Glory Seekers:

Musings of an Immigrant Seeker Gerald Knull,2003-09 Vainglory Rebecca Konyndyk DeYoung,2014-12-03

Vainglory a keen desire for attention and approval Although contemporary culture has largely forgotten about vainglory it was on the original list of seven capital vices and is perhaps more dangerous than ever today DeYoung tells the story of this vice moving from its ancient origins to its modern expressions She defines vainglory gives examples from popular culture and discusses other vices associated with it such as hypocrisy and boasting She then explores personal spiritual practices that can help us resist it and community practices that can help us handle glory well **Masterminds and Wingmen** Rosalind Wiseman,2014-07-29

A landmark book that reveals the way boys think and that shows parents educators and coaches how to reach out and help boys overcome their most common and difficult challenges by the bestselling author who changed our conception of adolescent girls Do you constantly struggle to pull information from your son student or athlete only to encounter mumbling or evasive assurances such as It s nothing or I m good Do you sense that the boy you care about is being bullied but that he ll do anything to avoid your help Have you repeatedly reminded him that schoolwork and chores come before video games only to spy him reaching for the controller as soon as you leave the room Have you watched with frustration as your boy flounders with girls Welcome to Boy World It s a place where asking for help or showing emotional pain often feels impossible Where sports and video games can mean everything but working hard in school frequently earns ridicule from the guys even as they ask to copy assignments Where masterminds dominate and friends ruthlessly insult each other but can never object when someone steps over the line Where hiding problems from adults is the ironclad rule because their involvement only makes situations worse Boy world is governed by social hierarchies and a powerful set of unwritten rules that have huge implications for your boy s relationships his interactions with you and the man he ll become If you want what s best for him you need to know what these rules are and how to work with them effectively What you ll find in Masterminds and Wingmen is critically important for every parent or anyone who cares about boys to know Collaborating with a large team of middle and high school age editors Rosalind Wiseman has created an unprecedented guide to the life your boy is actually experiencing his on the ground reality Not only does Wiseman challenge you to examine your assumptions she offers innovative coping strategies aimed at helping your boy develop a positive authentic and strong sense of self **Trames** ,2006 **Lost Arts of War:** Dr. Haha Lung,2011-10-24

Krause, Mary Ann McGrail, 2009-01-16 Two generations of students inspired by Harvey Mansfield come together here to demonstrate how their diverse approaches illuminate the topic of the arts of rule and speak to the wide scope of Mansfield's contributions The essays collected here cover both ancient and modern ground The first section covers topics such as Xenophon's question of what it is to be a gentleman Aristotle's view of friendship Montaigne's account of the highest good and Montesquieu's elevation of modesty The second section engages Machiavelli's political theory and its influence on subsequent thinkers such as Bacon Hobbes and Hume Authors in the third section examine the sources conditions and practices of freedom in the context of modern politics drawing on writers from Shakespeare to Tocqueville to shed light on contemporary debates The arts of rule cover the exercise of power by princes and popular sovereigns but they range beyond the domain of government itself extending to civil associations political parties and religious institutions Artful rule both directs the use of authority toward a specific end and posits a more comprehensive vision of the best way of life for human beings Making full use of political philosophy and benefiting from a range of backgrounds this collection recognizes that although the arts of rule are comprehensive the best government is a limited one

War in a Bottle Dr. Joseph Luxum, 2012-07-10 The Supernatural Power of Peace. All people contain DNA. Recent studies have revealed that genes remember the past and to a certain extent can influence the present. The environment in which we live influences not only the development of our psyche but also the overall disposition in which genes play a larger role than previously thought. In Matthew 5:9 Jesus declared, "Blessed are the peacemakers, for they will be called sons of God." Just as the Word suggests, it is not the war makers that are blessed but the peacemakers. Whatever we scarcely pay attention to as being unattractive and not dramatic enough to grab our attention, God chose to astound the world. First Corinthians 1:25 says, "The foolishness of God is wiser than men, and the weakness of God is stronger than men." This book deals with the supernatural nature of peace, which actually heals and restores. More than ever before, the modern lifestyle robs us of peace as a result; people seek an escape from stress. Some find it in chemical substances, others in time off, relaxation or meditation. But there is a peace that surpasses human understanding. Like walking firebombs which are bottles filled with petrol, ready to go off, some people go through life without any purpose. As the title of this book suggests, the bottle must be emptied of all flammable.

substances for only then one will find the much sought after commodity which is the healing and restoring power of peace
