**Anna Letitia Barbauld and Eighteenth-Century Visionary Poetics** Daniel P. Watkins,2012-04-16 In this first critical study of Anna Letitia Barbauld s major work Daniel P Watkins reveals the singular purpose of Barbauld s visionary poems to recreate the world based on the values of liberty and justice Watkins examines in close detail both the

form and content of Barbauld's Poems originally published in 1773 and revised and reissued in 1792. Along with careful readings of the poems that situate the works in their broader political, historical, and philosophical contexts, Watkins explores the relevance of the introductory epigraphs and the importance of the poems' placement throughout the volume. Centering his study on Barbauld's effort to develop a visionary poetic stance, Watkins argues that the deliberate arrangement of the poems creates a coherent portrayal of Barbauld's poetic, political, and social vision, a far-sighted sagacity born of her deep belief that the principles of love, sympathy, liberty, and pacifism are necessary for a secure and meaningful human reality. In tracing the contours of this effort, Watkins examines in particular the tension in Barbauld's poetry between her desire to engage directly with the political realities of the world and her equally strong longing for a pastoral world of peace and prosperity. Scholars of British literature and women writers will welcome this important study of one of the eighteenth century's foremost writers.

**The Way of Peace** James Allen, Henry Thomas Hamblin, 2019-10-11. The Way of Peace is an early self-help book by British writer James Allen. Self-help books aim to help the reader with problems, offering them clear and effective guidance on how obstacles can be passed and solutions found, especially with regard to common issues and day-to-day life. Such books take their name from the 1859 best-selling *Self-Help* by Samuel Smiles and are often also referred to as self-improvement books. This particular self-help book concentrates on attaining inner peace and will be of considerable utility to those looking for life guidance in this respect. James Allen (1864-1912) was a British writer most famous for his inspirational poetry and work as well as an early leader of the self-help movement. *As a Man Thinketh* (1903) his best-known work has been a significant source of inspiration for many self-help authors. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition, complete with an Essay from *Within You is the Power* by Henry Thomas Hamblin.
