Critical Essays on Toni Morrison's God Help the Child Alice Knox Eaton,Maxine Lavon Montgomery,Shirley A. Stave,2020-07-23 Contributions by Alice Knox Eaton Mar Gallego Maxine Lavon Montgomery Evelyn Jaffe Schreiber Shirley A Stave Justine Tally Susana Vega Gonz lez and Anissa Wardi In her eleventh novel *God Help the Child* Toni Morrison returned to several of the signature themes explored in her previous work pernicious beauty standards for women particularly African American women mother child relationships racism and colorism and child sexual abuse *God Help the Child* published in 2015 is set in the contemporary period unlike all of her previous novels The contemporary setting is ultimately incidental to the project of the novel however as with Morrison s other work the story takes on mythic qualities and the larger than life themes lend themselves to allegorical and symbolic readings that resonate in light of both contemporary and historical issues *New Critical Essays on Toni Morrison s God Help the Child* Race Culture and History a collection of eight essays by both seasoned Morrison scholars as well as new and rising scholars takes on the novel in a

nuanced and insightful analysis interpreting it in relation to Morrison's earlier work as well as locating it within ongoing debates in literary and other academic disciplines engaged with African American literature. The volume is divided into three sections. The first focuses on trauma both the pain and suffering caused by neglect and abuse as well as healing and understanding. The second section considers narrative choices concentrating on experimentation and reader engagement. The third section turns a comparative eye to Morrison's fictional canon from her debut work of fiction *The Bluest Eye* until the present. These essays build on previous studies of Morrison's novels and deepen readers' understanding of both her last novel and her larger literary output.

Middle Passages and the Healing Place of History Elizabeth Brown-Guillory, 2006. *Middle Passages and the Healing Place of History* Migration and Identity in Black Women's Literature brings together a series of essays addressing black women's fragmented identities and quests for wholeness. The individual essays concern culturally specific experiences of blacks in select African countries, England, the Caribbean, the United States, and Canada. They examine identity struggles by establishing the Middle Passage as the first site of identity rupture and the subsequent break from cultural and historical moorings. In most cases, the authors themselves have migrated from their places of origin to new spaces that present challenges. Their narratives replicate the displacement engendered by their own experiences of living with the complexities of diasporic existence. Their female characters, many of whom participate in multiple border crossings, work to define themselves within a hostile environment. In nearly every essay, the female characters struggle against multiple yokes of oppression, giving voice to what it means to be black, female, poor, old, and alone. The subjects' migrations and journeys are analyzed as attempts to heal the displacement, both physical and psychological, that results from dislocation and relocation from the homeland, imagined variously as Africa. This volume reveals that black women across the globe share a common ground fraught with struggles, but the narratives bear out that these women are not easily divided and that they stand upon each other's shoulders, dispensing healing balms. Black women's history and herstory commingle the trauma that ensued when Africans were loaded onto ships in chains; continues to haunt black women and men too wherever they find themselves in this present moment of the Diaspora.

Hell in Contemporary Literature Rachel Falconer, 2019-07-29. This book explores the idea that modern Western secular cultures have retained a belief in the concept of Hell as an event or experience of endless or unjust suffering.

Toni Morrison's A Mercy Shirley A. Stave, Justine Tally, 2011-08-08. Toni Morrison's ninth novel *A Mercy* has been received with much acclaim by both the critical and lay reading public. Hailed as her best novel after the award-winning *Beloved*, most critics to date have concentrated on its setting in the late seventeenth century, a time in which, according to the author herself, slavery was pre-racial, a time before the Terrible Transformation irrevocably linked slavery to skin color or race. Though a slender, easy-to-read novel, *A Mercy* is in fact a richly layered text full of multiple

meanings and possibilities a work of art that has only just begun to be mined for its critical import The present volume is the first to deal with these possibilities presenting a variety of critical approaches that include narrative theory the eco critical the geographical the allegorical the Miltonian the feminist the metaphorical and the Lacanian As such not only is it conceived to enrich the work of Morrison scholars and students but also to illuminate the use of critical theory in elucidating a complex literary text A Mercy clamors for close reading and thoughtful interrogation and promises to reward the perceptive reader

Contested Boundaries Maxine L. Montgomery, 2013-10-03 Contested Boundaries aims to map the space between A Mercy Toni Morrison's ninth and arguably most enigmatic novel and the fiction comprising the author's multiple text canon The volume accomplishes this through the inclusion of eight original essays representing a range of critical approaches that trouble narrative boundaries demarcating the novels included in Morrison's evolving opus with A Mercy serving as a locus for discussion of her refiguration of concerns central to her narrative project Issues relevant to the conflicted mother child relationship the haunting legacy of slavery the black female body as a site of trauma the thorny quest for an idealized home the perilous transatlantic journey the demands associated with love and yes the desire for mercy recur but they do so with a difference a Morrisonian twist that demands close intellectual scrutiny Essays included in this volume are invested in a persistent scholarly investigation of this narrative and rhetorical play The publication of A Mercy represents a climactic moment in Morrison's evolving political consciousness her fictional geography and consequently a shift in the margins marking her multiple text universe The complicated markers of difference figuring in Recitatif and continuing with Paradise and Love culminate in the author's ninth work of fiction This volume ventures to chart that change not for the sake of encoding it but in an effort to open up new ways of interrogating her writing **The Cambridge Companion to Toni**

