part include a study of hard threats to human rights and examines two cases of failed states Afghanistan and Somalia in which the violence has supplanted the politics and the economy In view of these situations it is necessary to rethink the force of classic *ius gentium* and the humanitarian right The third part presents the European Union as a legal and political space in which conditions of a worthy life are better defended by means of the Primacy of Practical Reason and Social State of Law and by the requirement of peace as the main rule of international relations

*Human Rights and Capitalism* Janet Dine,A. Fagan,2006-01-01 Human Rights and Capitalism brings together two important facets of the globalization debate and examines the complex relationship between human rights property rights and capitalist economies Human rights issues have become increasingly important in this debate and their place as harbingers of justice or as an instrument of oppression is fiercely contended Both sides of this issue are considered in the contributions to this book and the complex relationships between human rights human dignity and capitalist economies are the themes running throughout the work Appearing at a time when these issues are a subject of extreme controversy this book is distinguished by its balanced and academic approach

**Economic Globalisation and Human Rights** Wolfgang Benedek,Koen Feyter,Fabrizio Marrella,2007 Economic globalisation is one of the guiding paradigms of the twenty first century The challenge it implies for human rights is fundamental and key questions have up to now received no satisfying answers How can human rights protect human dignity when economic globalisation has an adverse impact on local living conditions How should human rights evolve in response to a global economy in which non statal actors are decisive forces Economic Globalisation and Human Rights sets out to assess these and other questions to ensure that as economic globalization intensifies human rights take up the central and crucial position that they deserve Using a multidisciplinary methodology leading scholars reflect on issues such as the need for global ethics the localisation of human rights the role of human rights in WTO law and efforts to make international economic organisations more accountable and multinational corporations more socially responsible

The Globalization of Human Rights Jean-Marc Coicaud,Michael W. Doyle,Anne-Marie Gardner,2003 International efforts to construct a set of standardised human rights guidelines are based upon the identification of agreed key values regarding the relationships between individuals and the institutions governing them which are viewed as critical to the well being of humanity and the character of being human This publication considers these issues of justice at the national regional and international levels by analysing civil political economic and social rights aspects

From Ancient Times to the Globalization Era Micheline Ishay,2004-08-02 A definitive account of the history of human rights told from the perspective of those struggling to obtain them Using the Enlightenment industrialization war national self determination and globalization as lenses through which to look at their evolution Ishay brings both historical context and conceptual acuity to modern debates about the role of human rights in a multicultural world Her encompassing and compassionate approach

issues in a book equally valuable to scholars students and citizens Benjamin Barber University of Maryland author of Jihad vs McWorld This well written book chock full of knowledge presents a history of the idea or ideas of human rights through the prism of the author s thoughtful views on key controversies that bedevil human rights discourse to this day Professor Sir Nigel Rodley Chair University of Essex Human Rights Centre Member UN Human Rights Committee The first account of human rights as embedded in the history of political theory relating it to the basic issues of Liberty Equality and Fraternity Erudite and non dogmatic Ishay reaches beyond individual human rights to issues of economic cultural and national rights and shows how the campaign for human rights was instrumental in bringing down oppressive regimes in the last decades Humane and generous in its approach brilliant in its conception and presentation Shlomo Avineri The Hebrew University of Jerusalem

**The Routledge International Handbook of Globalization Studies** Bryan Turner, Robert Holton, 2015-12-22 The second edition of the Routledge International Handbook of Globalization Studies offers students clear and informed chapters on the history of globalization and key theories that have considered the causes and consequences of the globalization process There are substantive sections looking at demographic economic technological social and cultural changes in globalization The handbook examines many negative aspects new wars slavery illegal migration pollution and inequality but concludes with an examination of responses to these problems through human rights organizations international labour law and the growth of cosmopolitanism There is a strong emphasis on interdisciplinary approaches with essays covering sociology demography economics politics anthropology and history The second edition has been completely revised and features important new thinking on themes such as Islamophobia and the globalization of religious conflict shifts in global energy production such as fracking global inequalities fiscal transformations of the state and problems of taxation globalization and higher education and an analysis of the general sense of catastrophe that surrounds contemporary understandings of the consequences of a global world

