**Annelies Wilder-Smith**

## **Globalization Syndrome Transformation And Resistance:**

**The Globalization Syndrome** James H. Mittelman,2000 This text presents a holistic and multi level analysis of globalization connecting the economic to the political and cultural joining agents and multiple structures and interrelating different local regional and global arenas

**The Globalization Syndrome** James H. Mittelman,2000-03-19 This text presents a holistic and multi level analysis of globalization connecting the economic to the political and cultural joining agents and multiple structures and interrelating different local regional and global arenas

**The Battle for Asia** Mark T. Berger,2004-03 This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia s development

**The Law and Economics of Globalisation** Linda Y. Yueh,2009-01-01 The diversity of author backgrounds coupled an assortment of provocative insights makes this book a useful tool for delving into the meat of globalization providing a succinct but authoritative overview of the underpinnings necessary to appreciate the who what where and when of globalization American Society of International Law This is a fascinating and insightful set of essays the relevance of which has only increased with the financial and economic crisis The ideas and basic positions of the authors range wide but that is exactly what we require as we struggle to understand twenty first century globalisation and what to do about it I should like to see it in the hands of all academics and policy makers working on global affairs Alan Winters University of Sussex Chief Economist UK Department for International Development and Former Head of Research the World Bank This inter disciplinary volume focuses on the economic and legal challenges confronting globalisation and the evolution of the global system The Law and Economics of Globalisation discusses the hotly debated topic of globalisation from a wide set of perspectives of law economics and international political economy The authors shed new light on the legal economic and institutional issues raised by globalisation extending into areas previously considered as national issues They discuss how the development of the norms institutions and reach of the global system will be influenced by the domestic and international concerns arising from the increasing integration of countries in the new century With contributions from lawyers economists and other experts in the field this book will be welcomed by academics students researchers and policymakers who are interested in a comprehensive volume on economic globalisation It will also appeal to a wider audience such as executive education courses as well as business and law schools

**Globalisation and Economic Security in East Asia**

Helen Sharmini Nesadurai,2006 What is the relationship between globalization and economic security Globalisation and Economic Security in East Asia is an incisive new engagement with this important question that uses detailed conceptual exploration and fresh empirical analysis Viewing traditional neorealist conceptions of economic security as overly narrow this new study suggests that any conception of economic security in the contemporary era needs to also pay close attention to the nature of global capitalism and the insecurities it generates for societies and individuals This uniquely open ended approach to conceptualizing economic security is supported by the East Asian experience The country case studies included here

reveal that while economic security has largely been posed as one of ensuring sustainable economic growth and equitable social development particularly following the 1997 to 1998 Asian financial crisis other more realist conceptions of economic security have not become irrelevant This is also an exploration of whether and how national regional and multilateral institutions as well as non state regional mechanisms help policy makers meet the task of governing in the interests of economic security This book will be of great interest to all students and scholars of international relations international political economy of East Asia globalization and security studies

### **Globalisation and Economic Security in East Asia**

Helen E. Nesadurai, 2012-09-11 What is the relationship between globalization and economic security Globalisation and Economic Security in East Asia is an incisive new engagement with this important question that uses detailed conceptual exploration and fresh empirical analysis Viewing traditional neorealist conceptions of economic security as overly narrow this new study suggests that any conception of economic security in the contemporary era needs to also pay close attention to the nature of global capitalism and the insecurities it generates for societies and individuals This uniquely open ended approach to conceptualizing economic security is supported by the East Asian experience The country case studies included here reveal that while economic security has largely been posed as one of ensuring sustainable economic growth and equitable social development particularly following the 1997 to 1998 Asian financial crisis other more realist conceptions of economic security have not become irrelevant This is also an exploration of whether and how national regional and multilateral institutions as well as non state regional mechanisms help policy makers meet the task of governing in the interests of economic security This book will be of great interest to all students and scholars of international relations international political economy of East Asia globalization and security studies