Morrison Justine Tally, 2007-09-13 Nobel laureate Toni Morrison is one of the most widely studied of contemporary American authors Her novels particularly Beloved have had a dramatic impact on the American canon and attracted considerable critical commentary This 2007 Companion introduces and examines her oeuvre as a whole the first evaluation to include not only her famous novels but also her other literary works short story drama musical and opera her social and literary criticism and her career as an editor and teacher Innovative contributions from internationally recognized critics and academics discuss Morrison's themes narrative techniques language and political philosophy and explain the importance of her work to American studies and world literature This comprehensive and accessible approach together with a chronology and guide to further reading makes this an essential book for students and scholars of African American literature **Toni**

Morrison and the Bible Shirley A. Stave, 2006 This collection of essays critically interrogates Toni Morrison's use of the Bible in her novels examining the ways in which the author plays on the original text to raise issues of spirituality as it affects race gender and class Ideal for courses on Morrison or on explorations of the intersection of religion and literature this collection treats its topic with sophistication considering religion in its broadest possible sense and examining syncretic

theologies as well as mainstream religions in its attempt to locate Morrison's work in a spiritual theological nexus Gloria Naylor Charles E. Wilson Jr.,2001-05-30 In each of her five novels Gloria Naylor invites the reader to join her characters in their journeys to move beyond established boundaries and embrace an increasingly diverse society With lucid analyses of each work this Critical Companion helps readers comprehend how Naylor successfully links the trials of her African American characters to the struggles of human beings at variance with seemingly insurmountable obstacles Insights into Naylor's own struggles and successes are provided in a richly drawn biographical chapter which incorporates fresh materials from a recent interview conducted for this book Naylor's place within the larger framework of the African American narrative traditions is considered as well Beginning with a full chapter on Naylor's debut success *The Women of Brewster Place* 1982 the literary components of each novel are examined *Linden Hills* 1985 *Mama Day* 1988 *Bailey's Cafe* 1992 and *The Men of Brewster Place* 1998 In addition to a comprehensive plot synopsis character portraits and thematic discussions given for each all works are carefully related to their historical contexts By understanding the extent to which seminal events such as the Great Migration and the ushering in of the Civil Rights Movement serve as the background for Naylor's works readers can better appreciate them Throughout the text particularly in the alternate critical readings provided all terms and concepts are clearly explained for the student and the general reader A select bibliography cites biographical sources interviews reviews criticism and related works of interest Twentieth-Century and Contemporary American Literature in Context Linda De Roche,2021-06-04 This four volume reference work surveys American literature from the early 20th century to the present day featuring a diverse range of American works and authors and an expansive selection of primary source materials Bringing useful and engaging material into the classroom this four volume set covers more than a century of American literary history from 1900 to the present *Twentieth Century and Contemporary American Literature in Context* profiles authors and their works and provides overviews of literary movements and genres through which readers will understand the historical cultural and political contexts that have shaped American writing *Twentieth Century and Contemporary American Literature in Context* provides wide coverage of authors works genres and movements that are emblematic of the diversity of modern America Not only are major literary movements represented such as the Beats but this work also highlights the emergence and development of modern Native American literature African American literature and other representative groups that showcase the diversity of American letters A rich selection of primary documents and background material provides indispensable information for student research Chaucer's Afterlife Kathleen Forni,2013-03-13 This study explores Chaucer's present day cultural reputation by way of popular culture In just the past two decades his texts have been adapted to a wide variety of popular genres including television stage comic book hip hop science fiction horror romance and crime fiction This cultural recycling involves a variety of functions but Chaucer's primary association is with the idea of pilgrimage and the prevailing tenor is populist satire The target is not only cultural elitism but also the dominant discourse of

professional Chaucerians Academics in turn may have doubts about the value of popular Chaucer popular culture theory however would maintain that such skepticism has less to do with critical discrimination than the assertion of social distinction Nonetheless the fact that Chaucer has a popular afterlife and remains an ideological product over which competing groups lay claim attests to his current cultural vitality **South Atlantic Review** ,2003 **The Utopian**

Aesthetics of Three African American Women (Toni Morrison, Gloria Naylor, Julie Dash) Heike

Raphael-Hernandez,2008 This work offers a connection between the concrete utopian theory of hope by the Gennan Jewish philosopher Ernst Bloch and the literary productions of contemporary African American women writers The study argues that these literary texts should be read as concrete utopias outlined in Bloch s major work The Principle of Hope Bloch argues that when people become consciously aware of the dialectical tendencies in concrete utopias will they recognize the possibilities first for their own personal empowerment and then for their communities As a result of their conscious awareness readers will be able to perceive the visions of the texts and will begin to actively dream of becoming agents for change themselves The study claims that most texts by contemporary African American women writers such as Alice Walker Toni Cade Bambara Gloria Naylor Ntozake Shange Toni Morrison Gayl Jones Paule Marshall Sherley Anne Williams Bebe Moore Campbell and Terry McMillan provide concrete utopian visions An application of Bloch s theory to these writers enriches a reading of their texts and demonstrates that art is the medium that will remind people of their constant never ending responsibility for personal agency