**Discourses of Globalisation, Multiculturalism and Cultural Identity** Joseph Zajda, Nitza Davidovitch, Suzanne Majhanovich, 2023-01-01 This book examines dominant discourses in multiculturalism and cultural identity globally It critiques dominant discourses and debates pertaining to multiculturalism and cultural identity set against the current backdrop of growing social stratification and unequal access to quality education It addresses current discourses concerning globalisation ideologies and the state as well as approaches to constructing national ethnic and religious identities in the global culture It explores the ambivalent and problematic connections between the state globalisation and the construction of cultural identity The book also explores conceptual frameworks and methodological approaches applicable to research on the state globalisation multiculturalism and identity politics Drawing on diverse paradigms ranging from critical theory to globalisation the book by focusing on globalisation ideology and cultural identity critically examines recent research dealing with cultural diversity and its impact of identity politics Given the need for a multiple perspective approach the authors who have diverse backgrounds and hail from different countries and regions

offer a wealth of insights contributing to a more holistic understanding of the nexus between multiculturalism and national identity. With contributions from key scholars worldwide the book should be required reading for a broad spectrum of users including policy makers, academics, graduate students, education policy researchers, administrators and practitioners.

International Investment Law and Globalization Jean-Michel Marcoux, 2018-09-03. In a context of neoliberal globalization, have the processes of elaboration and implementation of foreign investors' responsibilities by intergovernmental organizations reached the realm of legality? Using an analytical framework and a methodology that combines international law with international relations, this book provides a twofold answer to this question. First, it demonstrates that the normative integration of foreign investors' responsibilities in international investment law is fragmented and consistent with the interests of the most powerful actors. Second, while using the interactional theory of international law to assess the normative character of several international instruments elaborated and implemented by intergovernmental organizations, it highlights the sense of obligation that each instrument generates. The analysis demonstrates that such a codification process is marked by relations of power and has resulted in several social norms with relatively few legal norms. **Can Globalization**

**Promote Human Rights?** Rhoda E. Howard-Hassmann, 2010. An examination of globalization's effects on human rights, world poverty and inequality. Describes international human rights law and the international social movement for reform of globalization. Provided by publisher. Globalisation, Human Rights Education and Reforms Joseph Zajda, Sevil Ozdowski, 2016-09-23. This book, the seventeenth instalment in the 24 volume series *Globalisation: Comparative Education and Policy Research*, explores the interrelationship between ideology, the state and human rights education reforms, setting it in a global context. The book examines major human rights education reforms and policy issues in a global culture. It focuses on the ambivalent and problematic relationship between the state, globalisation and human rights education discourses. Using a number of diverse paradigms ranging from critical theory to historical comparative research, the authors examine the reasons for and the outcomes of human rights education reforms and policy. The authors discuss discourses surrounding the major dimensions affecting the human rights education, namely national identity, democracy and ideology. These dimensions are among the most critical and significant dimensions defining and contextualising the processes surrounding the nation building, identity politics and human rights education globally. With this as its focus, the chapters represent hand-picked scholarly research on major discourses in the field of human rights education reforms. The book draws upon recent studies in the areas of globalisation, equality and the role of the state in human rights education reforms. Furthermore, the perception of globalisation as dynamic and multi-faceted processes clearly necessitates a multiple perspective approach in the study of human rights education. This book provides that perspective commendably. It also critiques current human rights education practices and policy reforms. It illustrates the way shifts in the relationship between the state and human rights education policy. In the book, the authors, who come from diverse backgrounds and regions, attempt insightfully to provide a worldview of

current developments in research concerning human rights education and citizenship education globally The book contributes in a very scholarly way to a more holistic understanding of the nexus between nation state human rights education both locally and globally

**People Out of Place** Gershon Shafir, 2004-07-31 Globalization pushes people out of place across borders out of traditions into markets and away from the rights of national citizenship But globalization also contributes to the spread of international human rights ideas and institutions This book analyzes the impact of these contradictory trends with a focus on vulnerable groups such as migrants laborers women and children Theoretical essays by Richard Falk Ronnie Lipschutz Aihwa Ong and Saskia Sassen rethink the shifting nature of citizenship This collection advances the debate on globalization human rights and the meaning of citizenship

Globalization, Human Security, and the African Experience Caroline Thomas, Peter Wilkin, 1999 Eleven contributions explore security from a human rather than a state perspective and illustrate this by drawing on case material from sub Saharan Africa They offer an alternative to the realist state centered militaristic male dominated terrain of orthodox security and strategic studies and study such issues as feminist perspectives justice economic genocide in Rwanda security in the new world order and the erosion of the state and the decline of race Annotation copyrighted by Book News Inc Portland OR

