Community College Faculty J. Levin, S. Kater, Richard L. Wagoner, 2006-01-31 John S Levin Susan T Kater and Richard L Wagoner collectively argue that as community colleges organize themselves to respond to economic needs and employer demands and as they rely more heavily upon workplace efficiencies such as part time labor they turn themselves into businesses or corporations and threaten their social and educational mission

American Higher Education in the Twenty-First Century Michael N. Bastedo, Philip G. Altbach, Patricia J. Gumpert, 2016-03-30 An indispensable reference that everyone concerned with the future of American colleges and universities should acquire First published in 1999 American Higher Education in the Twenty First Century offered a comprehensive introduction to the central issues facing American colleges and universities This thoroughly revised edition brings the classic volume up to date The contributors have rewritten every chapter to address major changes in higher education including the rise of organized social movements the problem of income inequality and stratification and the growth of for profit and distance education Three new chapters cover information technology community colleges and teaching and learning This edition seeks to capture several crucial dynamics in the nexus of higher education and society Placing higher education within its social and political contexts the contributors discuss finance federal and state governance faculty students curriculum and academic leadership They also grapple with growing concerns about the future of the academy and reflect more deeply on the racial ethnic and socioeconomic diversity within higher education No other book covers such wide ranging issues under the broader theme of higher education s relationship to society Highly acclaimed and incorporating cutting edge research American Higher Education in the Twenty First Century is now more useful and engaging than ever Contributors Michael N Bastedo Philip G

**Workforce Development in the 21st Century: Global Reflections and Forward Thinking in the New Millennium**

Henry O'Lawrence, 2016 The book begins with the premise that workforce education is a global issue and is becoming increasingly competitive It is important for the reader to understand the concept of work historically as well as its meaning and implications to individuals Understanding this history leads to better instruction education and training which can solve many human performance problems in the workplace Workforce Education Occupational Training Instruction or Career Education Vocational Education or Technical Education is used interchangeably throughout this book The concept of today's workforce development is universal As a college professor I believe I have an ethical obligation to promote learning to ensure health and safety to protect the public and private trust and to promote the transfer of learning A second premise of this book is that there are common issues and problems in the workplace This book provides in a single volume the knowledge base common to all work settings for today's students regardless of their specialty Thus the book was designed for students to think globally and to understand how to be and what it takes to be competitive in the global economy      *The American Community College* Arthur M. Cohen, Florence B. Brawer, 2009-10-30 Praise for The American Community College Since 1982 The American Community College by Cohen and Brawer has been the authoritative book on community colleges Anyone who

wants to understand these complex and dynamic institutions how they are evolving the contributions they make the challenges they face the students they serve and the faculty and leaders who deliver the services and the curricula will find The American Community College both essential reading and an important reference book George R Boggs president and CEO American Association of Community Colleges I have been a community college president for over forty one years and a graduate professor for three decades This book has been an inspiration to generations of students faculty members and administrators It has become the classic of the field because it has great take home value to us all Joseph N Hankin president Westchester Community College In this latest edition of The American Community College the authors continue to manifest their unique highly knowledgeable perspective about the community college This book is must reading for all who desire to understand one of the most important educational institutions in the twenty first century Barbara K Townsend professor and director Center for Community College Research College of Education University of Missouri Columbia Cohen and Brawer s classic work is the touchstone for a comprehensive overview of the American community college This is a seminal book for graduate students as well as seasoned professionals for understanding this uniquely American institution Charles R Dassance president Central Florida Community College

**Engaging African American Males in Community Colleges** Ted N. Ingram, James Coaxum, 2018-05-01 This volume dedicated to the engagement of African American males in community colleges furthers the research agenda focused on improving the educational outcomes of African American males The theme engagement also supports the anti deficit approach to research on African American males developed by renowned research scholars The true success of African American males in community colleges rests on how well these institutions engage young men into their institutions This will require community colleges to examine policies pedagogical strategies and institutional practices that alienate African American males and fosters a culture of underachievement The authors who have contributed to this volume all speak from the same script which proves that when African American males are properly engaged in an education that is culturally relevant they will succeed Therefore this book will benefit ALL who support the education of African American males It is our intent that this book will contribute to the growing body of knowledge that exists in this area as well as foster more inquiry into the achievement of African American males The book offers three approaches to understanding the engagement of African American males in community college which includes empirical research policy perspectives and programmatic initiatives