### **Development in an Era of Neoliberal Globalization** Henry

Veltmeyer, 2013-08-22 This book analyses the progress and failures of capitalist development against the backdrop of an increasingly globalised world economy organised on neoliberal principles It brings together eminent writers on the political economy of international development such as Kari Polanyi Levitt Norman Girvan Osvaldo Sunkel Paul Bowles Manfred Bienefeld and Walden Bellos to examine from a critical perspective the contemporary dynamics of a system in crisis issues of capitalist development and globalization within the neoliberal world order The essays written in tribute to Surendra Patel for his contribution to the field of development studies cover subjects including the financial crisis of 2008 the regional dynamics of neoliberal globalization democracy and development the political economy of natural resource extraction and the formation of a postneoliberal state oriented towards a new economic model Drawing on an analysis of the development process in the Caribbean Latin America Africa and the Philippines it considers the historical foundations that impact on economic growth and technological transformation and evaluates the relationship between capital and the state and the role of NGOs and social movements in the context of the debate on neoliberal globalization Development in an Era of Neoliberal Globalization will be of interest to students and scholars of international politics and economic development the political

economy of globalisation the sociology and politics of development and developments in Latin America and the Caribbean

**Global Activism** Ruth Reitan,2012-08-21 This comprehensive study traces the transnationalization of activist networks analyzing their changing compositions and characters and examining the roles played by the World Social Forum in this process Comparing four of the largest global networks targeting the neoliberal triumvirate of the World Bank the IMF and the World Trade Organization the Jubilee anti debt campaigners Via Campesina peasant farmers Our World Is Not For Sale and the anarchistic Peoples Global Action Written by a scholar activist the book highlights that despite their diversity these collective actors follow a similar globalizing path and that networks in which solidarity is based on a shared identity perceived as threatened by neoliberal change are gaining strength Social forums are depicted as a fertile ground to strengthen networks and a common ground for cooperative action among them but also a battleground over the future of the forum process the global anti neoliberal struggle and other possible worlds in the making Global Activism will appeal to students and scholars interested in globalization international relations IPE and social movements

**What Is Global Studies?** Manfred Steger,Amentahru Wahlrab,2016-11-10 What is Global Studies and how does it relate to globalization Responding to this frequently asked question Manfred B Steger and Amentahru Wahlrab provide the first comprehensive overview of this emerging field Authoritative and accessible this primer speaks to students and instructors interested not only in key theories but also in applied teaching and learning programs designed to educate global citizens to meet the concrete challenges of the twenty first century Linking the influential arguments of major thinkers in Global Studies to their own framework the authors discuss the Four Pillars of Global Studies globalization transdisciplinarity space and time and critical thinking The book with instructive appendix materials will appeal to readers seeking a deeper understanding of Global Studies one of the most popular fields of study in major universities around the world

**Islam and International Relations** Mustapha Kamal Pasha,2017-04-21 Islam and International Relations Fractured Worlds reframes and radically disrupts perceived understanding of the nature and location of Islamic impulses in international relations This collection of innovative essays written by Mustapha Kamal Pasha presents an alternative reading of contestation and entanglement between Islam and modernity Wide ranging in scope the volume illustrates the limits of Western political imagination especially its liberal construction of presumed divergence between Islam and the West Split into three parts Pasha s articles cover Islamic exceptionalism challenges and responses and also look beyond Western international relations This volume will be of great interest to graduates and scholars of international relations Islam religion and politics and political ideologies globalization and democracy

**Globalization, Hegemony and the Future of the City of London** L. Talani,2011-10-27 This book gives a detailed account of the primacy of the City of London both as a domestic actor and as a global financial centre It focuses on whether the hegemonic position of the City of London can be threatened by the globalization process and how this relates to its role as an international money laundering centre

Two Decades of Market Reform in India Sudipta

Bhattacharyya,2013-12-15 Have neoliberal policies truly yielded beneficial effects for India Two Decades of Market Reform in India presents a collection of essays that challenge the conventional wisdom of Indian market reforms examining the effects of neoliberal policies enacted by the Indian government and exploding the myths that surround them In particular the volume questions the perceived benefits of India s reform policies in the areas of growth agriculture industry and poverty alleviation and examines how the government s focus on preventing a fiscal deficit caused a large scale decline in development expenditures which in turn has had a negative impact on the well being of the poor With its rich and insightful analysis Two Decades of Market Reform in India bravely shines a light on the true implications of India s neoliberal governmental policies and provides a revealing indication of how policy reform since 1991 has at times detrimentally affected the general populace of India

**America's Challenge** Michael D. Swaine,2011 As the world s predominant political economic and military power the United States faces a particularly significant challenge in responding to China s rising power and influence especially in Asia This challenge will require more effective U S policies and a reassessment of fundamental U S strategic assumptions and relationships Offering a fresh perspective on current and near term U S policy toward China the author examines the basic beliefs behind U S China relations recent U S and Chinese policy practices in seven key areas and future trends most likely to affect U S policy American leaders he concludes must develop policies to sustain America s economic and technological prowess and improve the U S strategic position Otherwise Washington will have a hard time maintaining a stabilizing presence in East Asia shaping regional and Chinese strategic perceptions and managing key policy issues