**Globalization, International Law, and Human Rights** Jeffrey F. Addicott, Jahid Hossain Bhuiyan, Tareq M. R. Chowdhury, 2012 This volume analyses human rights in the context of globalization Focusing on a broad range of human rights themes it examines the human rights experiences of various countries The volume covers important contemporary issues such as the relationship between human rights and globalization climate change unbridled corporate capitalism global terrorism and globalization and its impact on trade investments and people s movement Establishing an interface between good governance and human rights the work emphasizes the significance of new modern rights such as fundamental right to water The volume also examines the framework of international legal provisions to deal with human rights violations Providing a broad picture of the current and emerging human rights policy framework for the recognition of human rights it also puts in perspective the conflicting tendencies of modern world towards the persistent struggle for recognizing human rights With an interesting mix of North and South scholarship on globalization human rights and international law this comprehensive and topical work would be invaluable to lawyers and teachers scholars and students of law political science and development studies

Economic Globalisation and Human Rights Wolfgang Benedek, Koen De Feyter, Fabrizio Marrella, 2007-04-19 Economic globalisation is one of the guiding paradigms of the twenty first century The challenge it implies for human rights is fundamental and key questions have up to now received no satisfying answers How can human rights protect human dignity when economic globalisation has an adverse impact on local living conditions How should human rights evolve in response to a global economy in which non statal actors are decisive forces Economic Globalisation and Human Rights was originally published in 2007 and sets out to assess these and other questions to ensure that as economic globalisation intensifies human rights take

up the central and crucial position that they deserve Using a multidisciplinary methodology leading scholars reflect on issues such as the need for global ethics the localisation of human rights the role of human rights in WTO law and efforts to make international economic organisations more accountable and multinational corporations more socially responsible

**Globalisation and Multicultural Education** Joseph Zajda, Suzanne Majhanovich, 2024-11-11 This book analyses dominant discourses of globalisation multiculturalism and schooling The chapters advance further the discussions on globalisation and its impact on cultural diversity and multiculturalism in a globalised world Multicultural education as presented in this volume is seen in a broad context It includes factors such as race ethnicity gender socio economic status culture age and physical ability as well as a variety of beliefs and values Zajda has argued that globalisation represents a synthesis of technology ideology and organisation specifically related to border crossings of people global finance trade IT convergence as well as cross cultural communication The reality of multiculturalism has been brought into stronger focus because of globalisation Multiculturalism is more evident today because of globalisation The book contributes in a very scholarly way to a more holistic understanding of the nexus between globalisation and dominant models of multicultural education and their impact on students engagement and academic achievement

**Cooperation and Hegemony in US-Latin American Relations** Andrew R. Tillman, 2016-03-29 This edited volume revisits the idea of the Western Hemisphere First articulated by Arthur P Whitaker in 1954 but with origins in the earlier work of Herbert E Bolton it is the idea that the peoples of this Hemisphere stand in a special relationship to one another which sets them apart from the rest of the world Whitaker 1954 For most scholars of US Latin American relations this is a curious concept They often conceptualize US Latin American relations through the prism of realism and interventionism While this volume does not deny that the United States has often acted as an imperial power in Latin America it is unique in that it challenges scholars to re think their preconceived notions of inter American relations and explores the possibility of a common international society for the Americas especially in the realm of international relations Unlike most volumes on US Latin American relations the book develops its argument in an interdisciplinary manner bringing together different approaches from disciplines including international relations global and diplomatic history human rights studies and cultural and intellectual history

**Human Rights and Environmental Sustainability** Kerri Woods, 2010-01-01 Human Rights and Environmental Sustainability challenges the assumed harmony between human rights norms and the demands of environmental sustainability by addressing conceptual normative and political questions surrounding the interaction between the two What is gained and lost by environmental theorists and activists adopting the language and institutions of human rights Is there coherence or tension between the values of human rights and environmental sustainability Is the idea of environmental human rights plausible and defensible Whereas previous studies have considered the interface between human rights and environmental sustainability on an empirical level this pioneering book engages the theoretical and philosophical issues at stake Given the significant

environmental challenges we face and the dominance of human rights as a normative framework these concerns demand our attention This timely work will appeal to scholars in the fields of environmental politics philosophy human rights theory and global or international ethics as well as postgraduate students in environmental politics and philosophy Postgraduate students in human rights particularly human rights theory global or international ethics and scholars working in environmental law or human rights law will also find this book invaluable
