Gloire Des Princes Louange Des Dieux:

Gloire des princes, louange des dieux ,2003 Gurudev's Drumming Legacy James Kippen,2022-03-30 The 1903 Mrdang aur Tabla Vadanpaddhati is a revelatory text that has never been translated or analysed It is a manual for playing the two most important drums of North Indian Hindustani music the pakhavaj mrdang and the tabla Owing to its relative obscurity it is a source that has never been discussed in the literature on Hindustani music Its author Gurudev Patwardhan was Vice Principal of V D Paluskar s first music school in Lahore from its inception in 1901 to 1908 Professor James Kippen provides the first translation of this immensely important text and examines its startling implications for rhythmic and metric theory It is the earliest work on Indian drumming to contain a notation sufficiently precise to allow definitive reconstruction The compositions are of considerable musical interest for they can be readily realized on the tabla or pakhavaj Kippen sets the work and objectives of the original author in the context of a rich historical social and political background By also discussing radical differences in the second edition of 1938 published by Gurudev s nephew the vocalist Vinayakrao Patwardhan Kippen illuminates the process by which tabla theory was being created in the early 20th century Both Patwardhans were enthusiastic supporters of Paluskar s nationalist imperatives and active participants in his drive to institutionalize music codify and publish notations of it and promote a modern Hindu vision of India wherein its identity could once again be linked to a glorious golden age in distant antiquity *The Other Classical Musics* Michael Church,2015 The Other Classical Musics offers challenging new perspectives on classical music by presenting the history of fifteen parallel traditions Winner of the Royal Philharmonic Society Music Award for Creative Communication 2015 There is a treasure trove of underappreciated music out there this book will convince many to explore it The Economist What is classical music This book answers the question in a manner never before attempted by presenting the history of fifteen parallel traditions of which Western classical music is just one Each music is analysed in terms of its modes scales and theory its instruments forms and aesthetic goals its historical development golden age and condition today and the conventions governing its performance The writers are leading ethnomusicologists and their approach is based on the belief that music is best understood in the context of the culture which gave rise to it By including Mande and Uzbek Tajik music plus North American jazz in addition to the better known styles of the Middle East the Indian sub continent the Far East and South East Asia this book offers challenging new perspectives on the word classical It shows the extent to which most classical traditions are underpinned by improvisation and reveals the cognate origins of seemingly unrelated musics it reflects the multifarious ways in which colonialism migration and new technology have affected musical development and continue to do today With specialist language kept to a minimum it s designed to help both students and general readers to appreciate musical traditions which may be unfamiliar to them and to encounter the reality which lies behind that lazy adjective exotic MICHAEL CHURCH has spent much of his career in newspapers as a literary and arts editor since 2010 he has been the music and opera critic of The Independent

From 1992 to 2005 he reported on traditional musics all over the world for the BBC World Service in 2004 Topic Records released a CD of his Kazakh field recordings and in 2007 two further CDs of his recordings in Georgia and Chechnya Contributors Michael Church Scott DeVeaux Ivan Hewett David W Hughes Jonathan Katz Roderic Knight Frank Kouwenhoven Robert Labaree Scott Marcus Terry E Miller Dwight F Reynolds Neil Sorrell Will Sumits Richard Widdess Ameneh Youssefzadeh *The India Museum Revisited* Arthur MacGregor, 2023-10-05 The museum of the East India Company formed for a large part of the nineteenth century one of the sights of London In recent years little has been remembered of it beyond its mere existence while an assumed negative role has been widely attributed to it on the basis of its position at the heart of one of Britain's arch colonialist enterprises Extensively illustrated *The India Museum Revisited* provides a full examination of the museum's founding manifesto and evolving ambitions It surveys the contents of its multifaceted collections with respect to materials their manufacture and original functions on the Indian subcontinent as well as the collectors who gathered them and the manner in which they were mobilized to various ends within the museum From this integrated treatment of documentary and material sources a more accurate rounded and nuanced picture emerges of an institution that contributed in major ways over a period of 80 years to the representation of India for a European audience not only in Britain but through the museum's involvement in the international exposition movement to audiences on the continent and beyond

Music and Musicians in Late Mughal India Katherine Butler Schofield, 2023-11-23 Based on a vast virtually unstudied archive of Indian writings alongside visual sources this book presents the first history of music and musicians in late Mughal India c 1748 1858 and takes the lives of nine musicians as entry points into six prominent types of writing on music in Persian Brajhasha Urdu and English moving from Delhi to Lucknow Hyderabad Jaipur and among the British It shows how a key Mughal cultural field responded to the political economic and social upheaval of the transition to British rule while addressing a central philosophical question can we ever recapture the ephemeral experience of music once the performance is over These rich diverse sources shine new light on the wider historical processes of this pivotal transitional period and provide a new history of music musicians and their audiences during the precise period in which North Indian classical music coalesced in its modern form

Archiv 72 Weltmuseum Wien Friends , Marginalised Music Lidia Guzy, 2013 4e de couv This volume presents the results of a pioneering anthropological documentation of hitherto unknown traditions of sacred music performed by marginalised musicians and priest musicians of the Bora Sambar region of western Odisha The work is based on ethnographic research in rural regions of western Odisha conducted between the years 2002 2010 The study presents the first documentation of a unique sound culture of India Odisha Local music is analysed as an indigenous theory thus as a crucial medium of religion culture and politics *Gloire des princes, louange des dieux* , 2003