International Bibliography of Economics Compiled by the British Library of Political and Economic Science,2001-11-22 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Beyond the Global Culture War* Adam K. Webb,2013-08-21 Presenting a cross cultural critique of global liberalism this book argues for a broad based challenge that can meet it on its own scale It probes many of the key challenges we face in the new millennium and is a useful read for students of politics and globalization *Routledge Handbook of Asia in World Politics* Teh-Kuang Chang,Angelin Chang,2017-10-02 Asia is a complex and diverse continent which has seen the scope and pace of transformation increase rapidly over the past 30 years In turn the economic growth and social change seen in the region combined with new global security profiles and environmental challenges have contributed to placing Asia at the forefront of international affairs This Handbook brings together leading scholars of different disciplines including Politics and International Relations Security Studies and Law to provide a comprehensive analysis of both the prospects and problems which have emerged from Asia s rise Examining how developments across the continent have influenced global politics and how the region has responded to the international community in the modern era the sections cover Major actors in Asian politics especially China Japan and India International relations in Asia and intra Asian tensions Special issues of world

politics in Asia including modern conflicts in and attitudes towards the Middle East The Routledge Handbook of Asia in World Politics will be useful to students and scholars of Global Politics International Relations and Asian Studies

**Logics of Hierarchy** Alexander Cooley, 2012-12-15 Political science has had trouble generating models that unify the study of the formation and consolidation of various types of states and empires The business administration literature however has long experience in observing organizations According to a dominant model in this field business firms generally take one of two forms unitary U or multidivisional M The U form organizes its various elements along the lines of administrative functions whereas the M form governs its periphery according to geography and territory In Logics of Hierarchy Alexander Cooley applies this model to political hierarchies across different cultures geographical settings and historical eras to explain a variety of seemingly disparate processes state formation imperial governance and territorial occupation Cooley illustrates the power of this formal distinction with detailed accounts of the experiences of Central Asian republics in the Soviet and post Soviet eras and compares them to developments in the former Yugoslavia the governance of modern European empires Korea during and after Japanese occupation and the recent U S occupation of Iraq In applying this model Logics of Hierarchy reveals the varying organizational ability of powerful states to promote institutional transformation in their political peripheries and the consequences of these formations in determining pathways of postimperial extrication and state building Its focus on the common organizational problems of hierarchical polities challenges much of the received wisdom about imperialism and postimperialism

*Global Political Economy* Kavous Ardalan, 2018-12-18 This book applies a multiparadigmatic philosophical frame of analysis to the global political economy Crossing two disciplines and lines of literature social philosophy and global political economy this book considers seven aspects of global political economy and discusses each aspect from four diverse paradigmatic viewpoints functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each paradigm generates theories concepts and analytical tools which are different from those of other paradigms developing an understanding of the different paradigms leads to a better understanding of the multi faceted nature of the subject matter In this book the first chapter reviews the four paradigms Each of the next seven chapters provides four paradigmatic explanations for each of the seven aspects of the global political economy The final chapter concludes by recommending further paradigmatic diversity This book will be of particular interest to students and researchers interested in political economy heterodox economics political science and international relations

**Globalisation and Citizenship** Wayne Hudson, Steven Slaughter, 2007-04-11 This wide ranging volume explores the impact of globalization upon citizenship with a special focus on the transnational challenges that globalization poses While there is much debate over the concept globalization implies at least two distinct phenomena First it suggests that political economic and social activities are becoming increasingly inter regional or intercontinental in scope Secondly it suggests that there has been an intensification

of levels of interaction and interconnectedness between states and societies Citizenship as one of the foundational concepts of the modern liberal democratic states provides the normative framework within which globalization debates may be understood and evaluated It also examines how different concepts theories and practices of citizenship are evolving in response to globalization Central questions explored in this text are How does globalization challenge traditional conceptions of citizenship in specific respects How is globalization creating new citizenships or new civil society spaces How is transnational citizenship developing and what problems are associated with it in specific areas Discussing the theoretical and practical prospects for new forms of liberal republican and cosmopolitan citizenship Globalisation and Citizenship will appeal to students and scholars in the fields of international relations globalization sociology and political science
