GLORIETA

THE GETTYSBURG OF THE WEST

BY ROBERT SCOTT

Glory Glory Glorieta The Gettysburg Of T

LP Steffe

Glory Glory Glorieta The Gettysburg Of T:

Glory, Glory, Glorieta Robert Scott,1992 **Continental Reckoning** Elliott West,2023-02 Elliott West lays out the main events and developments that together describe and explain the emergence of the American West and situates the birth of the West in the broader narrative of American history between 1848 and 1880 New Mexico Historical Review Lansing Bartlett Bloom,Paul A. F. Walter,1995 **The Civil War Round Table** Civil War Round Table (Chicago, Ill.),1991

Current Contents. Arts & Humanities Institute for Scientific Information,1994 *Books in Print* ,1977 *Altogether Fitting and Proper* Timothy B. Smith,2024-01-12 At last the preservation of Civil War battlefields has received a comprehensive and critical historical treatment *Altogether Fitting and Proper* combines a detailed accounting of federal state and private activity with an instructive critique of the role post Civil War racism played in affecting and influencing various preservation efforts Tim Smith reminds us in very concrete ways of the malleable nature of Civil War memory Dwight T Pitcaithley New Mexico State University In the century and a half since the Civil War various entities both private and public have earnestly sought to safeguard the legacy of that seismic conflict through the preservation of its battlefields In *Altogether Fitting and Proper* a title taken from Lincoln s Gettysburg Address Timothy B Smith provides the most comprehensive synthesis ever written of the long often fraught history of those preservation efforts which began even as the war was still raging and have continued up through the present day Smith traces the story of battlefield park establishment from the war and the Reconstruction era through the Golden Age of Preservation at the turn of the century to the New Deal period and well beyond He pays close attention to the evolution of public policy as the creation and oversight of parks shifted from the War Department to the National Park Service and explores the evolving ways in which the Civil War has been remembered over the years most significantly with regard to its causes slavery and race While Smith s primary focus is on the famous national parks Gettysburg Shiloh Antietam Chickamauga and others he also examines the endeavors of state and local governments as well as an assortment of private organizations to establish parks and monuments for lesser known battle sites The ongoing conflicts between preservationists and commercial developers form another key element of the narrative As Smith makes clear the story of battlefield preservation is in many ways a story of people from Civil War veterans like Henry Boynton the Medal of Honor winner who oversaw the development of the first national military park at Chickamauga to Jim Lighthizer the president of the Civil War Trust the private charitable organization spearheading the twenty first century preservation movement In their dedication to this particular cause such individuals and the groups they represent have kept a central event in American history alive in our collective memory TIMOTHY B SMITH who teaches history at the University of Tennessee at Martin is the author of numerous books on the Civil War and its battlefields including *This Great Battlefield of Shiloh A Chickamauga Memorial* and *The Golden Age of Battlefield Preservation* all published by the University of Tennessee Press *The Enduring Civil War* Gary W. Gallagher,2020-09-02 In the seventy

three succinct essays gathered in *The Enduring Civil War* celebrated historian Gary W. Gallagher highlights the complexity and richness of the war from its origins to its memory as topics for study, contemplation and dispute. He places contemporary understanding of the Civil War both academic and general in conversation with testimony from those in the Union and the Confederacy who experienced and described it, investigating how mid nineteenth century perceptions align with or deviate from current ideas regarding the origins, conduct and aftermath of the war. The tension between history and memory forms a theme throughout the essays, underscoring how later perceptions about the war often took precedence over historical reality in the minds of many Americans. The array of topics Gallagher addresses is striking. He examines notable books and authors, both Union and Confederate military and civilian, famous and lesser known. He discusses historians whose names have receded with time, produced works that remain pertinent in terms of analysis or information. He comments on conventional interpretations of events and personalities, challenging among other things commonly held notions about Gettysburg and Vicksburg as decisive turning points, Ulysses S. Grant as a general who profligately wasted Union manpower, the Gettysburg Address as a watershed that turned the war from a fight for Union into one for Union and emancipation, and Robert E. Lee as an old fashioned general ill suited to waging a modern mid nineteenth century war. Gallagher interrogates recent scholarly trends on the evolving nature of Civil War studies, addressing crucial questions about chronology, history, memory and the new revisionist literature. The format of this provocative and timely collection lends itself to sampling and readers might start in any of the subject groupings and go where their interests take them.

Forthcoming Books

Rose Army, 1998-04 [Civil War Monuments and Memory](#) Jon Tracey, Chris Mackowski, 2022-09-06

The American Civil War left indelible marks on the country. In the century and a half since the war, Americans have remembered the war in different ways. Veterans placed monuments to commemorate their deeds on the battlefield. In doing so, they often set in stone and bronze specific images in specific places that may have conflicted with the factual historical record. Erecting monuments and memorials became a way to commemorate the past, but they also became important tools for remembering that past in particular ways. Monuments honor, but they also embody the very real tension between history and the way we remember that history, what we now today call memory.

Civil War Monuments and Memory: Favorite Stories and Fresh Perspectives from the Historians at Emerging Civil War explores some of the ways people monumented and memorialized the war and how those markers have impacted our understanding of it. This collection of essays brings together the best scholarship from Emerging Civil War's blog symposia and podcast, all of it revised and updated, coupled with original pieces designed to shed new light and insight on the monuments and memorials that give us some of our most iconic and powerful connections to the battlefields and the men who fought there.

Civil War, 1996 **Arts & Humanities Citation Index**, 1997 *America, History and Life*, 2001

Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide.
