**The First and Second Letters to Timothy** Jerome D. Quinn, William C. Wacker, 2000 The inaugural volume of the ECC series provides a fresh readable translation of 1 and 2 Timothy together with notes and commentary on this highly relevant section of Scripture The Notes section of the commentary offers detailed philological analysis of the majority of the words used in these two Pastoral Epistles The Comment section guides readers through the complex theological historical and practical issues facing the heirs of Paul in the Christian church The issues treated in 1 and 2 Timothy have a remarkably modern ring to them Addressing such contemporary topics as the qualifications for church leadership the roles of women the use of wealth heterodoxy worship and ethics these Pauline letters remain highly relevant to church life today This new volume not only offers the best of current biblical scholarship on Paul's letters to Timothy but also demonstrates the high standard of excellence marking the ECC series

For Liberty and the Republic Ricardo A. Herrera, 2017-12-05 In the early decades of the American Republic American soldiers demonstrated and defined their beliefs about the nature of American republicanism and how they as citizens and soldiers were participants in the republican experiment through their service In For Liberty and the Republic Ricardo A Herrera examines the relationship between soldier and citizen from the War of Independence through the first year of the Civil War The work analyzes an idealized republican ideology as a component of soldiering in both peace and war Herrera argues that American soldiers belief system the military ethos of republicanism drew from the larger body of American political thought This ethos illustrated and informed soldiers faith in an inseparable connection between bearing arms on behalf of the republic and earning and holding citizenship in it Despite the undeniable existence of customs organizations and behaviors that were uniquely military the officers and enlisted men of the regular army states militias and wartime volunteers were the products of their society and they imparted what they understood as important elements of American thought into their service Drawing from military and personal correspondence journals orderly books militia constitutions and other documents in over forty archives in twenty three states Herrera maps five broad interrelated and mutually reinforcing threads of thought constituting soldiers beliefs Virtue Legitimacy Self governance Glory Honor and Fame and the National Mission Spanning periods of war and peace these five themes constituted a coherent and long lived body of ideas that informed American soldiers sense of identity for generations

The Divine Heartset Crispin Fletcher-Louis, 2023-11-21 The fruit of a decade's research this volume offers a new interpretation of the dense Christological narrative in Philippians 2:6-11 taking inspiration from recent advances in our understanding of the letter's Greek and Roman setting and from insights made possible by recently created linguistic databases such as TLG and PHI The passage's praise of Christ engages the language of Hellenistic ruler cults Platonic metaphysics and moral philosophy popular Homeric beliefs about the gods and Greek love eros to articulate a scripturally grounded theology in which God is revealed to be one in two persons God the Father and LORD Jesus Christ The volume also explores hitherto unseen ways in which the central Christ

Hymn is tightly connected to the rest of Paul's argument. The hymn presents Christ as an epitome of the ideals of Greek and Roman virtue to support Paul's summoning his readers to a life of praiseworthy and exemplary civic conduct in 1:27. New or recently proposed translations are advanced for numerous words and phrases in e.g. 1:8, 11:27, 2:3, 4:6, 11:3, 2:4 and a new non-Stendahlian approach to Paul's boasting in 3:4, 6 that is Christological rather than biographical is put forward. **The Conclusion of the New Testament (1)**

Witness Lee, In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set, Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life, nourishment, or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

**I Am Who I Am** Binu Edathumparambil, 2017-01-11. The mystery of God has fascinated people of all generations. Based on what has been revealed, people have tried to define, describe, and depict him in the way they deemed fit. But he has proved himself to be bigger than all human classifications. He continues to reveal himself to us in ways that we sometimes least expect. He becomes so small that we can understand and experience him according to who we are and what capacity we have. But he is so big that he is beyond all our imaginations and fantasies. Author Binu Edathumparambil considers God as an inevitable component in the triangular model of life that he suggests for our lives. A

healthy and happy life according to Edathumparambil is one that is lived in communion with God and others This book specifically focuses on the mystery of God and his place in the triangular model of life It is about what our forefathers experienced in the past and what we experience today It is also about how our understandings and experiences of God shape our lives as individuals and communities

**About Face** Christopher L. Flanders, 2011-03-07 For Thais face is a fact writes Flanders However whether in theology evangelism or issues involving sin salvation or atonement Thai Christians and missionaries alike seem either uninterested in or possibly incapable of addressing issues related to face This glaring incongruity between the value of face for Thais and the lack of intentional engagement within the Thai Christian community is deeply troubling Surely such a lack of careful attention to face is a dangerous posture Uncritical views of face furtively attaching to the theology of the Thai church are potentially detrimental for its life and mission Such seems to be an unavoidable situation without proper attention to face Additionally to ignore face is to run the risk of missing valuable cultural resources implicit in the Thai experience of face for the critical task of authentic Thai theological reflection This lack of engagement with face raises critical issues with which we must wrestle How is it that such a central sociocultural issue has not been a more significant part of the Thai Christian vocabulary or experience How pervasive are these negative attitudes regarding face What lies behind them Might this lack of self conscious engagement with face have any relationship to the persistent Thai perception of Christianity as a foreign Western religion How should Christians understand this notion of face and how it relates to the ways we understand and proclaim the gospel

Gospel means good news Jews would associate this good news with Isaiah 52 7 Non Jews would think of the good news of an emperor s accession to power birthday visit to a city military victory or bringing of prosperity to the empire But Mark s good news has to do with the salvation and victory brought by Jesus over evil in all its demonic and physical forms The gospel of Jesus Christ therefore means the gospel about Jesus Christ and refers to a proclaimed message the voice of one crying out not a book though because books like Mark s contain that proclaimed message the term came to refer to those books in the capitalized form of Gospels to distinguish them from the message kept uncapitalized as gospel **Is Praise What You Do?**
